## WESTERN CANADA

What Prof. Shaw, the Well-Known Agriculturist, Says About It:

160 ACRES FARM IN WESTERN CANADA FREE. I would secure real estate in Western Canada this year. The United States, feed is cheaper and climate better for the purpose. Your market will improve before the year. Farmers will produce the surplus wheat, and you will be able to take the best part of the crop. Your present land will be taken at a rate beyond present conception. We have enough people in the United States alone who want homes to take on this. Nearly 70,000 Americans will enter and make their homes in Western Canada this year. 1909 produced another large crop of wheat, oats and barley. In addition to which the cattle exports were an immense item. Cattle raising, dairying, mixed farming and grain growing in the provinces of Manitoba, Saskatchewan and Alberta. Free homestead and pre-emption areas, as well as lands held by railway and land companies, will provide homes for all those. Adaptable soil, healthful climate, splendid schools and churches, and good railroads. ## IOWA RATES LOWER

PAID TO RAILROADS.

Statistics Showing Revenues They Have Received.

### ATTORNEY GENERAL REPLIES TO RAILROAD'S COMPLAINT.

### WHY NEBRASKA RATES ARE GOOD

The Enactment Cutting Them is Not Invalid—Other Matters at the Capital of the State.

In his answer to the complaint of the Chicago, Minneapolis, St. Paul & Omaha railroad, which alleged in the federal court that the rates provided in the legislation enacted in 1907 were confiscatory, Attorney General Thompson shows in figures a comparison of the earnings in 1907 and 1909 and also a comparison of the rates now charged in Nebraska and in other states.

The suit has to do with the 2-cent fare law and the Aldrich freight rate law, which decreased freight rates 15 per cent.

Discussing freight rates, the answer says: "The rates provided for the transportation of lumber in carloads in Nebraska is 11.5 cents per 100 pounds per 100 miles; in Iowa the rate is 6.3 cents per 100 pounds per 100 miles. The rate on wheat in Nebraska is 11.48 cents; in Iowa it is 8.1 cents. The rate on corn in Nebraska is 10.2 cents, while in Iowa it is 6.8 cents. On cattle the rate in Nebraska is 13.6 cents, while in Iowa it is 10 cents. The rate on hogs in Nebraska is 17 cents, while in Iowa the rate is 11 cents. The rate on apples in Nebraska is 13.5 cents, while in Iowa the rate is 8.4 cents. The rate on potatoes in Nebraska is 11.9 cents, while in Iowa the rate is 7.2 cents. The rate on coal in Nebraska is \$1.02 per ton, while in Iowa the rate is 74 cents."

The answer sets out that while the revenue from intrastate freight shipments has been increased since the law went into effect, the expense of operation has not been increased. The revenue from intrastate shipments for the year ending June 30, 1908, was \$430,359.75 and for 1909 the revenue was \$657,149.23.

The earnings of the freight department for the year ending June 30, 1907, amounted to \$1,202,353.79, while for the year 1909 the revenue was \$1,245,149.23.

The freight earnings in Nebraska for the year ending June 30, 1907, amounted to \$1,791,100 per train mile, while for the year 1909 the earnings were \$1,827.

The earnings per ton of freight handled in Nebraska in 1907 amounted to \$1.23; in 1909 the earnings per ton of freight amounted to \$1.47. The freight earnings per ton mile in 1907 amounted to 16.5 mills, while in 1909 the earnings amounted to 17.63 mills. This amount, the answer says, was almost double the average earnings of the entire line, 9.03 mills.

The operating revenue of the railroad for Nebraska in 1907 was \$1,725,298.46, while for 1909 the operating revenue was \$1,807,738.42. The expenses for 1907 were \$1,199,581.95 and for 1909 the expenses were \$1,231,933.21. The net income for the business done in Nebraska in 1907 was \$525,716.51 and for 1909 it was \$585,805.21. The net income from operation for 1907 per mile was \$1,854.91, and for 1909 the net income was \$1,899.58.

#### Governor Folk to Talk.

Ex-Governor Joseph W. Folk of Missouri will speak in Lincoln in August during the Epworth assembly.

#### Want Governor to Investigate.

The mysterious disappearance of O. F. Hamilton from the town of Mullen has caused a number of citizens of that place to file affidavits indicating foul play with Governor Shallenberger. The affidavits very evidently suspect that Hamilton has been murdered, because he assisted secret service agents of the government who were investigating charges of land frauds.

A mob burned Hamilton's team and barn and wrecked his place of business.

#### Bishop Has Returned.

State Superintendent Bishop has returned from Indianapolis, where he attended the national meeting of superintendents and principals, and reported a most beneficial meeting. Nebraska was represented by about thirty instructors, and Superintendent Davidson of Omaha was elected president. Mr. Bishop believes Omaha will get the meeting for the year after the coming meeting. Mobile gets the coming meeting.

