Candidate For the Legislature.

I hereby announce myself as candidate for nomination for representative in the 6th district, subject to the action of the republican primary Aug. 16, 1910.
O. H. Moody.

N. T. GADD'S ANNOUNCEMENT FOR COUNTY ATTORNEY.

Having filed with the proper officer, I now announce myself a candidate for the office of county attorney subject to the approval of the republican party at the primary election to be held August 16th, 1910. It is perhaps needless for me to say:— I am unalterably against the Liquor Interests, I am for County Option, for state and national wide prohibition. I am a republican, but am most emphatically for the revision of the Tariff downward and for the removal of tariff upon things essentially necessary to the comfort, health, happiness and prosperity of the citizen. My present term of office does not expire until January 1911, my time and ability therefore the property of the citizens of the county, of all political complexion; that being true I WILL NOT MAKE A CANNVASS. I have not been absent from any meeting of the board of supervisors have been on hand at all times when called upon by county officers from the least to the highest, including Township and School district officers. When needed by the private citizen, either over the phone or in person I have been on hand by day or night and this I will have to say at the end of my term of office regardless of the results of the primary election; if you need the county attorney, you will find him at his office, out in the campaign, using your time to further his personal interests. If absent, it will be because of business, and in that event, there will be a competent lawyer in charge of the office. I am human, and no doubt have made mistakes during my term of office, but I have no excuses to offer neither any apologies to make; I have sought to discharge duty to the best of my ability from my view point, this I will continue to do. I will thank you for your consideration and will appreciate your support.
Respectfully Yours,
N. T. GADD.

ANDERSON FOR SUPERVISOR.

Having filed as a candidate for Supervisor of the third supervisor district subject to the will of the republican primary, I will appreciate your support. If nominated and elected I will use my best efforts for the advancement of the best interests of the district and the county in general.
RAS ANDERSON.

MYERS FOR COUNTY ATTORNEY.

I am a candidate for county attorney subject to the approval of the republican primaries.
EDWIN F. MYERS.

Oconto don't want county option, that is the way Dr. Taylor voted at the state convention.

That Man Beeman.

The republican party, in county convention at Kearney today, stultified itself by adopting in its resolutions a paragraph the report of the platform committee endorsing the candidacy of F. E. Beeman of Kearney for congress as against Moses P. Kinkaid, the best representative the big Sixth district has ever had.

Beeman who has been a candidate for congress ever since it can be remembered by the oldest inhabitant for that matter, is not the choice of the republicans of Buffalo county but was endorsed because he is a Buffalo county candidate when the resolution was introduced by his friends who tried to forget the time when he stumped the county against the republican ticket or to use his own words, "skinned a few skunks."

The Clipper has never been guilty under the present management—26 years—of bolting a candidate of the republican party. We have considered that the republican candidate whether a friend or an enemy of the paper or its editor, has been better than the candidate of the opposition. But if the republican party in the Sixth district so far forgets itself as to nominate this man Beeman, a man whose political record lacks a whole lot of being above reproach, a man who four years ago went out over the county and made every effort to defeat the regularly nominated candidates of the republican party, every one of whom was too much of a man to have this man Beeman tie his shoe, the editor of this paper has come to the parting of the ways.

We do not propose to state that we will be a democrat, we

have no such intention, but we want to say to the republicans of the big Sixth district that if such is the reward of treachery to the party we may here after be called a traitor. In other words we want to say that if the republicans of the Sixth Nebraska district see fit to nominate this man Beeman for congressman this paper and its editor will in their own weak way do every thing possible to defeat not only Mr. Beeman but every man on the ticket who pretends to favor his candidacy. Mr. Beeman, who now is and has for the past twelve or fourteen years aspired to the nomination for congress in this district, four years ago took the stump against the regular nominees in this county and did everything he could to encompass their defeat. His influence, however, was so infinitesimal, that every man on the ticket was elected. And now he comes before the republicans whom he opposed at the time for purely personal reasons or because his dictators the corporations, told him to oppose every man on the republican ticket, even to Senator Norris Brown, whose shoes he is not nor never was fit to tie. This man, who has not a good word said for him by any reputable republican in Buffalo county, now comes before the republicans of the Sixth district and asks that he be sent to congress to replace a man who stands head and shoulder above him in every way, intellectually, in honesty, in morality, and otherwise. The editor of the Clipper has no favors to ask Mr. Beeman, should he by accident be nominated and elected to congress, but God pity the state of Nebraska and the republican party of the Sixth district should they commit such a blunder as to send such a man as Frank Beeman to represent them in the United States congress.—Shelton Clipper.

"FIDLING BOB" AT CHAUTAUQUA.

"In the afternoon Senator 'Bob' Taylor addressed the largest audience that ever attended any one attraction in this city," said the Moberly (Missouri) Democrat of August 21, 1908. "It was a pleasure to learn that he would again speak on 'Castles in the Air,' and it was a privilege as well as a delight to hear him tell of the poetry of life, the power of love and the hope of Heaven. Thought transference was the medium of exchange, for on the invisible threads of thought and desire which were transmitted from every mind in the vast audience to the mind of the wonderful speaker, he played a matchless melody composed of a poem in prose, painted a picture in

words, gave hope framed with all of the aspirations, desires and best impulses of human life. The effort beggars description. It was simply the only 'Bob' Taylor hypnotizing willing subjects into the condition of mind that sent every auditor home with the resolution to do better, be better and help one another to a higher and nobler life."
