Hitchcock, 1,200 votes less than the rest of the ticket.

Senator E. J. Burkett has gone for a ten days' lecture tour. He will speak in Iowa first and later in Pennsylvania. From his last engagement he will go to Washington to sit in the senate. The senator will return to Lincoln after March 4 to take up the practice of law.

Equipment for Guard.

Adjutant General Hartigan has received a letter from the War department telling him that he can, by complying with certain conditions, secure field material without cost to the state. Judge Munger Going Away.

Judge W. H. Munger will leave about the first of December for St. Louis, where he will sit with the circuit court of appeals until the holidays. There are sixty-two cases set for hearing and it is probable that about fifty of them will be heard. As the cases are then divided among the three judges for the writing of opinions, it is probable that Judge Munger will have about two months' work of that kind following the sitting of the court. He will remain in St. Louis until that is disposed of.

# EDUCATIONAL WORK.

State Superintendents Make Plans for Meeting.

The committees appointed by the various state school superintendents at a conference held in Lincoln a year ago to draft a program and arrange for a meeting in Salt Lake City has made its report and is now sending out letters to the educators urging them to attend this meeting. The committee is composed of E. C. Bishop, state superintendent of Nebraska; C. G. Schultz of Minnesota, and Harlan Updegraff of the bureau of education Washington.

The object of the conference is to arrange for a uniform certification of teachers and for reciprocity between the states.

The following rule, as the result of the meeting held at Lincoln, has been adopted in respect to the states of Iowa, Minnesota and Nebraska:

"Reciprocal relations on certification will be observed between the states of Minnesota, Iowa and Nebraska as follows: Grades not below 75 per cent. on a Minnesota, Iowa or Nebraska first grade certificate will be accepted in the subjects that enter the same grade or certificate in the above named states. It is understood that this certificate must be obtained through the uniform state examinations in the state of issuance.

The persons presenting such certificates will be required to pass the regular state examinations in those subjects that are not shown on the certificates from other states but which enter into the certificate of the state where application is made for certificate."

The introductory portion of the letter follows:

You are invited to attend a meeting of the chief education officers, to be held at Salt Lake City November 17, 18 and 19, 1910. This meeting is called as a result of a preliminary conference at Indianapolis last winter, followed by a meeting of a number of state superintendents at Lincoln last June, to consider interstate certification of teachers. Those participating in the gathering at Lincoln were: Mr. Riggs of Iowa, Mr. Fairchild of Kansas, Mr. Harnon of Montana, Mr. Bishop of Nebraska, Mr. Zeller of Ohio, Mr. Swanson of South Dakota, Mr. Nelson of Utah, Mr. Schultz of Minnesota, and Dr. Updegraff of the United States Bureau of Education. A number of others sent letters showing interest in the movement and expressing the wish that a meeting might be held later so as to give an opportunity for those to attend who were unable to come to the Lincoln meeting. In view of this the superintendents present at Lincoln accepted the invitation of State Superintendent Nelson to meet later in the year at Salt Lake City.

Suit Against Telephone Company.

Tuberculosis Hospital.

Joel Piper, secretary to the State Board of Charities and Correction, has made recommendation to Governor Shallenberger for the establishment of a hospital for persons afflicted with tuberculosis and for those afflicted with epilepsy. It is probable that the governor will include the recommendations to the legislature in his biennial message to that body.

Nebraska Municipalities League.

Mayor Love, who is president of the league of Nebraska municipalities, is sending a circular letter to the mayors and councilmen of the cities and towns of the state with a population of five hundred or over. The letter calls attention to the meeting of the league to be held in Lincoln November 16, 17 and 18, and urges the towns to send delegates to the meeting.

The Coming Teachers' Meeting.

J. L. McBrien, chairman of the local committee of the Nebraska state teachers' association, will soon be ready to announce the names of the chairman he will appoint of the various sub-committees to work in the city. These are committees on publicity, hotels and lodging, information bureau, excursions to various points of interest about the city, and on the reception of the speakers. President N. M. Graham of Omaha has sent to the teachers of the state 15,000 cards, which are to be filled out by those who desire rooms in Lincoln reserved in advance.

