PIONEER DEAD.

After an illness of nearly a year Charles Urquhart Richardson died at his home in this city at midnight December 3rd. Deceit of his father in early youth his life had many vicissitudes. When a boy he spent the year before the civil war with relatives in Iowa and Missouri. Mr. Richardson was a Confederate Veteran, enlisted at the beginning of the war as courier to Stonewall Jackson, afterward belonging to the Black Horse Cavalry under General Stewart. He was a brave soldier and knew no fear. In 1882 he went from Missouri to eastern Nebraska where he married his wife who survives him. A few years later he came to Custer county where he made his home the remainder of his life. Two years he served as deputy sheriff under Eli Armstrong. Was elected sheriff on the populist ticket and re-elected two years later, his many friends of all parties helping to keep him in office. An aged mother in her ninetieth year one sister and a brother survive him. His many friends in the old home at Front Royal, Virginia will all join there here to deplore the loss of a good man. The funeral was held at the Methodist church Monday afternoon. The Masonic Fraternity having charge. Rev. Thompson preached the funeral sermon. The flowers were beautiful.

to women is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction, or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to the test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

ReXall Mucuo-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailments of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try ReXall Mucuo-Tone on our guarantee. If you are not benefited, or for any reason not satisfied, simply tell us and we will hand back your money. ReXall Mucuo-Tone comes in two sizes, 50 cents and \$1.00. Remember you can obtain ReXall remedies only at—The ReXall Store. Albert H. Souders.

After taking Doan's Kidney Pills, procured at Haerberle's Drug Store, a short time, I found relief and ever since then, I have held this remedy in high esteem."

held, Emerson may be a liar, a thief and everything that's mean but if he is we don't know it, neither do you. That a court house is a necessity in a county no one can deny and when any person with any brains at all will advocate a 20 year bond in pre-

ference to a 7 mill levy it not only proves poor judgment but lack of energy to figure out the difference between a bond and a levy. For instance, if a 7 mill levy paid in 2 years will raise in round figures \$50,000.00. What will a \$50,000.00 bond cost the county running 20 years at even 5 per cent? Its very plain Mr. Taxpayer that the interest will have to be paid, you can see it grow on your mortgages every day. Now here it is as plain as we can make it, interest on bond one year \$2,500.00. Interest for 20 years \$50,000.00, or instead of building a \$50,000.00 court house for \$50,000.00 it would cost us \$100,000.00, it is very true that we would have 20 years to pay for it, but at the end of 20 years we would then have a \$50,000.00 building that would cost when the interest is added \$100,000.00. Now we say (using the Courier-Tribune's expression) "its a shame and disgrace for any faction" to try to bamboozle the people into believing that a bond is cheaper than a levy when the interest on the bond would equal the principle in 20 years. This is not an advertisement, but an article from the mind of the editor in an attempt to place the matter before you as plainly as possible. We all boast of our rights to our opinions but in the name of common sense confine the argument to facts and raise above the level of insults and misleading statements.
