

Fought to Retain Formula Which Has Made a Fortune

L. T. Cooper, the man who believes that 90 per cent. of all ill health of this generation is caused by stomach trouble, is fast winning a national faith in his theory. His claim is now admitted by a surprising number of people throughout the country, and he is gaining new adherents every day.

While speaking of his success in a recent interview, Mr. Cooper said: "I believed ten years ago that any one who could produce a formula that would thoroughly regulate the stomach would have a fortune. When I got hold of this formula I knew within six months that I was right, and that my fortune was made. I called the medicine Cooper's New Discovery, although I did not get up the formula. I have owned it, however, for over five years. I have had one lawsuit over it, which I won in the courts. When it was settled The Cooper Medicine Company became the only firm in the world that can prepare the medicine. The preparation has sold like wildfire wherever introduced. As I have said before, it is successful simply because it puts the stomach in perfect shape, then nature does the rest. There are any number of complaints never before associated with stomach trouble that the medicine has alleviated in thousands of cases."

Among statements obtained recently from users of this medicine that is arousing such universal discussion is one from Mrs. Emma Stanley, living in Chicago, at 713 Washington Boulevard, who said: "Perhaps I had the most complicated case that Mr. Cooper had to deal with. I was troubled for years with my stomach. I consulted with doctors and took many patent medicine preparations without result. My stomach was in such a wretched shape that I could not enjoy a meal that I ate."

"I was very nervous, and could hardly sleep. I had a roaring in my ears and dancing spots before my eyes. I felt very bad and weak. Then there was a very sore spot at the pit of my stomach that nearly set me wild. I heard about the Cooper medicine and decided to try it. I used four bottles, and the improvement in my case has been really wonderful. My nerves have been quieted, and I am so much improved that I feel like a new woman."

"I cannot say too much for these wonderful remedies, for they have made me well." Cooper's New Discovery is sold by all druggists. If your druggist cannot supply you, we will forward you the name of a druggist in your city who will. Don't accept "something just as good."—The Cooper Medicine Co., Dayton, Ohio.

A CHEERFUL PROSPECT.

"Well, young man, what do you think of my daughter?"
"Rather thin."
"That will improve; at her age I was like that."

WHEN YOUR BACK ACHES SUSPECT THE KIDNEYS.

Backache is kidney ache, in most cases. The kidneys ache and throb with dull pain because there is inflammation within. You can't be rid of the ache until you cure the cause—the kidneys.

Doan's Kidney Pills cure sick kidneys. G. S. Warren, 1517 No. 7th St., Boise, Idaho, says: "An injury to my back years ago left me lame. I had to use a cane, and it hurt me terribly to stoop or lift. The kidney secretions passed too frequently. For five years since I was cured by Doan's Kidney Pills. I have had no return of the trouble."

Remember the name—Doan's. For sale by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Nor On a Half-Dime, Either. Simon Hardcastle, believed with sincere faith that any wife who had, or asked more than a quarter a year for her own amusement or enjoyment was a being too horrible to contemplate. He came from the village store for dinner and told what he had heard.

"Miranda, would you believe that the Lord's prayer could be engraved in a space no larger than a dime?"
"Well, yes, Simon," she hazarded, "if a dime is as large in the engraver's eye as it is in yours, I should think that he would have no difficulty at all."—The Housekeeper.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

SEED CORN CRUSADE

RAILROADS INTERESTED AS WELL AS THE FARMERS.

URGE CARE IN THE SELECTION

A Matter of Great Importance to Agriculturists—Miscellaneous Capital Newsitems.

Railroads have taken up the crusade for better seed corn in Nebraska. The Northwestern and Union Pacific have sent bulletins to all agents to be posted to call the attention of the farmers to the crusade for better corn now being waged by the Commercial club of Omaha and to the necessity of testing the seed corn, especially this year.

Two hundred samples of corn from all sections of the state are now in the tester at the Commercial club and Chief Tester Campbell is eagerly watching what the result will be, as this corn comes from all sections of the state.

The entire state seems to be aroused to the necessity of testing the seed corn, and while many samples are being sent in other ways because farmers in many cases are preparing to test their own corn. So many excellent authorities have shown the corn is not good for seed that all seem to have come to the conclusion that there is a great deal in the statement. A bad ear of corn planted will cost the farmer an average of twelve bushels per acre when his crop is harvested.

Robertson Bros., of Waterloo, seed growers, who buy from 250,000 to 300,000 bushels of seed corn annually, have made from thirty to forty tests a day since December 1 of corn from all parts of the state. Their findings show that 50 per cent. of all corn gathered before the freeze of October 13 will not grow and that of the corn which was gathered and cribbed since that time scarcely any will grow.

