The Best Kind Of Life Insurance

is health insurance. The best way to insure the health of your family when any member gets in a "run-down" condition, is to use a tonic that removes the cause of the ill-health. Such a tonic is

DR. D. JAYNE'S TONIC VERMIFUGE

A "run down" condition is generally due to the failure of the digestive organs to properly digest the food. Dr. D. Jayne's Vermifuge tones up the digestive organs so that they supply the body with proper nourishment, and in this way bring about lasting health. Ordinary tonics simply supply food material in predigested form, and consequently are only effective as long as the tonic is taken.

Sold by all Druggists—two sizes, 50c and 35c.

Dr. D. Jayne's Expectant has been relieving and curing Coughs, Colds, and similar ailments for nearly four generations.

BACKACHE IS KIDNEYACHE.

Usually There Are Other Troubles to Prove It.

Pain in the back is pain in the kidneys, in most cases, and it points to the need of a special remedy to remove and cure the congestion or inflammation of the kidneys that is interfering with their work and causing that pain that makes you say: "Oh, my back."

Thompson Watkins, professional nurse, 420 N. 23rd St., Parsons, Kan., says: "For some time I was annoyed with sharp twinges across the small of my back and irregular passages of the kidney secretions. Since using Doan's Kidney Pills, I am free from these troubles."

Remember the name—Doan's. Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

New Geyser in Yellowstone Park.

For a few days past there have been indications of an eruption of some kind near the Fountain hotel in Yellowstone park, says a dispatch from Mammoth Hot Springs, Wyo. Now a new and magnificent geyser has broken out in full force about 100 feet north of the regular Fountain geyser near Fountain hotel. This new geyser, which does not appear to affect any of the others in that vicinity, played to a height of 150 to 200 feet, throwing off immense quantities of hot water, mud and steam. The new geyser does not play regularly as does Old Faithful, but at short intervals, the eruptions occurring five or six hours apart, and lasting about one hour.

Many Were in the Same Boat.

According to the Saturday Evening Post, this is a story heard with much glee by congress during the last days of the Roosevelt administration:

During the recent cold spell in Washington, a man, shivering and ragged, knocked at the door of a K street house and said to the lady: "Please, madam, give me something to eat. I am suffering severely from exposure."

"You must be more specific," the lady replied. "Are you a member of the senate or of the house?"

In the Beginning.

"Yours is certainly an unusual case," said the lawyer, "and it will be necessary to consult a number of books."

"So?" queried the client.

"Yes," answered the legal light, "and we will begin with your pocket-book."

A Ready Explanation.

"What is the reason you were so late in discovering the north pole?"

"Well," answered the explorer, "you see they have such long nights in the arctic regions that I overslept."

A BANKER'S NERVE

Broken by Coffee and Restored by Postum.

A banker needs perfect control of the nerves, and a clear, quick, accurate brain. A prominent banker of Chattanooga tells how he keeps himself in condition:

"Up to 17 years of age I was not allowed to drink coffee, but as soon as I got out in the world I began to use it and grew very fond of it. For some years I noticed no bad effects from its use, but in time it began to affect me unfavorably. My hands trembled, my mental processes seemed slow and in other ways my system got out of order. These conditions grew so bad at last that I had to give up coffee altogether. My attention having been drawn to Postum, I began its use on leaving off the coffee, and it gives me pleasure to testify to its value. I find it a delicious beverage; like it just as well as I did coffee, and during the years that I have used Postum I have been free from the distressing symptoms that accompanied the use of coffee. The nervousness has entirely disappeared, and I am as steady of hand as a boy of 25, though I am more than 92 years old. I owe all this to Postum."

"There's a Reason." Read the little book, "The Road to Wellville," in pkgs. Grocers sell.

NEBRASKA NEWS AND NOTES.

Items of Interest Taken From Here and There Over the State.

Several farmers near Sargeant have reported cattle dying in the corn stalks.

Ten requests for teachers came to the office of the Peru normal school in one day. Calls are coming in daily from Nebraska, Oklahoma, California, Kansas, Missouri and other states.

Corn huskers want 5 cents a bushel for picking corn in the vicinity of Wyoming, and they claim it will be hard work making living wages at that. The yield in that vicinity will run about fifteen to eighteen bushels per acre.

To his father, as his next best friend, the Burlington Railroad company paid the sum of \$800 to Edmund Hodgson of Grand Island, the 8-year-old child, who recently was run over by a freight car and who lost part of an arm and part of a leg.

