

Sept. 5th to 9th are the dates of the State Fair at Lincoln, and the 1910 fair is the greatest ever attempted to be held in the state.

Ryno Table.

Harry Knapp, Geo. Pelky, and Clarence Henderson made up a party for a 1000 mile trip to Wyoming, expecting to have a good time and a weeks outing.

J. L. Ferguson had business in the county seat last week. We are now having good corn weather. Much better than it has been as the bulb got down to the 37 degree notch.

The Table-Wyoming party returned to home, Harry Knapp bringing them home from Broken Bow in his automobile.

Elwood Pelky has been running the engine and acting as manager of the thrashing rig during his fathers absence in the west.

With one months good growing weather a fair yield of corn will be expected from the good fields that were not injured by the hot winds of last month.

John Birnie from Merna is down to their farm on the Table assisting Tom ploughing preparatory to drilling wheat.

Dan Templeton has engaged a man to plow the farm which he recently leased west of Merna.

Some of the democrats are asking what did they gain by affiliating with the populist party which exists in name only.

The democrats for years have encouraged keeping up the organization of the populist party with the view of strengthening their chances for election, but in the primary election it has proved anything but satisfactory to the defeated candidates.

Had there been no populist party to reckon with governor Shallenberger would have been renominated with a large majority. Instead of filing on both tickets being a source of strength to him, it caused his defeat as a democrat.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by the Hays Catarrh Cure. Send for free literature, free.

tures of voters residing therein and 56.50 of the majority of all the legal voters residing therein, as affiant verily believes.

And affiant further states that he verily believes that that portion of Broken Bow township, which will be taken into the proposed new county of Albany will not exceed 101 votes, and that the said petitions contain a majority of that number, as well as a majority of all the legal voters residing in the territory embraced in the said proposed Albany county.

DECIDE YOURSELF.

The Opportunity Is Here Backed By Broken Bow Testimony. Don't take our word for it. Don't depend on a stranger's statement. Read Broken Bow endorsement. Read the statements of Broken Bow citizens. And decide for yourself. Here is one case of it: John W. Bruce of Broken Bow, Nebr., says: "I have no reason to withdraw the public statement I gave in praise of Doan's Kidney Pills three years ago and I have often taken pleasure in confirming it to people who have wished to know further about Doan's Kidney Pills. I was laid up a great deal by my back and kidneys and on two occasions my back gave out completely. The kidney secretions caused much annoyance, being irregular in passage. Before I had finished the contents of the second box of Doan's Kidney Pills, I was much better in every way and continued use of this remedy restored me to good health. On several occasions since then, I have taken Doan's Kidney Pills and found them thoroughly reliable."
