Lesson from a Mastodon.

The tusks of a mastodon recently found in Illinois weighed 175 pounds What a gigantic toothache that animal must have been capable of having! And such neuralgia! Neuralgia, or nerve-ache, generally proceeds from a disordered condition of the blood. Brown's Iron Bitters enriches and purifies this and drives neuralgia out. Mr. W. W. Redman, Piqua, O., says, "Brown's Iron Bitters permanently cured me of neuralgia."

ossessions in the West Indies, derives its name from the Indian Xay-maca, name which the four-years' drought from which it is now suffering would seem to belie. Occupied by the Spanards in 1494, Jamaica was captured by the British under Penn and Venables in 1655, and during the time intervening between the two occupations no less than 700,000 of the native Indians disappeared, the Spanish rule being signalized by atrocities and cruelty it would be hard to match in the world's history. The population of Jamacia now amounts to 580,804, of which the whites number 14,432, the remaining portion being composed of blacks, colored, Indians, coolies, and Chinese. The administration of the sland is in the hands of a governor appointed from home, and the council, partly consisting of imperial appointses and partly elected by the community. It is only during the last year that this latter concession has been granted, formerly the council being nominated by the governor and local interests being consequently kept in abeyance. The chief grievance more or less in Jamaica, and a very genuine one, is the excessive cost of keeping ap the gubernatorial administration, which has to be borne entirely by the people. That this is no light matter the figures show, the population of the isand being about 600,000, and the total expense of the government nearly £600,000, or close upon \$5 a head per annum .- Cor. Billious Complaints are caused by torpidity, congestion, or the ulceration of the liver.

The symptoms are dark, greasy, yellow skin, a brown or whitish coat to the tongue, appetite irregular, often a dry cough at night.

The skin sometimes breaks out into pimples and sores, and the whole system is out of order. Wright's Indian Vegetable Pills are one of the very best remedies known for any form of these troubles, and will certainly relieve the sufferer. They are purely vegetable, made from the best drugs by competent hands, and give satisfaction. They are very gentle in their action, causing no griping or unpleasant feeling to the most delicate.
