The pay car made its monthly pilgrimage over the B. & M., Monday, replenishing the boys' exchequer at this place on that evening.

A new law firm has been formed, composed of the following talented trio: Major Williams, Judge Lucas and Squire Hulburd.

We are requested to announce Episcopal services at Menard's Opera Hall, by Rev. C. L. Fulforth of Red Cloud. A general invitation is extended.

Neat picket fences are being put around their properties by Messrs J. H. Ludwick, A. C. Ebert and Conductor Coy. All are materially improved thereby.

This is fine weather for the thousands of trees recently planted in this city and neighborhood. Cool, damp weather is just what they want to make them start a booming.

Twenty-three travelling men made the McEntee House headquarters, Sunday. While the old reliable Commercial and other hotels were taxed to their utmost capacity.

MOVED TO THE CITY—Dr. Z. L. Kay has moved into town, and will hereafter be found at his residence, first door east of Receiver Babcock, at night. His patrons will observe the change.

Our rustling little county capital comes to the front, this week, with a National Bank. Indianola is to be congratulated upon her laudable endeavors to keep well in sight of this metropolis.

McCook is the most popular Sunday resort for commercial tourists in the Republican Valley. Our hotels make it so. Superior accommodations and general excellence is thus recognized, simply.

THIRTY DAYS—Tim Murphy, who has become a familiar land-mark on our streets, as a disgusting, dissipated old loafer, was sent to the county jail, Monday, for stealing some pipes, tobacco, etc., from the Kuester restaurant, the first of the week.

With this issue we send out over 300 copies of the Chicago Weekly Inter Ocean, the best weekly newspaper in the west, which we are offering in connection with THE TRIBUNE for \$2.50 in advance. This is a fine opportunity to secure cheap reading.

The Indianola Times has been taken possession of by the firm of Marler, Luse & Co. of Chicago, to satisfy an unpaid mortgage of over \$1,200, which they held against the office. Again have we a demonstration of the fact that you can't conduct a bona fide newspaper very long on wind, although the article is bountifully supplied in this country by nature. It takes some means and ability to successfully sail over the tempestuous sea of journalism. We understand that Bishop of the Courier proposes replenishing his depleted office by purchasing the material, excepting the second-hand Prouty.

As our readers will observe per card in this issue, Prof. Webster is arranging to have Eli Perkins, the celebrated humorist, lecture in our city, April 26th, Monday a week, provided a sufficient number of tickets can be sold. Eli Perkins' reputation is national and he needs no commendation at our hands. We hope our citizens, who have liberally patronized far less meritorious entertainments than Mr. Perkins will give, will crowd the Opera Hall and thus in a measure reimburse Prof. Webster for his heavy losses heretofore. Tickets will be on sale at once.

IN TROUBLE AGAIN—While intoxicated, Gene Hall became engaged in a little racket at Clyde's saloon, Monday, in which he was severely used up by the bar-tender, Taylor, who afterwards had Gene arrested for assault and battery. Gene thinks it pretty hard luck to be knocked around like an old shoe, and then arrested for assault and battery. But that's what whiskey does for a man every time. It knocks a man down and then kicks him for falling, and the best way to keep out of trouble, the surest means of avoiding such treatment, is to let liquor and saloons severely alone.

To-day, the First National Bank of Indianola commences operations with a capital of \$50,000. The First National succeeds to the banking business of the Red Willow County Bank, while the latter bank will deal hereafter exclusively in farm loans, school district, municipal and county bonds. The First National will be under the management of Senator Dolan, one of the ablest financiers of the Valley, and this assures an ably conducted banking institution, a credit to the town of Indianola and Red Willow County.

STILL ANOTHER—Ex-Lieut. Gov. A. W. Agee of Aurora was in the city, Monday and Tuesday, arranging for the establishment of a branch law office at this place. He has secured rooms over the Paragon drug store, which he will return in a week or so and fit up for that purpose. Mr. Agee is a lawyer of twelve years' experience, with a wide acquaintance with men and affairs in this state, and he will doubtless secure his share of the legal business of the community.

The Governor has issued a proclamation organizing Chase county. Hamlin R. Witham, John McLellan and Alfred S. Allen are appointed special commissioners, and John C. Hayes, special county clerk. W. 1/4 of section 33, township 7, north of range 38, west of the 6th P. M.

This week, Contractor Collins commenced the manufacture of bricks at his yard on the east side of town. His machine has a capacity of 20,000 per day, by the wet process. He will have a ready sale for all he can manufacture.

Upon all three appearances of the Jay Simms Combination in our city, the first of this week, the Opera Hall was well filled, and the various plays presented enjoyed and appreciated. The combination is composed in the main of fair talent, and the success with which they have met and the impressions they have made will insure them a favorable reception should they ever return to this city.

MORE RESIDENCES—J. A. Brewer is having a dwelling house erected on Macfarland street, immediately north of Mrs. Hamm's new house. Another is in course of construction in West McCook. While all over the city are residences in various stages of completion, which will be hurried along with all expedition during this fine weather.

THE TRAVELERS INSURANCE COMPANY began business in April, 1864, and is still managed by the men who started it. It is not only the oldest, largest and strongest Accident Company in America but the only one of any considerable size. Its Cash Assets have steadily increased year by year, and now reach \$7,826,000, the liabilities being \$5,879,000, leaving a surplus to policy-holders of \$1,947,000. It has written nearly 1,100,000 General Accident Policies, and paid cash benefits to over one in nine of the insured, amounting to over \$7,300,000. No better or surer investment of the small sum required can be made than in a Yearly Accident Policy in THE TRAVELERS, which secures the principal sum in event of accidental death, or a weekly indemnity for injury causing total disability and loss of time. Any agent will write a policy at short notice. R. S. COOLEY, Agent, McCook, Neb.

The fact that the devil himself once displayed great aptitude for scriptural quotation, is perhaps not more remarkable for sublime gall, than the prating of the prohibito-republican editor of the Democrat about political honor, consistency, etc., ad nauseum. Does it sound manly for an alleged republican, who is running a so-called bourbon sheet to harp about political honor? How much confidence does an individual, pompous and important though he may be in carriage and demeanor, inspire who once runs a prohibition paper in bleeding Kansas, but who now edits, with the liberal use of scissors and the resurrection of ancient chestnuts and dressing them in an ostensible garb of originality, a saloon dodger, with special departments for the rest of the trio—women and cards. To thoughtful, honest people such a character for political integrity must appear noble indeed. Or is the real elegant display of cheek most to be admired?

Money Saved.

Owing to the small amount of room and inconvenience of being crowded, I have concluded to close out my SEWING MACHINES. I have only three left. Remember the ROYAL ST. JOHN is the best machine made. Just now, and at no other time, will you have a chance to buy a good machine so cheap.
