to select and to collect. The many glass cases filled with fine ores, free gold and silver, are alone a success in every respect. To witness the immense pieces of ore to one unacquainted with minerals which seem valueless, but really so valuable as to be worth from \$1 to \$12 a pound, is wonderful indeed. Arizona is a large Territory and reaches from the snow clad mountains on the north to the semi-tropical regions on the south, where fruits, vegetables and agriculture flourish. If you can't go to Arizona in fact, do the next easiest and best thing, visit the department representing it in Government building.

ARKANSAS.
J. V. Corcoran as commissioner from this state has done well in his efforts to bring before the public a display that makes every resident and friend of the state glad to see. A specialty is made of fruits which is claimed by many to surpass any state, even the well-known California. Agriculture is of course the leading industry of Arkansas where everything in the way of cereals, grasses and vegetables flourish. Cotton is one of the staples; while coal and other minerals are produced in abundance, by a little development in native woods the state is equal to any and makes a fine show. Some interesting relics are here, and you can be entertained in this department.

THEY are great sticklers for law when it comes around handy, down in Missouri. A colored citizen while crossing a river down in St. Francis bottom, on a mule, fell overboard and was drowned. His mule swam safely to the shore and was taken possession of by the local justice of the peace. Three days after the body of the drowned darkey was recovered and it was found that he had a pistol in his pocket. The justice immediately had the corpse arrested for carrying concealed weapons, fined it fifty dollars and confiscated the mule and pistol to pay the costs of the case.—Journal.

A Great Story By Mr. James P. Ryan is now published in our family weekly paper. Also each week we give a sermon Rev. T. De Witt Talmage, a feature alone worth the price we charge for the whole year. In addition to the continued stories, weekly sermons by Brooklyn's most noted divine, and general literary miscellany, every issue contains the following: Illustrated sketches of prominent men; letters from all parts of the world; news of the week; happenings of interest in Missouri and Kansas; full and reliable market reports, political goings-on, Washington news and special departments carefully edited for Farmers, Little Folks, the Family Circle and business men generally. The present publishers have conducted THE TIMES for 15 years and have learned by experience that genuine merit wins more friends than anything else. The public can therefore rely on us to add every improvement desirable, and to spare no expense in keeping our paper at the head. We are encouraged by our largely increased list of subscribers, now numbering over 63,000, to continue the same course a year, and will reduce the price of \$1.00 to 75 cents, and receive subscriptions at this low price. EVERY DEMOCRAT, EVERY WESTERN MAN, EVERY FARMER, EVERY HOUSEHOLD, AND EVERY INTELLIGENT NEWSPAPER READER in this section will find something every week in THE TIMES worth our price of \$1.00 a year. Specimen copies free. Remit by postal note, money or registered letter, to 3-57. THE TIMES, Kansas City, Mo.

I will sell all imported Stock of Grade France when I cannot furnish with the actual and pedigree, and record in the Stud Book of France. The 140 Page Catalogue of the Exhibition of the Societe Hippique Percheronne of France, 1884, is purchased by M. W. Magnetic Cures. Dr. HILL man to discover the philosophical principle that all nervous pains, aches, and debility should be treated directly from the "brain battery," from whence emanate all nervous force and will power. All other forms of treatment for nervous disorders are failures. Every person who suffers from nervousness knows this, and that medicines only palliate, but never cure. These appliances are magnetic, and differ from all others on the market which are electric. Magnetism is the life of man. Their curative qualities are wonderful in all nervous complaints. The Roman physicians practiced magnetic treatment 1400 years ago in nervous diseases, but did not treat from the "brain battery." Dr. HILL has made this great discovery, the only sure cure for nervous Headaches, Rheumatism, Neuralgia, Liver and Kidney Complaints, Paralysis, Gout, Spinal weakness, Dyspepsia, Constipation, Cold Limbs and Feet, and General Debility. Miraculous cures noted every day. The Magnetic Brush lifts nails, and the only article of the kind invented. It is the greatest curative agent known and used in a "brush bath" imparts tone, replenishes the debilitated system, and creates warmth. In chronic cases our Magnetic Bands, Belts and Pads should be used. The brushes are warranted to do the work, or the money refunded. Send for circular and testimonials. By giving a description of nervous trouble, we will give advice and directions how to use our appliances. HILL MEDICAL MAGNETIC APPLIANCE COMPANY, Lock Box 55, Washington, D. C.
