CUT YOUR WEEDS.

To the General Public on the proposition of mowing weeds:

I have been requested by several farmers who have taken the pains to mow the weeds in the public highway about their places, to enforce the law and compel others to mow the weeds. Upon examination of section 6181 Cobbey's statute of 1909 you will find that it is the duty of the road overseer to have this done, in case the owner refuses to do it, and have the same charged against the property as an assessment, in other words, a tax against the real estate.

In case the road overseer fails to do this duty after being so requested by any resident of the road district, then it becomes the duty of the county attorney to prosecute the road overseer who shall pay a fine of not less than \$10 nor more than \$50.

This I will surely do, and no road overseer should have any preference of men, neither as to their standing or financial condition. I make this public statement so as that all road overseers may understand the law.

N. T. GADD,
County Attorney.

Stock Markets.

South Omaha, Aug. 25, 1909.

There has been a very good run of cattle here this week, but very few cornfeds have been included in the supply. Top for the week is \$7.50, the highest price of the season. Top today is \$7.35. Beef steers are generally 10 to 15c lower than the close last week; in fact, all classes are materially lower this week. Crop conditions are still not very bright, which will no doubt have more or less effect on the feeder inquiry. Rains are needed badly, and should come soon to insure a full yield of corn.

The hog market today is 5 to 10c higher. The bulk sold at \$7.55, \$7.80; top \$7.95.