# NO NEED TO WORRY

PRESIDENT TAFT ASSURES PANAMA OF SECURITY.

IS CASTING NO COVETOUS EYE

United States Would Be Utterly Dishonored by Attempting Such a Thing—Busy Day Spent Along Canal.

Panama.—President Taft effectually disposed of the report that the United States was likely to annex Panama. At a dinner given in his honor by President Arosemena and attended by 200 officials, diplomats and private citizens, Mr. Taft aroused the greatest enthusiasm when he declared the American people would feel utterly dishonored in annexing Panama, unless some conduct on the part of the Panamanians left no other course. This contingency Mr. Taft was sure would never arise. The president arrived at Panama Wednesday evening from Culabra, after spending the day in the great cut, where he was surrounded oftentimes with giant shovels, puffing drills and hurrying dirt trains, while occasional distant blasts sent up tons of rocks.

The recent landslides were visible, but they were in no wise disturbing to the president or to Colonel Goethals, the latter saying they will be taken care of as they occur, until the degree of wall slope prevents a recurrence.

The president reviewed the marines at Camp Elliott, later hearing the grievance committees who asked for an increase of pay. This, however, is not likely to be granted, because the wages of the men are already higher and the cost of living lower than in the United States.

Cut Off From the World.

Cordova, Alaska.—Eighty-three persons, comprising the passengers and crew of the wrecked steamship Portland, which was beached in the mouth of Katala river Saturday, are stranded on Katala Island. The storm, which broke soon after the passengers were landed from the wrecked vessel, is raging with increased fury. Few people live on the island and the food supply is small.

The steamship Alameda tried for twelve hours to enter the storm-swept harbor, but was finally compelled to turn back. The telephone line, the sole means of communication with the island, went down and the stranded passengers are entirely cut off from the outside world.

Suit Involving Millions.

Cincinnati.—A suit involving millions of dollars in internal revenue tax is being prepared by attorneys of this city as the result of a conference held in Washington recently with United States internal revenue Commissioner Caleb and Sherman T. MacPherson, United States attorney for the Second district of Ohio. The matter at issue is whether what is known to the liquor trade as "police wine" is subject to internal revenue tax.

Says Fight Has Only Begun.

Oklahoma City.—In speaking of the state capital controversy, Governor Haskell said that "the fight has only just begun, and will continue until the people's voice has been effective."

The governor has made no preparations to return to Guthrie since the decision was handed down. He consulted with his attorneys as to what he should do in the capital matter. It is believed he will call a special session of the legislature.

Honored by a Re-election.

Baltimore.—Mrs. Lillian M. N. Stevens of Portland, Me., was unanimously re-elected president of the national woman's Christian temperance union at the annual convention of the union here. Mrs. Stevens re-appointed Mrs. Anna A. Cordon of Evanston, Ill., vice-president at large. Her appointment was ratified.

Submarines for Hong Kong.

London.—The interesting announcement is made in naval circles that early in 1911 a British flotilla of submarines will be sent to Hong Kong, and permanently stationed there. Other flotillas of the same craft will be sent later to Gibraltar and other stations.

Honolulu.—The application of Japanese Consul Mori, for membership in the Young Men's Christian Association has been refused by the board on the ground that their social incompatibility would militate against the usefulness of the organization.

Paris.—The river Seine, which overflowed its banks at many points and did much damage in the lower part of the city, is falling.

To Stamp Out Smallpox.

Lansing, Mich.—The state health authorities are still using drastic measures to stamp out the epidemic of smallpox in various sections of the state. A state Y. M. C. A. gathering at Charlotte has been cancelled.

Tainted Meat Proves Fatal.

Logan, Ia.—Typhoid fever, caused by fresh meat hung in the well, has caused the death within the last two weeks of Mr. and Mrs. Ella Simmons near here. One child now has the disease, another has just recovered.
