No candidate for United States senator will be nominated this year by the socialist party in Nebraska, owing to the \$50 filing fee required by the state law to secure a place on the primary ballot under that heading.

The socialists choose their candidates in advance of the primary, and names are filed only to comply with the legal requirements for getting them on the ballot at the November election. The nominees are not expected to pay the filing fees out of their own pockets, but the expense is borne by the party treasury.

Lincoln a Healthy City. Lincoln has had remarkably few deaths in the past few months and during the last year. The normal death rate is said to be 12-12 per thousand population. According to these figures Lincoln ought to have 812 deaths per annum. In the year 1909 there were only 520 deaths, according to the statistics kept by one of the local undertakers. This puts Lincoln about 300 below the normal mortality record.

Lumber Rate Hearing Continued. The State Railway commission has postponed the hearing of the Omaha dealers' lumber rate complaint until September 14. This is the complaint where the dealers are asking for a reduction in rates from Omaha to points out in the state.

Thomas Is President. B. F. Thomas, of Omaha was elected president of the Association of Nebraska Postmasters in convention here, and W. J. Cook of Blair, secretary.

WE MUST ADVERTISE.

Otherwise Nebraska is Going to Lose Out.

How backward Nebraska is in advertising its wealth and resources was told members of the Lincoln Ad Club recently by W. A. Campbell of Omaha, manager of the bureau of publicity of the Omaha Commercial club.

Mr. Campbell issued a warning with respect on emigration from this country to Canada saying:

An individual who does not make the great energy of advertising increase his business knows himself what he is doing, but others don't. In the case of Nebraska we do not even know ourselves what we are doing except in small spots.

In the meantime Canada and "the last best west" are taking our citizens and it is costing them but \$4.80 per capita to secure them, while every migrating American farmer takes on the average of \$1,000 per capita to Canada with him when he moves. In two days recently 150 farmers from our own state and the states about us, passed through St. Paul and they had assets of nearly \$200,000. The Canadian banks showed an increase during the month of March of nearly \$8,600,000.

At the rate of \$1,000 per capita, which is low, more than \$90,000,000 of new wealth was taken from the states to Canada last year.

While it formerly cost Canada \$8 per capita to secure these settlers, it has decreased to less than \$4.80 and is going lower each year.

But this is not all. Practically every state about Nebraska is making a systematic effort to get settlers by advertising and intelligent work.

We have a letter from Governor Hadley of Missouri who says "The last session of the legislature appropriated \$25,000 for immigration work, but as the appropriation was not available, the banks of the larger cities have contributed the amount and the work has gone on. We also have a bureau of labor statistics for which \$20,000 is appropriated annually."

Then to rub it in on us Nebraskans the governor adds: "The state also appropriates something like \$100,000 to \$120,000 for the support of the State Board of Agriculture."

I had the pleasure of promoting the first state conservation congress, then called by Governor Eberhart in Minnesota. It was a great success as an advertisement for the state of Minnesota and we have Governor Eberhart's word for it that Minnesota secured 19,000 new settlers from March 1 to May 1. The governor writes: "We have \$20,000 per annum for 1910 and 1911 and there is considerable talk of making this \$100,000 annually."

If Minnesota ever appropriates \$100,000 for advertising the north star state, I want to go on record as saying that over 1,000 Nebraska Irishmen will become Minnesota Swedes.

The Police Record. The police report for the month of June shows 133 arrests. Of these 119 were men and fourteen women. The meals served to prisoners were 305 and amounted to \$30.50. All of those arrested were able to read and write. The married men numbered 49 and the women 5; unmarried men 70, women 9.

Penalties Under Primary Law. Voters who may regard the primary law as something to be looked lightly upon and who view it as a law that can be violated without punishment would be surprised to find themselves in jail for half a year, or in the penitentiary for a term of years, or be compelled to pay a fine of \$500. These are some of the penalties that can be imposed for violations of various provisions of the primary law. In fact any act declared an offense under the general election laws concerning causes and elections shall also in like case be an offense in all primaries.

State Fair Attractions. The 1910 state fair, September 5 to 9, offers four nights each day by Wrights aeroplane, concerts by Signor Lombard's band of forty-four instruments and grand opera company of twenty-four singers; fifteen harness speed contests and a number of running races, the derby, a ten mile relay race—two miles each day; night speed contests, stupendous fireworks and vaudeville attractions.

Fight on Two-Cent Fare. Deputy Attorney Grant Martin has returned from Chicago where he represented the state in the taking of testimony by the Rock Island Railroad company, which is one of the roads that is seeking in the federal court to annul the 2-cent fare law and the Aldrich commodity rate law. President Mudge of the Rock Island was a witness. One cross-examination he said the Rock Island main line in Nebraska is worth \$10,000 a mile and the branch lines \$25,000. This is merely physical value and does not include franchise values of earning powers.

Central Granaries Company. In pursuance of the request of the county board of equalization the Central Granaries company has furnished to County Assessor Miller the corporation statement required under the revenue law. This shows that the company has \$350,000 paid up capital and \$80,000 surplus. It has \$15,000 worth of real estate in Lancaster county and \$2,500 worth outside this county. It has personal property to the value of \$342,000, of which \$279,000 is permanently invested in elevators.

