THE National Democratic Convention will be held in Chicago, on the eighth day of July.

SIMPSON & SWEEZY have sued us for Libel, laying the damages at \$10,000. Ha! ha! won't we have a Picnic?-Blue Hill Times.

WITH Tabor running for Governor, and Chaffee and Hill contesting for the United States Senatorship, there is a big bonanza in store for the average Colorado voter during the coming campaign.

HENCEFORTH Fred. Boehner of the Arapaboe Pioneer, in his peregrinations up and down the Valley, will doubtless be styled "The Weeping Pilgrim." Apropos, the subject-Washington's Birthday-ought to have merited the "Pilgrim's" attention.

THE Denver Republican is correct when it says that "the time is coming when the labor of honest men will not suffer by competition with convict labor. The whole system will be abolished. To encourage prison labor is nothing more than to put a very high barrier in front of the workmen who has kept out of jail. There was never any justice nor a spark of public spirit in it. The world is waking up to this."

It is stated definitely and generally believed that Senator Miller, of New York, is firmly opposed to President Arthur's candidacy for re-election. As the President has not admitted that he is a candidate the announcement is shorn of much of its force. The Senator has suddenly developed into a politician of ability and strength, and will probably largely influence, if not control, the delegation from New York to the National Convention. The machine is dead. Long live the machine.-Topics.

A TELEGRAM from Salt Lake says that city has been governed by a polygnist Council for thirty years, but on the 19th a new Council was elected under the Edmunds law and qualified. Alderman Raleigh, a Mormon Bishop, boasted having served ever since the city had a Council. He said not an act of his gave greater satisfaction than the one which disfranchised him, and called upon the members of the new Council to enter into polygamy and gain disfranchisement. D. H. Wells protested against the election held by the Utah Commission, and would not give up his place in the Council if the newly elected had not been Mormons. Raleigh and Wells have several wives each and are prominent church officials. Jas. Sharp, the new Mayor, made a speech indicating that he and all of the new Council would obey instructions in defiance of Blair, and go into polygamy. The whole city government is in the hands of supposed monogamists. It is influenced by the church and rebellious to the law of the land.

THE dispatch from Washington in yesterday's Journal to the effect that the Commissioners of the Land Department had rendered a decision invalidating the patents of 274,000 acres of the B. & M. land grant in this State is quite startling. The company is given thirty days to show cause why the patents should not be cancelled and the land revert to the Government. The reason assigned for the decision is that these lands are in excess of the amount the B. & M. is entitled to under the act of 1869, and the supplementary acts thereto. It is presumable that the lands in question are those last patented, but lie north of the Platte river. But nothing definite is known at these headquarters up to this writing. If the company fails to establish its rights to these lands, a greater part of which have probably been sold to innocent purchasers, Congress ought at once to pass a law authorizing the Land Department to carry out the contracts made by the Company, on the part of the Government."-Lincoln Journal.
