The law of gravitation has been sustained and vindicated near Gravity, Iowa. A "shiverer" party enlivened the festivities by running a steam thresher around the bridal party's house and tooting the whistle. They gyrated once too often. The machine broke the platform over a well and gravitated to the bottom.

Steam threshers cost money, and the gravity of the situation near Gravity is made more grave because of difficulty in raising the machine from its grave in the gravel.—St. Joseph News-Press.

Fred Weesner, of Dunning, came in Monday morning and transacted business with our merchants.

Most of our advertisers are taking a rest this week, but business continues to go on. The only time to stop advertising is when you quit business.

Considerable space this week is given to the publication of the supervisors' proceedings.

L. P. Johnson, of Elsmere, transacted business here Monday.

Enumerators' Test Easy.

Washington, D. C., Dec. 27, 1909. Any person of good judgment, who has received an ordinary common school education, can readily and easily pass the test to be given applicants for Census enumerators' places on Saturday February 5th, the date finally set for U. S. Census Director Durand, according to an announcement from the Census Bureau today. This will be a comforting assurance to the several hundred thousand who are believed to be contemplating application for the places.

It was emphatically stated at the bureau that the test will be an eminently reasonable and practical one, similar to that applied to applicants at the Twelfth Census. It will consist of filling out a sample schedule of population from a description, in narrative form, of typical families, and in the case of enumerators whose work will be in the rural districts, they will be called upon to fill out an additional sample schedule of agriculture, from information furnished by the Census Bureau.

All persons, whether women or men, who may desire to become Census enumerators must be citizens of the United States; residents of the supervisor's district for which they wish to be appointed; must not be less than 18 nor more than 70 years of age; must be physically able to do the work; must be trustworthy, honest and of good habits; must have at least an ordinary education and must be able to write plainly and with reasonable rapidity.

Those who can comply with these requirements are invited to put in their applications, as there will be at least 68,000 enumerators' places to be filled by the middle of March in preparation for the enumeration beginning April 15th.

Application forms, with full instructions for filling-in, and complete information concerning the test and the method of appointment, can be secured by writing to the supervisor of census for the supervisor's district in which the applicant lives. All applications properly filled-in must be filed with the supervisors not later than January 25th as any received after that date cannot be considered.

Further information may be obtained by addressing Jos. Pigman, Supervisor of Census, Broken Bow Nebraska.

The New York Clipper has the following to say of a former Broken Bow boy, Jack Benjamin:—This company closed a season of forty-seven weeks on Saturday night, Dec. 18. The first forty weeks the company played it had only two losing weeks, one due to weather conditions and the other—well, we just didn't make a hit. Out of the last seven weeks hardly one paid expenses so we are inclined to believe it is not a good season. On the whole the season has netted the manager a nice little fortune, and his success is largely due to an exceptionally clever company of men and women, who never tired in their efforts to please. We have had but one change in the east since organizing and not a rehearsal in thirty weeks. The company is as follows: Ed Beach, Fred Frink, Ralph Griffin, Geo. Havlin, Jim Welsh, Winsor Munnell, Frankie Elliott, May Shannon, Dot Karroll and Jack Benjamin, owner and manager. Mr. Benjamin and most of his company will spend Christmas at their homes, opening again about the first of the year.

Will Start the New Year Right.

Last Thursday evening a very pretty wedding took place at the home of the bride's parents, Mr. and Mrs. Joshua Sheffield south of town.

The parties most concerned at this gathering were Mr. Earl Hammond and Miss Corda Sheffield both of Custer county.

The groom is an energetic young farmer well and favorably known in this community.

The bride is a young lady of many accomplishments, having taught school in this county several terms.

The wedding was solemnized with the ring ceremony by the pastor of the Broken Bow Baptist church in the presence of about thirty guests.

After the ceremony all were seated around a table laden with the many products of Custer county.

Sunday School Revival.

The Revival in the Sunday School is on at the U. B. church and the school has begun to grow in enthusiasm and numbers and they are looking forward to many new members.

Prof. Dietrick's talk Monday night opened up the way in which the Sunday school will endeavor to enroll all the members of the church in Bible study and the committees have been chosen and the contest will prove interesting to the workers as well as to those who are brought into the school as new members.

"The Organized Bible Class and its Activities," "The Trained Work" will be interesting subjects to members of other schools and those who do not attend as well as the U. B. people, and all are invited to attend. All will be interested in the poems that will be quoted from time to time. Sunday will be the last day, and the climax of the Sunday School revival meeting. A big men's meeting will be held at 8 o'clock Sunday afternoon. On next Tuesday night the regular evangelistic service will begin with Rev. Zike in charge.

On Monday night next week Prof. Dietrick will give a lecture-entitled "Age of Man" illustrated with recitations from our best authors. This evening takes a boy from babyhood to old age and then his reflections on life. It is full of wit and humor and good solid sense.

Broken Bow people who were fortunate enough to be present at the opera house Tuesday night enjoyed a rare treat. The bill was Monte Cristo, and was well staged and well acted. It is a pleasure to the management of this justly popular house to give the people satisfactory entertainment and they certainly did themselves proud when they billed this attraction. The bill for tomorrow (Friday) night is Eli and Jane, a funny show, and if you go and don't laugh, the doorkeeper will hand your money back together with a prescription guaranteed to cure the grouch.

Attorney Gadd, Tuesday filed information against Frank Darrah charging him with wife desertion. This is the fellow who was arrested several weeks ago for the unlawful co-habiting with the lady interested in the case and whom he married and had the complaint dismissed. It is charged that after the marriage he deeded his farm to his brother and left the country, leaving his wife and three children of whom he swore he was the father at the time of his marriage.

Miss Ruth Kimball gave a Christmas entertainment at the Dunlap school house, consisting of a fine programme and a tree full of treats for her scholars. There were many presents. The neighbors having donated, there were treats for all. Every one enjoyed a Merry Christmas. The school board in this district is P. D. Glover, director; Merrit Johnson, moderator; Mrs. J. H. Dunlap, treasurer.

On last Saturday evening a crowd of young folks gathered at the Triplett home to surprise Earl, it being his twenty-first birthday. The evening was spent in music and games and a lap supper was served. The house was decorated with mistletoe, cedar and candles. The young folks left Earl a tie pin.

A family Christmas tree and six-o'clock dinner was held at the home of Mr. and Mrs. R. D. Pickett Saturday. Those present were Dr. and Mrs. J. J. Pickett, Mr. and Mrs. David Hilton and Mr. and Mrs. C. L. Pickett.

Editor Philpott of the Anselmo Enterprise, was a pleasant caller at this office Monday. Christmas got into his teeth and he came down to have a dentist rim them out a little.

It's the little things in life that cause the most worry. For instance, a flea can arouse a man's temper quicker than the baying a bulldog on a moonlight night.

Ceb Lee and wife who have been visiting with Mrs. Lee's parents, Mr. and Mrs. Beckwith, the past week, returned home yesterday morning.

Roy Worden, Bill Proacht, Glen Meeker and Floyd Worden, of Berywn, came up Tuesday evening to see Monte Cristo.

Attorney E. E. Squires made a business trip to Lincoln the first of the week.
