Gin. Logan Officially Notified of His Nom ination for Vice President.

Chairman Henderson and members of the committee charged by the national republican convention with the duty of for-mally notifying the candidates for president and vice-president of their nomination, met at Washington on the 24th and proceeded to the residence of Gen. Logan and were ushered into the large parior. The general stood in the middle of the room with Mrs. Logan at his right hand, and was intro-duced to the members of the committee by the chairman. When this ceremony was performed the company arranged themselves in a circle around the room to hear the address. Chairman Henderson then read a formal notification to Senator Logan informing him of the nomination as vice-president, to which the gen-eral replied as follows:

MR. CHAIRMAN AND GENTLEMAN OF THE COMMITTEE—I receive your visit with pleasure and accept with gratitude the sentiments you have so generously expressed in the discharge of the duty with which you have been entrusted by the national convention. Intending to address you a formal communication shortly, in accordance with the recognized usage, it would be out of place to detain you at this time with remarks which properly belong to the official utterance of the letter of acceptance. I may be permitted to say, however, that though I did not seek the nomination for vice president, I accept it as a trust reposed in me by the republican party, to the advancement for whose broad policy upon all questions connected with the progress of our government and our people, I have dedicated my best energies, and with this acceptance I personally signify my approval of the platform of principles adopted by the convention. I am deeply sensible of the honor conferred upon me by my friends in so unanimously ten-dering this nomination, and I sincerely thank them for this tribute. I am not unmindful of the great responsibility attaching to the office and, if elected, I shall enter upon the performance of its duties with the firm conviction that he who has such unanimous support of his party friends as the circumstances connected with this nomination and your own words. Mr. Chairman, indicate, and consequently with such counsel to draw upon, cannot fail in the proper discharge of the duties committed to him. I tender my thanks, Mr. Chairman, for the kind expressions you have made, and I offer you and your fellow com-mitteemen my most cordial greeting.

### CATTLE DISEASES.

Report of the Kansas Veterinary Surgeon.

A. A. Hillcomb, state veterinary surgeon, has submitted the following report to state live stock commissioners: "I have received during the month fifty-six communications from thirty-one various counties. Of these fifty-six communications forty-eight refer to the subject of glanders, six to diseases of cattle and two to diseases of pigs. Twenty-six counties have report-ed cases of glanders, showing that the disease is very wide spread. Forty-two farms are reported to be infected, having thereon 174 animals, horses and mules. Of these 174 animals forty-five have been found infected with glanders and ordered killed. Of the forty-five ordered destroyed, twelve were in Marion county, sixteen in Ottawa county, two in Montgomery, two in Neosho, three in Shawnee, six in Jackson, two in Reno, two in Rice and thirteen in Dickinson. Such measures of quarantine and disinfection of premises have been adopted as were believed necessary to pre-vent a further spread of the diseases. None of the cases of cattle diseases reported were ease in pigs is supposed to have been per-haps hog cholers, but opportunity for in-vestigation has not yet offered itself. I have traveled in the performance of these duties about 2,123 miles.

"Hydrophobia has made its appearance among the cattle in Lyon and Morris counties, and several of the animals have died from the effects of the disease. One be-longed to a farmer named Grabenstein, living south of Emporia, and six belonged to a Mr. Patch, in the same neighborhood. These cattle with several others, were biten by mad dogs, and two of the diseased dogs have since been killed. Near Council Grove, in Morris county, several cases of hydrophobia are reported among the cattle which have been bitten by dogs, but the full extent of the disease is not known."

# CONCERNING CHOLERA.

What the U.S. Consul at Marseilles Has to Report.

Secretary Frelinghuysen has received the following telegram from F. A. Mason, United States consul at Marseilles, with regard to the recent outbreak of cholera at

MARSHILLES, June 25.—State Department, Washington: The cholera at Toulon was kept secret until yesterday. On the 14th there was one death, on the 19th one, one the 20th two, on the 21st three, on the 22d thirteen, on the 23d five, and yesterday twelve. The cases are of a mild character. There has been only one death at the navy hospital. The deaths are equally divided between the civilians and military, and are chiefly among the aged or young. The question whether it is Asiatic or sporadic is still undecided, but the former is probable. There are hopes of checking the epidemic by sanitary precautions. The condition of Marseilles is excellent and the death rate is below the average.

# Blaine's Coming Letter.

A gentleman who has just returned from Maine says that Mr. Blaine's letter of acceptance, which has not been completed, but has been blocked out, will be one of the most interesting state papers in the history of American politics. It will outline the policy of Mr. Blaine's administration, and it will set forth, in a clear and masterly way, his views as to commercial and foreign policy, and will commend the candidate to the business interests, to all who have the good of the country at heart, and to every

man who is proud of the American name.