TO SEND A CRUISER

UNITED STATES CONSUL IN NICARAGUA IN DANGER.

THE AMERICANS ARE DISLIKED

Official Madriz Organ is Bitter in its Attitude and Calls United States Common Enemy of the Race.

Washington.—Fear exists that Edwin W. Trimmer, United States consul at Cape Gracias, Nicaragua, may be assaulted or even assassinated, wherefore it has been decided to send the cruiser Tacoma to the port to investigate and if conditions seem to demand it to land marines to protect American lives and property. This was the report made to the state department by Thomas P. Moffat, United States consul at Bluefields.

Two officers and forty-five men were ordered to Cape Gracias on the Tacoma, this action having been decided on after a conference between himself and Commander Hines of the Dubuque.

It was because of the continual abuse of the governor and other officials of the Madriz government at Cape Gracias that the fear arose for the safety of the American consul there. An article published in La Nacion, an official Madriz organ published at Managua, indicates the feeling in Nicaragua against Americans. In part it reads as follows:

"We Nicaraguans have some limited means to which we may resort as a final recourse if it comes to the point that the Yankee tries to execute his threat; let us lay hands on all the North Americans residing in Nicaragua and let us say to Mr. Taft: 'For each shot you hurl against us, a head of one of your countrymen shall roll on the ground.'"

"Another of the means to which we may resort to for revenge for so great an injury—and for this I do not believe we are less able than the young Turks—let us organize, in the form of a powerful coalition, an active propaganda, to the end that in all the Latin-American countries no goods shall be purchased from the United States, making our people understand that this is the most efficacious method of combatting the common enemy of our race; so proud on account of its power; so insolent on account of its pride; and so detestable on account of its insolence."

Iowa Executive Is Indicted.

Des Moines.—Governor B. F. Carroll has been indicted for criminal libel by the Polk county grand jury, which returned the bill against the governor. The indictment is the outgrowth of a lengthy investigation by the grand jury of affairs at the Iowa industrial school for girls at Mitchellville. It is alleged in the bill that the governor made libelous statements concerning John Cownie, former chairman of the state board of control, in an article published in the Des Moines Capital of May 24, in which the governor set forth at length his reasons for demanding the resignation of Mr. Cownie.

Only Men Are Wanted.

Washington.—Women stenographers apparently are no longer wanted in the government service. This announcement was made at the civil service commission in an effort to put a stop to a steadily increasing flood of letters from women throughout the country who seek information about the examination for stenographers to be held next week in all the states and territories. This examination is for the purpose of recruiting men stenographers and typists, the demand for whom the civil service commission has been unable to meet.

Madero Is Released.

San Luis Potosi, Tex.—Francisco I. Madero, candidate of the anti-electionist party for president of Mexico, who has been held in prison on a charge of defaming President Diaz, has been released on a bond of \$8,000.

Killed by an Auto.

Kansas City.—Miss Bessie Cox, twenty-seven years old, was struck by a speeding automobile driven by a negro and received injuries from which she died two hours later.

Demolished by Explosion.

Friedrichshafen, Germany.—The gas works of the Zeppelin Airship company have been demolished by an explosion, in which nine persons were injured.

Five Dead in Forest Fire.

Winipeg.—Forest fires are again blazing in the Kootenai district of the rocks. They have caused five deaths and enormous damage to property.

Explanation Is Demanded.

Berlin.—The foreign office has instructed the German embassy at Constantinople to demand an explanation from the Turkish government of the shooting of a German subject by three natives near Haifa, Syria.

Organize National League.

Kansas City.—"The republican national league," whose object is to "perpetuate the Roosevelt policies and principles," was organized here at a meeting of prominent republicans.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across the floor without my heart fluttering and I could not even receive a letter. Every month I had such a bearing down sensation, as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has done my nerves a great deal of good and has also relieved the bearing down. I recommended it to some friends and two of them have been greatly benefited by it."—Mrs. MAE MCKNIGHT, Oronogo, Mo.

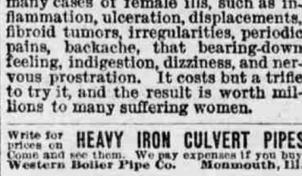

Another Grateful Woman. St. Louis, Mo.—"I was bothered terribly with a female weakness and had backache, bearing down pains and pains in lower parts. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sanative Wash and now I have no more troubles that way."—Mrs. AL. HERZOG, 5722 Prescott Ave., St. Louis, Mo.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

HE LIVED IN THE CITY.

Papa—Why can't we see the moon in the daytime? Jimmie—"Cause they don't light it up until after dark."

Incorruptible. The lady of the house hesitated. "Are my answers all right?" she asked. "Yes, madam," replied the census man.

"Didn't bother you a bit, did it?" "No, madam."

"Feel under some obligations to me, don't you?" "Yes, madam."

"Then, perhaps you won't mind telling me how old the woman next door claims to be?" "Good day, madam," said the census man.

Confused Impressions. "Of course, you know the story of William Tell," said the serious citizen.

"To tell you the truth," replied Mr. Cumrox, "I'm not clear about him. I can't exactly remember whether he was a great marksman or a famous opera singer."

It Would Depend. "Would you marry a man who wore side whiskers?" "I might if I thought it would be worth while to reform him."
