Boils and Carbuncles.

These are the volcanoes of the human system. They proceed from impure blood and from a riotous demoralization of the digestive organs. They are annoying, painful, and sometimes dangerous. They can be creven out by toning up the system, and this can best be done by the use of Brown's Iron Bitters. Messrs Handy & Rullman, druggist, Annapolis, Md., say: "We sell lots of Brown's Iron Bitters. All who use it seem pleased. We hear not one complaint.

# A QUESTION ABOUT Brown's Iron Bitters ANSWERED.

The question has probably been asked thousands of times, "How can Brown's Iron Bitters cure everything?" Well, it doesn't. But it does cure any disease for which a reputable physician would prescribe IRON Physicians recognize Iron as the best restorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are more preparations of iron than of any other substance used in medicine. This shows conclusively that iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discovery of BROWN'S IRON BITTER'S no perfectly satisfactory iron combination had ever been found DROMIN'S IRON BITTERS does not injure BROWN'S IRON BITTERS does not injure headache, or produce constipation—all other iron medicines do. BROWN'S IRON BITTERS cures Indigestion, Biliousness, Weakness, Dyspepsia, Malaria, Chills and Fevers, Tired Feeling, General Debility, Pain in the Side, Back or Limbs, Headache and Neuralgia-for all these ailments Iron is prescribed daily, BROWN'S IRON BITTERS, however, does minute. Like all other thorough medicines, it acts slowly. When taken by men the first symptom of benefit is renewed energy. The muscles then become firmer, the digestion improves, the bowels are active, In vomen the effect is usually more rapid and marked. The eyes begin at once to brighten: the skin clears up; healthy color comes to the cheeks; nervousness disappears; functional derangements become regular, and if a nursing mother, abundant sustenance is supplied for the child. Remember Brown's Iron Bitters is the ONLY iron medicine that is not injurious, Physicians and Druggists recommend it. The Genuine has Trade Mark and crossed red lines on wrapper. TAKE NO OTHER.

From recent surveys it has been ascertained that the entire city of Virginia, Nevada, has moved over thirty inches to the east since the big fire of 1876. The Maynard block, in Golden Hill, is known to be gradually sliding down in the direction of Gold canyon, and has moved nearly two feet since its erection. This movement is so gradual that it does not affect in any manner the safety of the building, as the ground to the depth of nearly one hundred feet to the bed rock is known to be continually sliding. It is a wellknown fact among practical miners that the ground on which Virginia City is built is what is termed a slide, and that it is necessary to sink nearly one hundred feet before finding the natural bed rock. These slides are caused by the constant crumbling of the rocks on the mountain sides. The debris thus accumulated through incalculable ages is constantly gravitating downward, and in a few hundred thousands of years what is known as the site of Virginia

City will be nothing but barren bed

The Wrong Note.

A lady of rank, says London Truth, had received the honor of an invitation to dinner from the Princess Mary of Teck, for a day when she was engaged to dine with an old friend. She wrote two letters—one to the Princess in her sweetest manner, acknowledging the honor, etc.; another to her friend, beginning: "Such a bore, dear! Fat Mary has invited me to dinner on our day, and, of course, I must go." To her horror she learned by the next post that her friend had the letter for the Princess in her envelope. The mischief was done, and she went prepared to throw herself at the feet of her royal hostess, when the Princess met her with open hands and smiling face as she said : 'Fat Mary is very pleased to see you, and hopes you won't find her a bore."

The primitive Baptists, says the Oglethorpe (Ga.) Echo, make it a rule to expel a member from the church who takes advantage of any relief law or refuses to pay a debt. A few months since one of this class, a pretty rough looking case, entered an Athens store and wanted credit for a few goods until he could sell his cotton. Not knowing his customer, the merchant refused; but about this time a well-known elder of the church entered, and, tapping the farmer on the shoulder, asked: "How are you, Bro. Blank?" "Is that gentleman a member of your church, Uncle D.?" asked the tradesman. "Oh, yes, and a good one, too," was the reply. "Well, then, my friend," continued the dealer, "go through this house, from cellar to garret, and pick out what you want. I will sell you the whole establishment, clerks and all, on credit, with only your religion as security." It turned out that the customer was one of the solid men of Northeast Georgia.