'No one,' said this gentleman, 'after reading the letter of acceptance, will feel that Mr. Blaine need be given the advice of the British foreign office to one of its principal ministers—'Put a little more starch in your shirt-collar.'' It will be a letter which will be in the fullest and broadest sense American.

Gen. Logan's letter will probably be much briefer, and it possibly may be confined to the limits of merely formal acceptance. It is possible, however, that Gen. Logan may decide to also treat of some of the main questions of the day.

# A New Whisky Pool.

Western distillers held a meeting at Chicago and decided upon the basis for a new pool, which provides that distillers shall run at 28 per cent. of their full capac-ity. The new pool will go into effect Au-gust 1st, subject to the co-operation of all distilleries. The meeting adjourned to ascertain whether united action was po with these conditions. Twelve of the thirty-three present refused to sign the agreement at present, claiming they were not allowed sufficient capacity.

# Fearful Fall from a Steeple.

A derrick on the tower of Grace church, New York, used for hoisting stone and building material for the new steeple, fell on the 24th, carrying with it a mass of timber and the rigging. Joseph McKee, derrick rigger, and Robert Simpson,

some distance below the edge of the tower | You Can't Make \$500 by Reading This, some distance below the edge of the tower and remained a long time suspended 165 feet over the street, but was finally lowered to the ground and sent to the hospital. His recovery is doubtful. Several large stones crashed through the roof of the church and did damage to the amount of \$5,000. The accident was caused by the foot of the derrick tipping as it was being raised. Great excitement was created and throngs of people gathered in the streets to witness the rescue of Simpson.

## CAPITAL TOPICS.

DEFICIENT APPROPRIATIONS. The attorney-general sent to the sen-ate on the 23d a communication calling at-tention to the failure of the house to pro-vide in the general deficiency bill for deficiencies under the various bureaus in the ciencies under the various bureaus in the department of justice. Among these are a deficiency of \$90,000 for fees, etc., in the marshal's office, for which the house only appropriated \$50,000, and a deficiency of \$12,000 for final payment of special attorneys employed in the prosecution of the Guiteau case. Referring to the latter amount the attorney-general says: "It appears to me that the failure to provide for the payment of attorney's services in that case is a national reproach." He also calls attention to the proviso in the house bill limiting the use of money therein approlimiting the use of money therein appro-priated to the payment of district attorneys.

GUARDING AGAINST CHOLERA. At the request of Surgeon General Hamilton, the secretary of state sent a cablegram to the United States consul at Toulon with a view to ascertaining the facts regarding the reported outbreak of cholera. If the answer indicates a serious epidemic, local quarantine stations throughout the United States will be advised to use proper precautions against the mtroduction of the disease into this country.

INTERNAL REVENUE COLLECTIONS. The total collections of internal revenue for the first eleven months of the fiscal year amounted to \$112,280,020; for the corresponding period of the last fiscal year, \$134,683,548, a decrease of \$22,403,-

A CALL FOR BONDS. The treasurer has issued a call for \$10,000,000 of bonds. The following are the original numbers: \$50, numbers 315 to \$44, both inclusive; \$100, numbers 2,363 to to 1,138, both inclusive, and numbers 8,994 to 4,000, both inclusive; \$1.000, numbers 11,089 to 12,384, both inclusive, and numbers 22,813 to \$22.857, both inclusive; \$10,-000, numbers 20,203 to 21,110, both inclusive

THE NAVY FRAUDS. Detective Wood, who discovered the navy department frauds, has declared his intention of having no further dealings with the navy department, but will press for an investigation by congress. He has submitted his correspondence with Chandler to Representative Abram S. Hewitt, of the house committee on expenditures of the

NOMINATIONS. Gilbert A. Pierce, of Illinois, governor of Dakota; John F. Kinney, of Nebraska, agent for the Indians at the Yankton agency. Postmasters—Geo. B. Mills, Astoria, Ill.; Jacob Record, Iowa City, Ia.; Chas. B. Perkins, Enawa, Ia.; Winfield F. Scott, Mapleton, Ia.; Milton J. Hull, Edgar, Neb.; Chas. C. Wilson, Sterling, Neb. THE CASE OF SWAIM.

It is understood that Representative Calkins headed a delegation which called at the white house to endeavor to induce the president to abandon the court-martial against Judge Advocate General Swaim. It is reported that the president was firm in his refusal and expressed surprise that in his refusal and expressed surprise that an officer in Gen. Swaim's position did not insist upon a trial. The detail of the court will be announced without delay.