Without a relative in the world, M. Gregorian, an Armenian, who came to Madison county twenty-six years ago, and who by day labor saved \$4,000, died recently and willed his money to three hospitals, two in New York City and one in Omaha.

Annie Griffin, the Chicago young woman who jabbed Chief of Police Peterson of Fremont with a hatpin three or four weeks ago, was found by the insanity commission to be a fit subject for treatment at the asylum at Lincoln.

One of the largest and most successful breeders' sales this season was held in York county on the Cedar Bank farm. This was a sale of pure bred Poland-Chinas that sold as high as \$110.

Milwaukee (Wis.) dispatch: Nebraska university won the first in the judging contest at the dairy show here, taking three trophies. W. Forbes won first in the individual contest.

The State Normal Glee club has made arrangements to sing at the State Teachers' association at Lincoln in November. They have also agreed to give programs at several places on the way back.

There is an excellent opportunity for a laundryman at Albion. There is a laundry equipped for business, but the proprietor met with a serious accident last spring, and since then all work has been shipped away.

The Western Seed Irrigation company of Fremont has 2,000 pounds of cucumber seeds harvested from 152 acres in the vicinity of Albion. The company contracts with the farmers and pays 22 cents per pound harvested, or 10 cents per pound just for the growing. In the fall boys are hired to pick them up at \$1.75 a day.

The threshing engine and separator of T. L. Eggart went through a bridge on Turkey creek near De Witt. The engine was pinned under the bridge when it fell to the bottom of the creek, but fortunately he suffered only bruises on the legs and arms. The machinery was damaged to the extent of \$600.

Horse thieves made a big haul in Grand Island, when they secured two teams of heavy draft horses, one from John Tilley and one from Mr. Marc and taking a harness from the Grand Island Electric company stables and a wagon from another barn. The two teams were valued at \$500 and \$400 each and the total value of the property is over \$1,000.

Willie Higsti of Milford, 15 years old, shot off the head of Herman Kurz, 17 years old, following a dispute over which could hulk the most corn. Kurz pointed his gun at the Highest boy. The latter raised his own weapon and fired. Half the youth's head was blown off by the charge of shot and death was instantaneous. The Highest boy claims he supposed the gun was unloaded.

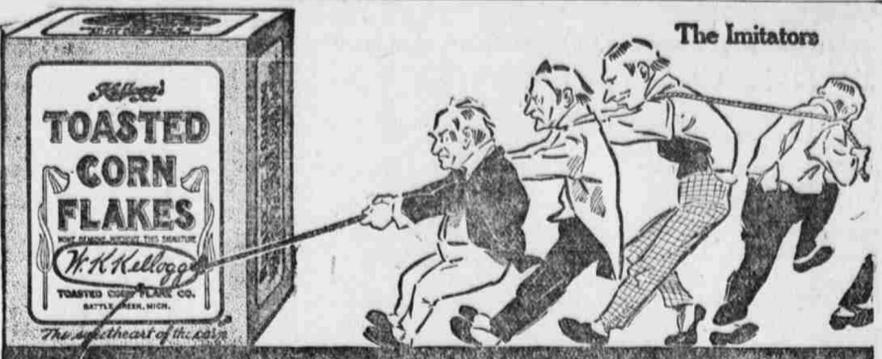

Pawnee and Nemaha counties which were not by any means the winners in the county collective agricultural contest at the Nebraska state fair, took their exhibit to the Missouri Valley fair at Kansas City, Mo., and won first and second places in the agricultural contest. The two counties brought away a total of \$850 in cash prizes. Pawnee county won the first prize of \$400 in the county collective exhibit and Nemaha county won second prize, \$250.

The beds of silica sand near Beaver City comprising several hundred acres, have been opened and the sand is being shipped in carload lots to Cambridge, Mass., where it will be used by a large manufacturing concern, but for what purpose has not been disclosed. These beds of silica have been known for years. In 1892 options were secured upon them by a large concern at Cleveland, O., and several carloads were shipped east, it was claimed to polish glass.

Among those who will speak at the National Corn Show in Omaha are Gifford Pinchot, chief forester in the department of the interior; Willet M. Hays, assistant secretary of agriculture; the governors of Nebraska, Colorado, Missouri and North Dakota; James J. Hill, builder of the Great Northern and head of a railroad empire; presidents, deans and professors of the state universities and agricultural colleges of Nebraska, Kansas, Missouri, Iowa, the Dakotas and Illinois.