#### State Institutions' Expense.

Land Commissioner Cowles has prepared a quite lengthy table showing the expenses of state institutions which are under control of the state board of public lands and buildings for December, January and February.

#### Deputy Warden Resigns.

James Delahanty, for the last nine years deputy warden at the state penitentiary, has resigned, to take up his residence on his farm near Clay Center.

## FAMOUS DOCTOR'S PRESCRIPTION.

## PE-RU-NA FOR DYSPEPSIA (CATARRH OF STOMACH)

Statistics showing the revenue received by the railroads from the sale of tickets, freight forwarded and freight received for the last year shows the ambitious smaller cities of the state line up in this position: Grand Island, first, \$924,839.79; Fremont, second, \$638,513.90; Beatrice, third, \$621,670.62; Hastings, fourth, \$608,430.99; Kearney, fifth, \$445,597.22; Nebraska City, sixth, \$424,939.12.

In the above group Nebraska City shows a decrease of about \$20,000 compared with the year before, while Fremont shows a decrease of about \$30,000. The other towns mentioned all show an increase.

Compared with last year Omaha and Lincoln show increases, while So. Omaha shows a decrease. For 1908 Omaha paid out to the railroads \$10,108,917.29, compared with \$10,392,994.34 for the last year; Lincoln paid to the railroads in 1908 \$3,030,936.08, compared with \$3,079,093.48. In 1908 South Omaha contributed \$6,010,449.99, compared with \$5,875,971.18.

Of the smaller cities Schuyler made the greatest increase of any town in the state, its increase being \$224,000. In the amount of the increase Schuyler ranks next to Omaha, which increased its expenditures with the railroads some \$284,000.

The total revenue for the entire state received by all the railroads for 1908 was \$48,112,241.66. For 1909 the total revenue amounted to \$56,540,187.75. Omaha and South Omaha contributed almost one-third of the revenue.

#### Alfalfa Rate Stays Down.

The Burlington railroad has been refused permission to increase the rate on alfalfa hay from Scott's Bluff to Omaha from 20 to 23 cents. The order refusing this permission was issued by the railway commission a few days ago, after having received protests from the Omaha Commercial club and the Omaha Alfalfa Meal company.

It was set out by the company that when the Peters company's plant at Omaha burned some time ago the rate on alfalfa hay was reduced from 23 to 20 cents per 100 for the benefit of that company. Now that the company has got on its feet again the railroad desires to restore the old rate, and with its application was filed a statement from the Peters company waiving objection to the increase.

Those who protested, however, set out that the Peters company had established mills out in the state and was now shipping to Omaha the finished product and no longer was it interested in the rate on alfalfa hay.

#### Missouri Pacific to Fight.

The Missouri Pacific railroad will fight the Bartos act, which provides that railroads shall maintain at depots a telephone for the convenience of the public. That is if the railway commission insists upon the installation of a telephone at Burr.

#### Night Races at Fair.

The state fair board is figuring on having races at the state fair this year. The plan is to have the races and a display of fireworks each evening. Heretofore the board has been having the fireworks put on by a company, but it has discovered that it can put on the show itself and this will be done this year.

#### Conservation Congress.

The state conservation congress, called by Governor Shallenberger to be held in Lincoln the last of March, promises to be a big meeting. The committee chosen to arrange the details has issued notice regarding the number of delegates to be chosen by the different political divisions and elected officers.

#### Many Autos Registered.

Pleasant weather has turned the minds of many people to automobiles. The secretary of state is registering twenty and fifteen a day.

#### Telephone Company Request.

The Lincoln Telephone company has asked permission of the railway commission to sell stock to the amount of \$355,800. Of this amount \$20,000 will be spent in Gage county and the remainder will be spent in and around Lincoln.

#### Express Rates on Ponies.

It is just as cheap now to ship an undersized pony by express as it is to express an oversized colt. The railway commission issued an order that hereafter the express companies should charge \$5 for shipping a 700-pound pony or a colt not crated, and where crated and the weight is 900 pounds the charge shall be the same. If the express companies handle the shipment each shall receive \$2.50. If the animal weighs more than 700 pounds it is to be expressed as a horse and given the horse rate.

#### Insurance Rates Differ.

State Auditor Barton is making an effort to prevent discrimination in rates charged for fire insurance by companies in Nebraska. He has received evidence that many companies charge less for a policy in some localities than in others on the same class of risks and even in the same localities he has evidence that there is discrimination. It has been reported that while there is a rate war on at Hastings insurance is being written for 10 cents a hundred, while in Lincoln the rate is \$1.20 a hundred.
