Call For Republican Convention.

The Republicans of the County of Custer, State of Nebraska, are hereby called to meet in convention in the city of Broken Bow, on Monday, July 18th, at 11 o'clock in the forenoon, in the forenoon, in the Cadwell building, for the purpose of selecting fifteen delegates to attend the Republican State Convention to meet at Lincoln, on Tuesday, July 26th, 1910, and to select the County Central Committee, and for the transaction of such other business as may properly come before the convention.

The Convention shall be made up of delegates chosen by the Republican of the respective townships of the County at caucuses held for that purpose, prior to said 18th day of July, 1910.

The basis of representation shall be one delegate for each 10 votes or major fraction thereof cast at the 1910 general election for John B. Barnes, Republican nominee for Supreme Judge.

Said apportionment entitles several townships to the following representation in said convention, to-wit:

Alpha Morgan, Chairman. William M. Dunn, Secretary. Dated this 22nd day of June, 1910, Broken Bow Nebraska.

We notice from the Blaine County Booster that Carl Ambsberry of Mason City is the associate editor of that paper. Carl is the oldest son of J. M. Ambsberry and has practically been brought up in a printing office and ought to make good. The REPUBLICAN hopes for his success.

The Beacon's offer to "give \$10 for a valid reason why a man living in Custer county should vote to uphold a protective tariff" seems to be all wind. We gave the Beacon four good reasons two weeks ago and as yet have not seen a red cent. Until we can have some real evidence that the offer is genuine we do not deem it wise to advance other reasons, for fear of being accused of casting our "pearls before swine."

Governor Shallenberger has decided not to call an extra session of the legislature in order to pass an initiative and referendum law. His decision not to call the extra session in face of the fact that the Bryan forces had secured a pledge from three-fifths of the members of the legislature that they would support the bill would indicate that the governor and Mr. Bryan are not eating their ice cream out of the same dish in this campaign.

Side Walks.

The time has come when every body in Broken Bow should urge the building of better sidewalks. Most of our board walks are in a bad state of repair. Then there are several residence streets with no walks simply because one or two parties do not care to go to the expense of putting in cement or brick walks on their property unless they build their walks so they can get out without wading through mud. Let the agitation become general. If necessary the council should plan a system of walks throughout the several residence districts leading to the business part of town and pass an ordinance meat the whole system compelling walks put in

The remark is frequently heard to be made by strangers that Broken Bow is behind the times with her side walks. This should not be. Let us begin at once to put in a complete line of walks.

It is true that Kinkaid did prove of some service to the people in procuring the passage of the Kinkaid homestead law but a similar bill had been introduced by his predecessor, Judge Neville and that Kinkaid simply reaped the reward that should have come to Neville.—Beacon

We have seen the statement before that Judge Neville was the author of the Kinkaid bill, but the statement is false.

The section homestead law was originated in Broken Bow.

The matter was suggested to members of the state legislature by two men at Lincoln when the matter of the Detrich bill was pending in congress to lease the government land.

These two men from Broken Bow urged upon members of the state legislature to pass a resolution opposing the leasing bill and suggested that instead that the homestead law be amended allowing 640 acre homesteads in the sand hill country. The memorial to congress was passed and forwarded, out of which the Kinkaid. Judge Kinkaid is entitled to full credit for drafting and securing the passage of the Kinkaid law. The whole matter was originated and passed after Judge Neville's death.

CONGRESSMAN KINKAID'S CLAIM

Did Not Enter A Coal Claim as Claimed by Opposition.

It is interesting to note how the opposition will magnify and misconstrue a fact in order to make a political capital.

That such will be done is not confined to the democrats only, rival candidates in the republican party for personal gain resorts to democratic tickets. As we stated last week any one legally qualified may file on a homestead or a coal claim, but Congressman Kinkaid did not enter a coal claim in Alaska, but did buy a quarter section of land, with coal on a part of it, of the entryman who complied with the law and made final proof thereon. The title to the land was there-fore private property, and consequently exempt from conservation policies and legislative enactment. The right to buy this coal land was equal and similar to the right any citizen has to buy land which has been homesteaded, after the entryman has complied with the law. Accordingly, Glavis himself swore there was nothing wrong in the transaction and Attorney Brandeis, also representing Pinchot, said it was neither wrong nor improper. Congress Kinkaid was looking over deeded land in Custer county with the view of investing in it. Has he not as good a right to buy deeded land in Alaska as in Custer county?

N. T. GADD'S ANNOUNCEMENT FOR COUNTY ATTORNEY.

Having filed with the proper officer, I now announce myself a candidate for the office of county attorney subject to the approval of the republican party at the primary election to be held August 16th, 1910.

It is perhaps needless for me to say—I am unalterably against the liquor interests. I am for county option, for state and nation wide prohibition.

I am a republican, but am most emphatically for the revision of the Tariff downward and for the removal of tariff upon things essentially necessary to the comfort, health, happiness and prosperity of the citizen.

My present term of office does not expire until January 1911, my time and ability therefore is the property of the citizens of the county, of all political complexion; that being true I WILL NOT MAKE A CANDIDATE. I have not been absent from any meeting of the board of supervisors, have been on hand at all times when called upon by county officers from the least to the highest, including Township and School district officers; When needed by the private citizen, either over the phone, or in person I have been on hand by day or night, and this I will have to say at the end of my term of office regardless of the results of the primary election; if you need the county attorney, you will find him at his office, not out in campaign, using your time to further his personal interests. If absent, it will be because of business, and in that event, there will be a competent lawyer in charge of the office.

I am human, and no doubt have made mistakes during my term of office, but I have no excuses to offer neither any apologies to make; I have sought to discharge duty to the best of my ability from my view point, this I will continue to do; I will thank you for your consideration and will appreciate your support.

Respectfully Yours, N. T. GADD.

ANDERSON FOR SUPERVISOR.

Having filed as a candidate for Supervisor of the third supervisor district subject to the will of the republican primary, I will appreciate your support. If nominated and elected I will use my best efforts for the advancement of the best interests of the district and the county in general.

KAS ANDERSON.

MYERS FOR COUNTY ATTORNEY.

I am a candidate for county attorney subject to the approval of the republican primaries.

EDWIN F. MYERS.

FRANK E. BEEMAN.

Candidate for Congress.

I am a candidate for the republican nomination for Congress from the sixth district. I believe in good government, a square deal and that the Roosevelt policies should be put into operation. I have always been opposed to boss rule and machine politics. I believe in representative government, in government by the people and not by corporations. I believe in loyalty to republican principles and the protective tariff but do not believe that downward revision has been fully accomplished; particularly with reference to the woolen, cotton, lumber and wire schedules.

I believe a congressman should have convictions and courage enough to vote them; that he should not dodge, sidestep and vote "present;" that he should not insurge at home and stand pat in Washington. That he should keep his ante-election promises and vote against Mr. Cannon for speaker after having promised the people to do so; and he should not vote to tax barbed wire at \$1.50 per ton after publicly announcing that it should be placed to free list. A congressman is elected by the public and paid by the public to serve the public and not to serve himself. He should be satisfied to render public service for the public salary and not seek to further enrich himself at the expense of the public by acquiring coal lands in Alaska belonging to the public domain. His duty is to conserve the public resources and not to absorb them unto himself and Mr. Ballinger's assistance in acquiring a coal claim in Alaska is not sufficient proof of either regularity or ethics of the transaction.