D. J. W. Kalkus, who has been located in Nebraska City for some time, has been tendered and has accepted the position of state veterinarian for the state of Washington and the chair of pathology in the state university.

Isaac Troyer, the Wymore man arrested several days ago for alleged bootlegging, was arraigned and pleaded not guilty. His bond was fixed at \$500 and being unable to furnish same was remanded to the county jail. Troyer claims that there are others in the deal and threatens to "start something" when the proper time comes.

They Can't Budge It

No amount of force or persuasion on the part of the imitators is great enough to even budge it from its present firm hold on the minds of the people. This has been emphatically demonstrated several times during the past few years. Imitations have come and gone, but Kellogg's goes on with an ever increasing demand. This proves that the people won't be fooled by inferior quality. They know the goodness of Kellogg's—and they invariably come back to it. Try it yourself today. At all Grocers.

\$1,000 GOLD AND SILVER TROPHY for the BEST EAR OF CORN

to be known as W. K. Kellogg National Corn Trophy to be given at the National Corn Exposition, OMAHA, NEB., December 6th to 18th, 1909. For the purpose of encouraging the better breeding in corn for improving the quality, W. K. Kellogg, President of the Toasted Corn Flake Co., offers a \$1,000.00 beautiful solid gold and silver trophy to the person growing the best ear of corn in two different seasons. The first season a specimen to be sent to the National Corn Exposition, Omaha, Neb., before November 27th, 1909. This offer is open to every man, woman and child in the United States. It will be judged by the leading corn authority of the world, Prof. P. G. Holden. Watch this paper for further particulars.

LEWIS' "SINGLE BINDER."

A hand-made cigar fresh from the table, wrapped in foil, thus keeping fresh until smoked. A fresh cigar made of good tobacco is the ideal smoke. The old, well cured tobacco used are so rich in quality that many who formerly smoked 10c cigars now smoke Lewis' Single Binder Straight 5c. Lewis' Single Binder costs the dealer some more than other cigars, but the higher price enables this factory to use extra quality tobacco. There are many imitations; don't be fooled. There is no substitute! Tell the dealer you want a Lewis' "Single Binder."

Joke Medicine.

He is a very practical, serious-minded man of business. The other day he met a friend, and related to him an alleged joke, and at its conclusion laughed long and heartily.

The friend looked awkward for a moment, and then said:

"You'll have to excuse me, old man, but I don't see the point."

"Why, to tell you the truth, I don't just see the point myself. But I've made it a rule to laugh at all jokes; I think it's good for the health."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM...it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

The highest medical authority on foods,

Sir James Crichton Browne, LL. D.—F. R. S. of London,

gives the best reasons for eating more

Quaker Oats

In an article published in the Youth's Companion of September 23rd, 1909, Dr. Browne, the great medical authority on foods, says, about brain and muscle building—

"There is one kind of food that seems to me of marked value as a food to the brain and to the whole body throughout childhood and adolescence (youth), and that is oatmeal.

"Oats are the most nutritious of all the cereals, being richer in fats, organic phosphorus and lecithins."

He says oatmeal is gaining ground with the well-to-do of Great Britain. He speaks of it as the mainstay of the Scottish laborer's diet and says it pro-

duces a big-boned, well-developed, mentally energetic race. His experiments prove that good oatmeal such as Quaker Oats not only furnishes the best food for the human being, but eating it strengthens and enlarges the thyroid gland—this gland is intimately connected with the nourishing processes of the body.

In conclusion he says—

"It seems probable therefore that the bulk and brawniness of the Northerners (meaning the Scotch) has been in some measure due to the stimulation of the thyroid gland by oatmeal porridge in childhood."

The Scotch eat Quaker Oats because it is the best of all oatmeals.

Good to Her Husband.

"George, dear," said Mrs. Dovekins, who had come downstairs in time to pour the coffee, "I'm going to walk to the car with you this morning. Aren't you glad?"

"Very glad, indeed, lovey. It's so nice of you to think of me and to get up early for the purpose of making it unnecessary to walk those dismal three blocks alone. How much do you want?"

How She Knew.

The cartoonist's wife was talking to a friend.

"I just know Fred didn't want to work at the office last night," she said.

"Why, how do you know?" was asked.

"Because in his sleep he said: 'Well, I'll stay, but I don't want to draw.'—Lippincott's Magazine.

A French Scholar.

As William bent over her hair face he whispered: "Darling, if I should ask you in French if I might kiss you, what would you answer?"

She, calling up her scanty knowledge of the French language, exclaimed, "Billet doux."—The Bits.