George Coupland, regent of the University of Nebraska, who has a large corn acreage at Elgin, says that a great deal of the corn from his section was so damp that when it was gathered and cribbed it froze so solid that crowbars had to be used to pry it apart. He says that he has his doubts about the germinating qualities of seed corn which was gathered early and that the corn which is still standing, and which is the best to be found in the state, is also in a bad way.

General Grant Cannot Come.

In reply to a letter urging him to accept an invitation to speak at the Epworth assembly next August, General Frederick D. Grant has sent the following letter to Addison Wait, deputy secretary of state:

"Headquarters Department of the Lakes, Chicago—My Dear Mr. Wait: I have just written to Mr. Jones, president of the Epworth assembly, as I write to you, in reply to your kind letter of the 12th inst., to express my deep appreciation of the high compliment paid me, in the invitation to be present during Patriotic day, August 4, next."

"I most deeply regret that it is impossible for me to have the honor of being with you then, because of the maneuvers at Pine camp during the month of August next, which maneuvers I am to command. Sincerely yours, FREDERICK D. GRANT."

What the League Wants.

Two things which the newly organized Southwestern Hard Winter Wheat Millers' league will try to bring about in the trade are the abandonment of long time sales and a shortening of the credit period extended to some classes of patrons. The committee named at Kansas City a short time ago to draft trade rules will report its recommendations at another meeting in two weeks. The rules will not apply to credits extended in local territory where a mill operates, but will be intended to make shipments to eastern consignees subject to arrival draft terms or cash on delivery.

For a Sane Fourth.

Mayor Love is already considering some plan whereby a sane Fourth of July celebration can be secured with a minimum of trouble and annoyance. Last year when the plan was started citizens objected because they had not been asked to join in the movement in time. Hence the early consideration now.

A Labor Chautauqua.

A labor chautauqua is being planned for by the labor unions of Lincoln to be held during the coming summer. At a committee was appointed to make arrangements, secure speakers and set a date and place. The subjects of addresses and lectures will be confined chiefly to economic topics and those of interest to union members.

The "Greater Lincoln Industrial Exposition" will be held at the Auditorium May 24 to 28. This was decided upon at a meeting of the committee in charge of the exposition at the Commercial club Thursday. A diagram of the booths will be mailed to all prospective exhibitors. A number of applications for booths have been received, but so far no space has been let. The scope of the exposition will be greater than that of the "Made in Lincoln" show last year. All articles manufactured in Lincoln will be exhibited.

THE WESTERN UNION.

District Court Fine Sustained by Higher Tribunal.

The fine imposed by the district court of Lancaster county upon the Western Union Telegraph company, amounting to \$50 or \$100, was affirmed by the supreme court. The company was prosecuted by the state on the charge of increasing rates for messages in Nebraska without first obtaining permission of the state railway commission. A second count was that the company failed to file reports as required by the railway commission. In fact, the company did not admit that it was amenable to the railway commission under the law regulating common carriers. The company was found guilty by a jury in the district court on the first count, increasing rates without permission of the commission.

The principal defense of the Western Union company was that the suit should have been a civil action instead of a criminal suit. The supreme court holds that prosecution under subdivision C, section 15, chapter 60, of the statutes should be criminal, and that this section, so far as it relates to the prevention of abuses, extortions and unjust discrimination, is applicable to common carriers of news and intelligence, such as telegraph and telephone companies, as well as to common carriers of goods and passengers. The court holds that the title to this act is broad enough to embrace its provisions defining telegraph companies to be common carriers.

Company C Gets Prize.

Adjutant General John C. Hartigan has awarded a prize of \$50 in cash to Company C, First Nebraska National Guard, for the best general inspection. Captain Brewster commands this company. The same company is to receive a prize of \$35 for attendance at government inspection. Five companies have 100 per cent. of attendance at government inspection. The companies were A of Kearney and G of Omaha, both of the Second regiment, who got \$50 each; C, of Beatrice, Second regiment; the galling gun section of Beatrice and the signal corps of Fremont. The latter three got \$35 each for attendance. While the other companies had their men in the armory, the signal corps, the galling gun section and Company C of Beatrice had a few men absent, but accounted for. Company C, Second regiment, at Nebraska City, is reported as being the best drilled company in the guard.

Board of Regents.

At a recent session of the board of regents Erwin Hopt was made adjunct professor of agronomy, beginning March 1. Mr. Hopt has been dividing his time between the work of the school of agriculture and the substitution at North Platte. The action of the board will locate him permanently at the university farm.

Blind School Growing.

Superintendent Abbott of the school for the blind at Nebraska City says his enrollment now numbers sixty-three, an increase from fifty, when he took charge of the institution a year ago. Mr. Abbott said the newspaper advertising given the school had materially aided him in securing new students.

Invitation to the Governor.

