**BLOOD ROOT OIL**

Cured of Rheumatism in 2 Hours.

BUFFALO, N. Y., May 2, 1882.

Dr. Rush's Medical Association:  
GENTLEMEN.—I have been troubled with rheumatism for two years. I tried all the best advertised oils and liniments, and many first-class physicians without relief. The last Dr. I visited recommended Dr. Rush's "BLOOD ROOT OIL." I purchased a large bottle for fifty cents, and applied it. In two hours I was relieved and now I am entirely well. Its effects are wonderful, and I believe it the only thing in the world which will cure rheumatism.  
Truly yours, JOHN HUTCHINSON,  
89 Erie St., Buffalo, N. Y.

## GENERAL NEWS.

MISS CHURCHILL has been discovered at Indianapolis. She returned to her home with her father on Monday morning last, and thus ends the Churchill sensation.

SPRINGFIELD, Mo., was visited by a terrific cyclone, Monday afternoon. Buildings were blown down, and trees twisted off. A large number of lives lost and a large amount of property destroyed.

FASHIONABLE women have taken to wearing light canes. The custom has its virtue and if the rattan supercedes the broom and rolling pin, we presume no objection will be raised by the hen pecked sex.

THE statement that Colonel Frank James had been out upon the streets of Gallatin unaccompanied by an officer, is denied. Mrs. James was out promenading with Frank Merriam, and the populace imagined that it was the Colonel.

A LADY says her husband will sit on a barbed wire fence all the afternoon to see a baseball match and never move a muscle, but when he goes to church he can't sit on a cushioned pew for fifteen minutes without wriggling all over the seat and changing his position forty times.

NEWS comes from Burlington that Freddie arrived in time to escort the Lilly's mother to the matinee, and perform other graceful and pleasing acts. They are having some cold weather in Vermont, but it will be a colder day when Freddie fails to show up and report for business.

MR. MATTHEW ARNOLD comes to America as the apostle of "sweetness and light." Among the "Philistines," who are the people to whom Mr. Arnold's mission is especially commended, there is a good deal of speculation as to the nature of his specific for human woes. Some appear to think that it may be taffy and gas. But of this there is no lack in this country, either in social or political circles.—State Journal.

THERE is great excitement at and about Lisbon, Ransom county, Dakota, over reported gold discoveries in the valley of the Sheyenne river. Lisbon is located in the geographical center of Ransom county, on the Sheyenne, about fifty miles southwest from Fargo. It is just now the center of attraction for Northern Dakota, and promises to boom as a mining camp. Gold is found in the sand and gravel and in a quartz formation which crops out from the bluffs of the Sheyenne. A hundred and fifty assays of the rock and gravel have been made with results varying from \$2.50 to \$43.00 of gold per ton, and some silver. If this should prove to be a genuine gold field it will overturn some well established theories regarding mineral finds. The region is far from the mountains, and the Sheyenne in its tortuous course does not traverse any known gold field. The people up there have faith in their find and are forming companies to work up the rock and deprive it of its wealth.

THERE is a bitter rivalry between the new town of Caldwell and the capital of Idaho, though thirty miles apart. The Oregon Short Line created the former and its location is such that at present it is paralyzing the older town by its enterprise and goaheadativeness. The citizens are struggling hard to stem the business decline and have raised a bonus of about \$60,000 to induce the Short Line to build a branch line from Kuna, fifteen miles distant. Passengers for Boise do leave the cars at Kuna, but the freight goes on to Caldwell and is there distributed by immense trains of eight, ten or twelve horses to the wagon. Boise is within two miles of the head of the valley, and everything below it will work away from it. Down the river the feeling of satisfaction at the discomfiture of Boise is very manifest. The wealthy farmers and stockmen say that the rule has been to oppose them when they could not help themselves, and now that they can help themselves they are turning a cold shoulder toward Boise, and are glad to do it. This is why they hail the growth of Caldwell with delight. The feeling of bitterness, however, is altogether mutual.