Piso's Remedy for Catarrh is a certain cure for that very obnoxious disease.

# A Shover of the "Queer."

A sensation was created at Joliet, Ill., by the arrest of Adam Williams in the act of passing counterfeit money. Williams is the son of a prominent farmer, and lives three miles south of that city. At his house dies and other tools for the manufacture of spurious dollars and half dollars were found. Williams and another were taken to Chicage by United States officers. He is believed to be the leader of the gang. Other arrests are anticipated.

# Painted by Her Own Sex.

A woman was stripped naked in her own rooms at Aurora, Indiana, the other day, by four others and tarred from head to foot. In a Fourth street tenement house, among others, lives John Horton and his divorced wife in separate rooms, and a Mrs. Owens. For some time the former Mr. Horton has suspected her late husband of intimacy with Mrs. Owens. She became very jealous, and with three companions went to the latter's room, shut the door, caught Mrs. Owens, gagged her, stripped off every garment and poured tar over her writhing, struggling body, using a large paint brush to paint her effectually.

# Bishop of Nebraska.

The meeting of the Nebraska conference of the Episcopal church was held at Omaha on the 24th. The following were the officers of the meeting: Dr. McNamara, Nebraska City, chairman; Rev. Jas. Paterson, Omaha, secretary, and W. V. Whitten, assistant secretary. There were fourteen clergymen and laymen present. Several ballots were taken informally by the clergymen. When both clergy and laity voted, Rev. Dr. Potter, of Hobart college, Geneva, N. Y., received twelve and Dr. Hodges, of Baltimore, four votes. Dr. Potter was declared elected. The doctor s now traveling in Europe.

# PATENTS.

No Patent. No Pay. Send model or drawing. Stoddart & Co., 413 G. Street, Washington, D. C., Patent Attorneys.

# Why They Decorate.

ewiston Journal. One of the Auburn school committee visited the school in the Barker Mill district last wesk. The scholars were answering a few closing questions from the visitors. "What is the holiday tomorrow?" was asked. "Decoration day," was the reply, in a shout. "What do they have Decoration day for?" "To decorate the soldiers' graves," said several. "Why should they decorate the soldiers' graves any more than yours or mine?" There was a long silence. One little fellow finally stuck up a hand in the further corner of the room. The visitor asked him to speak. The boy said: "If you please, sir, I think it is because they are dead and we aint."

Papillon Blood Cure is a specific for all diseases of the Blood, Liver, Stomach, Bowels and Kidneys—absolutely vegetable, containing only a small percentage of spirit.

A Georgia paper is inclined to believe that the fancy for J-r-ev cattle is a craze. Diseases of the Liver, Stomsch and Bowels are cured with Papillon Blood Cure. An absolute remedy.

even if you have chronic nasal catarrh in its worst stages, for although this amount of reward has for many years been offered by the proprietors of Dr. Sage's Catarrh Remedy, for any case of catarrh they cannot cure, yet notwithstanding that thousands use the Remedy they are seldom called upon to pay the reward, and when they have been so called upon they have universally found that the failure to cure was wholly due to some overlooked complication, usually easily removed by a slight modification of the treatment. Therefore, if this should meet the eye of anybody who has made faithful trial of this great and world-famed Remedy without receiving perfect and permanent cure therefrom, that person will do well to either call upon or write to the proprietors, the World's Dispensary Medical Association, of Buffalo, N. Y., giving all the particulars and symtoms in the case. By return mail they will get good advice free of all costs.

A standard rose, said to have been planted by Charlemagne, is one of the greatest curiosities in the ancient city of Hildesheim, Hanover. Fears have long been entertained that, after its life of a theusand years, the plant was losing its vitality, but recently it seems to have taken a new lease of life, and there is much rejoicing in Hildesheim.

YOUR MONEY Will buy 25 per cent. more Groceries at the Old Re-J. B. FRENCH & CO., OMARA, than can be bought elsewhere in the state. They se 

And other goods in proportion. Send for Monthly Price List, J. B. FRENCH & CO., OMAHA. The Oldest Medicine in the World is probably Dr. Isaac Tho npson's ELEBRA ED EYE - WATE This article is a efully prepared physician's prescription, and has been in constant use for nearly a century, and notwithstanding the many other preparations that have been introduced into the market, the sale of this article is constantly increasing. If the directions are followed it will never fail. We particularly invite the attention of paysicians to its merits. John L. Thompson, Sons & Co., Troy N. V.