An invitation has been received by Governor Shallenberger to be before the democratic club of Washington, D. C., on the night of April 13. The other speakers will be Governor Shallenberger of Colorado, Mayor Gaynor of New York, Governor Harmon of Ohio and Governor Marshall of Indiana.

Federal Labor Union.

A federal labor union, the members of which are employed in many different crafts, has been organized in Lincoln. Twenty-six charter members have been secured and the charter is to be sent for. G. H. Bush was elected temporary president and E. A. Weaver temporary vice president.

Nebraska Hardware Officers.

The Nebraska hardware dealers' convention elected the following officers: President, G. R. Wycott, Madison; vice presidents, Ernest Hoppe, Lincoln; L. Worth, Falls City; Gale Lawson, Hastings; secretary, J. Frank Barr, Lincoln (re-elected); treasurer, H. J. Hall, Lincoln (re-elected); chairman executive committee, Fred Ebinger, Plainview.

Convention of Postoffice Clerks.

Washington's birthday is the date set for the annual meeting of the Nebraska state convention of postoffice clerks in Omaha, to be held at the federal building. The convention will be called to order by the state president, W. A. Howland of Lincoln. Delegates representing the Omaha branch of the association are Charles J. Mazell, C. F. E. Michelson, Paul V. Morton, Louis D. Motz, E. W. Dean, James P. Dugdale and H. F. Meyers. The matter of alleged excessive hours of work will be a grievance which the postoffice clerks will take up.

Furse Back to His Post.

Colonel W. J. Furse, private secretary to Governor Shallenberger, has returned to Lincoln from Alma, where he sold at auction twenty-three head of horses. Colonel Furse reported that about 400 people attended the sale and that several horse buyers who were present informed him that the prices paid were higher than the market price. The sale netted something over \$3,400. The large prices paid, Mr. Furse said, he believed was due to the scarcity of horses for use on farms.

How often do you eat this food?

A short time ago there appeared in the columns of one of the prominent magazines an article on building brain and muscle by the proper selection of the foods you eat.

A good many people were surprised to find oatmeal placed at the top of the list of foods recommended; but if the article had appeared in an English or Scotch paper every reader would have expected to see first place given to good oatmeal.

As a matter of fact Great Britain and Europe come to us for tremendous quantities of Quaker Oats because it represents to them perfect food, being the richest in flavor and best in cleanliness and purity, of all oatmeals.

Americans should eat more Quaker Oats; the results would soon show themselves in improved conditions of health and strength.

KEEP BABY'S SKIN CLEAR

Few parents realize how many estimable lives have been embittered and social and business success prevented by serious skin affections which so often result from the neglect of minor eruptions in infancy and childhood. With but a little care and the use of the proper emollients, baby's skin and hair may be preserved, purified and beautified, minor eruptions prevented from becoming chronic and torturing, disfiguring rashes, itching, irritations and chafings dispelled.

Not Actually Necessary.

The lawyer proceeded to examine the witness.

"Pardon the question, Mrs. Chucksley," he said, "but your answer constitutes a part of the record. How old are you?"

"Why, you ought to know, Mr. Sharpe," she answered, "my birthday is the same as yours, only I was born ten years later than you were."

"Ah, yes, I remember. Well, it isn't important, anyhow. Go ahead, Mrs. Chucksley, and tell the jury what you know about this case."

Coffroth Wins Race, London to 'Frisco.

James W. Coffroth, light promoter, won his bet of \$2,000 made with a member of the National Sporting club of London that he could reach San Francisco in ten days from London. Coffroth had a margin of two hours and forty minutes.

Coffroth, according to agreement, sent a telegram to Eugene Corri, with whom he had the wager. When he arrived at the Oakland pier he was welcomed by a large delegation that cheered him as he stepped from his car.

The time made by Coffroth is the fastest ever made from London to San Francisco over the Atlantic and across the continent. He made the trip in nine days, five hours and five minutes.

The journey from Omaha to San Francisco was made on the famous San Francisco "Overland Limited" of the Union Pacific-Southern Pacific, and is simply another victory for Safety, Service, Speed via the old Overland Route.

Belgium Has no Navy.

Belgium is, perhaps the most prosperous state in Europe, as well as the most thickly settled. The late king's reign was at least marked by an enormous advance in wealth and social reform. One of the country's special advantages is that its international neutralization permits it to dispense with a navy, while the Belgian army is maintained on a very small and inexpensive basis.

Catarth Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarth is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarth Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarth Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarth, blood for testicular free.

Some Luxuries Needed.

Those stern economists who are pointing out that the people of small means ought to abandon "luxuries," forget that even such people have a moral right to something beyond the bare necessities of life. The rapid increase in prices does not mean to them cutting out more extravagances, but forgetting the modest recreations which have brightened for them the dull round of daily labor. It would be a hard world indeed where one could obtain just enough to keep body and soul together, and no more.—Providence Journal.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures.
