General Wolsley evidently sees the futility of attempting to corral the Mahdi, or his next friend Osman Digna, on the great African desert this summer, and his dispatches favor an early withdrawal from Soudan. As it will be months before the English soldiers can hope to make an advance movement on the Soudanese rebels it would seem the better policy to take them to some more solubrious clime while they are waiting for the arid season to pass by. They are likely to be more than decimated by the climate if they spend the hot months on the shore of the Red sea.—State Journal.

Ned T. Bunting, late "general of division and chief of artillery, Gautemala," writes denying that Barrios has been killed. His reasons are that Barrios would have been found dead on the field with his sword in his hand and not loose from that weapon, if his army was defeated, and the other is that the writer, Bunting himself, was killed in the same way about ten years ago. We had preferred that Barrios had written his own denial in this case. That would have been satisfactory enough.

Magnetic Cures. Dr. HILL has discovered the philosophical principle that all nervous pains, aches, and debility should be treated directly from the "brain battery," from whence emanates all nervous force and will power. All other forms of treatment for nervous disorders are failures. Every person who suffers from nervousness knows this, and that medicines only palliate, but never cure. These appliances are magnetic, and differ from all others on the market which are electric. Magnetism is the life of man. Their curative qualities are wonderful in all nervous complaints. The Roman physicians practiced magnetic treatment 1,000 years ago in nervous diseases, but did not treat from the "brain battery." Dr. Hill has made this great discovery, the only sure cure for nervous Headaches, Rheumatism, Neuralgia, Liver and Kidney Complaints, Paralysis, Gout, Spinal weakness, Dyspepsia, Constipation, Cold Limbs and Feet, and General Debility. Miraculous cures noted every day. The Magneto Brush hits the nerve and the only article of the kind invented. It is the greatest curative agent known and used in a "brush bath" imparts tone, replenishes the debilitated system, and creates warmth. In chronic cases of Magnetic Bands, Belts and Pads should be used. The brushes are warranted to do the work, or the money refunded. Send for circular and testimonials. By giving a description of nervous trouble, we will give advice and directions how to use our appliances. HILL'S MAGNETIC APPLIANCE COMPANY, Lock Box 55, Washington, D. C.
