BEAUTY IN AND BEHIND GLASSES.

Some glasses may be disfiguring. Clothes may be ill fitting or becoming, it depends upon who fits them and how. "Do they fit?" is a question often asked, regarding shoes or clothes, but not always thought of in connection with eyeglasses. You can wear cheap untidy clothes and injure your reputation, only. You can wear cheap ill fitting glasses only at the risk of injuring your eyesight. An ill fitting shoe makes itself known by pain. Poor eyeglasses glasses give no warning until the harm is done. Everybody reads, but all do not read understandingly. Almost anyone can fit you with glasses, but will you be "fitted" after he has "fitted" you? I can assist in prolonging your eyes, usefulness and good vision.

Sale of Firecrackers and Toy Revolvers

That all may be informed of the law and thus save to themselves trouble, which the lack of that knowledge might bring upon them, I herein set out the words of the statute, hoping that none will violate it.

Sec. 23751—"No person shall use, sell, offer for sale or keep for sale within this any toy revolvers shooting blank cartridge, blank cartridges for toy revolvers, toy or firecrackers more than five inches in length and more than three fourths of an inch in diameter; provided caps containing dynamite may be used, kept for sale or sold when needed for mining purposes, or for danger signals, or for necessary use."

"Any person violating the provisions of this act shall be fined not exceeding \$100.00 or be imprisoned in the county jail not exceeding 30 days."

I prefer to have this known by all rather than wait until a violation occurs.

Respectfully
N. T. Gadd.

Miss Alice Grimes of Gloucestershire, England, and Mrs. Gilman and daughter of Chicago arrived last Wednesday night for a several weeks visit with Mr. and Mrs. F. E. Mauk.
