**N. T. GADD'S ANNOUNCEMENT FOR COUNTY ATTORNEY.**

Having filed with the proper officer, I now announce myself a candidate for the office of County Attorney subject to the approval of the republican party at the Primary election to be held August 16th, 1910. It is perhaps needless for me to say, I am unalterably against the Liquor Interests, I am for county option, for state and nation wide prohibition. I am a temperance man and am most emphatically for the revision of the Tariff downward and for the removal of tariff upon things essentially necessary to the comfort, health, happiness and prosperity of the citizen. My present term of office does not expire until January 1911, my time and ability therefore is the property of the citizens of the county, of all political complexion; that being true I WILL NOT MAKE A CANVASS. I have not been absent from any meeting of the board of supervisors, have been on hand at all times when called upon by county officers from the least to the highest, including Township and School district officers; When needed by the private citizen, either over the Phone, or in person I have been on hand by day or night, and this I will have to say at the end of my term of office regardless of the results of the primary election; if you need the county attorney, you will find him at his office, not out in campaign, using your time to further his personal interests. If absent, it will be because of business, and in that event, there will be a competent lawyer in charge of the office. I am human, and no doubt have made mistakes during my term of office, but I have no excuses to offer neither any apologies to make; I have sought to discharge duty to the best of my ability from my view point, this I will continue to do; I will thank you for your consideration and will appreciate your support. Respectfully Yours, N. T. GADD.

**ANDERSON FOR SUPERVISOR.**

Having filed as a candidate for Supervisor of the third supervisor district subject to the will of the republican primary, I will appreciate your support. If nominated and elected I will use my best efforts for the advancement of the best interests of the district and the county in general. RAS ANDERSON.

**MYERS FOR COUNTY ATTORNEY.**

Some are accusing me of being a young man. That is a crime which I shall neither attempt to palliate nor deny. The position of county attorney is one generally held by the younger members of the bar. Nineteen men who were in the State University with me are now finishing successful terms as county attorneys in the state of Nebraska, while one of my Harvard classmates is earning \$7,500.00 a year as a prosecuting attorney in New York city and another man of a later class is doing nearly as well in a similar position in Boston, Mass. If the people of Custer County should choose to nominate and elect me I will do my best to make them a good county attorney. EDWIN F. MYERS.
