Historic Barn Is Used as a Church

DHILADELPHIA.-Grace Lutheran church of Roxborough is erecting a handsome Gothic edifice on the northwest corner of Ridge and Roxborough avenues. The site is a historic one and was long revered by the older residents for the part taken there during the revolutionary war. The old stone dwelling has been demolished, but the large barn in the rear not only has been preserved, but is being used as a house of worship while the building of the church home is in progress.

Midnight passed, and the weary troopers were indulging in dreams of deliverance from their foes and a safe return to their own firesides when suddenly the sentinel detected the approach of a body of horsemen. He had scarcely given an alarm when they rushed by him. In a moment the house and barn was the scene of confusion, alarm and disorder. Already had some of the Virginia troopers mounted their horses and were hastening to escape by Care's lane, opposite the house, when the British rushed on to the attack, giving no ared in a cowardly proceeding during quarter. HIS LIVELIHOOD AT STAKE

Certainly Candidate for Governor Could Not Expect to Get That Vote.

An incident in which former Governor Odell of New York figured as the victim was told by Col. James Hamilton Lewis at a recent banquet.

"When Governor Odell was last running for office," said Colonel Lewis, "there had been a great deal of talk about Niagara Falls and the electrical power that could be conferred on all parts of New York. One day an old negro halted Mr. Odell and

"'Mr. Odell, is yo' runnin' for gov'ner, sah?"

"'I am,' answered the candidate. "'I guess yo' want my vote, den,' said the colored man.

'Well, I would like to have your vote, Zeb. I have known you for so many years.' 'Well, I jist want to ask you a

question, Mr. Odell, befo' I give mah vote to you. Are yo' for electric lights in dis town?" Well, Zeb, I am for all modern improvements,' said Odell, with a slight

"'Well, sah, I can't vote for you," said Zeb with firmness. 'Yo' done forget dat I is a lamp lighter."

AWFUL BURNING ITCH CURED IN A DAY

"In the middle of the night of March 30th I woke up with a burning itch in my two hands and I felt as if I could pull them apart. In the morning the itching had gone to my chest and during that day it spread all over my body. I was red and raw from the top of my head to the soles of my feet and I was in continual agony from the itching. I could neither lie down nor sit up. I happened to see about Cuticura Remedies, and I thought I would give them a trial. I took a good bath with the Cuticura Soap and used the Cuticura Ointment. I put it on from my head down to my feet and then went to bed. On the first of April I felt like a new man. The itching was almost gone. I continued with the Cuticura Soap and Cuticura Ointment and during that day the itching completely left me. Frank Gridley, 325 East 43rd Street, New York City, Apr. 27, 1909." Cuticura Remedies are sold throughout the world; Potter Drug & Chem. Corp., Sole Props, Boston, Mass.

"That First Invented Sleep."

"Now blessings light on him that first invented this same sleep! It covers a man all over, thoughts and all, like a cloak; it is meat for the hungry, drink for the thirsty, heat for the cold, and cold for the hot. It is the current coin that purchases all the pleasures of the world cheap; and the balance that sets the king and the shepherd, the fool and the wise man even. There is only one thing, which somebody once put into my head, that I dislike in sleep-it is that it resembles death. There is very little difference between a man in his first sleep and a man in his last sleep." From Cervantes.
