And for the transaction of such other business as may properly be presented to the convention.

Table with columns: Counties, Delegates, Counties, Delegates. Lists delegates for various counties like Adams, Antelope, Blaine, Boone, Brown, Buffalo, Butler, Burt, Cass, Cedar, Colfax, Cheyenne, Cherry, Clay, Colfax, Cuming, Custer, Dakota, Dawson, Dixon, Dodge, Douglas, Dundee, Fillmore, Franklin, Frontier, Furnas, Gage, Gosper, Grant, Greeley, Hall, Hamilton, Harlan, Hitchcock, Holt.

It is recommended that no proxies be admitted to the convention except such as are held by persons residing in the counties from which proxies are given.

Republican Senatorial Convention.

The republican electors of the 30th senatorial district of the state of Nebraska are invited to send delegates from the several counties to meet in convention at McCook, Thursday, September 9th, 1886, at 1 o'clock, P. M., at the opera house, for the purpose of placing in nomination one candidate for state senator.

The several counties are entitled to representation as follows:

Table with columns: Counties, Delegates, Counties, Delegates. Lists delegates for Red Willow, Frontier, Gosper, Dundee, Chase.

It is recommended that no proxies be admitted to the convention except such as are held by persons residing in the counties from which proxies are given.

Prohibition Convention.

The prohibitionists of Red Willow county, Neb., are hereby called to meet in mass convention at the Court House in Indianola, on Saturday, the 14th day of August, 1886, at 2 o'clock, P. M., central time, for the purpose of nominating candidates for the coming campaign and electing 5 delegates to the state convention to be held in Lincoln, August 18 and 19, and for the transaction of such other business as may properly come before the convention.

County Central Committee Meeting.

There will be a meeting of the Republican County Central Committee at the Court House, Indianola, Neb., August 7th, 1886, at 1 o'clock, P. M. A full attendance is urgently requested.

THE little political ax is being ground up in fine shape, these days.

WE are informed that Senator J. W. Dolan has secured one delegate from Hayes county, with a fair prospect of getting the support of the remaining one.

THE Burlington seems to have settled on Taylor's pass as the proper place to cross the range. When once she starts, stand from under. Grand Junction will catch on sure.—Grand Junction (Colo.) News.

WESTERN Nebraska is of one mind in regard to the candidacy of Hon. G. L. Laws for secretary of state. We have no doubt but he will receive the nomination on the 29th of September.—Oxford Standard.

THE woods seems to be full of embryonic candidates, but all of them are afflicted with an unusual and unprecedented attack of modesty, which is unnatural, unnecessary and unbecoming. Will some one please knock the ebony-hued genius off the wood pile?

THE demijohn announces with all due solemnity that J. Byron Jennings, of our city, is NOT a candidate for county attorney. The demi has a great time, these days, announcing suppositious republican candidates, (the efferescence of his own disordered imagination,) in one issue, and in the following correcting the same. The display of ears is just as amusing to the public.

It is confidently asserted that Webster will not be able to elect a full delegation from Hitchcock county to support him in convention for the State Senatorship. If such is the case, the Colonel's "jig is up," and Senator Dolan will succeed himself.

A MEETING of the Republican Central Committee of the 30th Senatorial District was held in this city, last Saturday afternoon, in accordance with the call of the Chairman. Those present were: W. S. Morlan, Furnas county; B. M. Vastine, Hitchcock county; Geo. Hocknell, Red Willow county; and Secretary Taylor of Hitchcock county. The state basis of representation from the various counties of the district was adopted. The convention of the district was called for September 9th, at Menard's Opera House, in this city.

HOW IS IT?

After the county fair, last fall, President T. C. Teas, of the County Agricultural Society, presented to the county clerk his certificate as prescribed by law, with the view of obtaining additional funds with which to pay off the premiums that had been earned. Nothing was done about the matter until June, of this year, when the county commissioners ordered a warrant drawn in favor of D. E. Moore for \$181.70 on the levy of 1886. Now what we want to know is, is this sum to be appropriated among those who drew premiums at the county fair last fall, and only received fifty cents on the dollar, or is it to be added to the fund for distribution at the coming county fair? Again, if this sum is placed to the credit of the coming county fair, what is to hinder their securing the amount that the society is entitled to and adding it to the same fund this year? The law contemplates that the amount appropriated by the county for any one year shall go to pay the expenses and premiums of that year, but here we are presented with the spectacle of the society getting two appropriations in one year. For no one can question if a county fair can be held at McCook, as now contemplated, the society will be entitled to the appropriation out of the county treasury of the amount contemplated by law, and which it may lawfully appropriate to the payment of its expenses and premiums for 1886.—Indianola Courier.

This is the how is it of it, George: The amount you refer to, \$131.70, was drawn in favor of President Moore, and for the use and benefit of the 1886 meeting of the society, because the legal steps were taken by the officers, THIS SPRING, to secure the benefit of the provisions of the law relating to agricultural societies, and has nothing to do with what the late president, Mr. Teas, did LAST FALL. In other words you are completely off your eggs about this entire matter. One appropriation is all the present management will use, so compose your excited feelings, and keep perfectly cool and better informed in the future.

BANKSVILLE BULLETIN.

Conundrum: Does any one know what attracts Mose McKenzie up in this section?

In our last article we are quoted as saying "breezy firmament" in one item which should have been "brassy firmament."

Mrs. Prof. Webster came out from McCook a few days last week bringing a lady friend and sojourning on the homestead.

Threshing and haying are now the order of the day. Sax Coltrains' wheat threshed last week, yielded 18 bushels per acre, we are told.

A. D. Lincoln departed for Friend, on Tuesday, July 21st. He has been getting his family settled on the homestead, and now returns to his vocation, i. e., traveling for Baker's patent medicines.

There will probably be a match game of base ball between the Danbury nine and the Banksville nine on one week from Friday on our grounds near John Goodenberger's, followed by a dance at John Winsor's in the evening.

Miss Maggie Goodwin is looking for her mother to return from Crete on Thursday of this week, when there is one more young lady made happy. Mrs. Goodwin will be accompanied by Mr. K—, well, guess we won't give it away. But it is one of the reasons Maggie is happy.

The Sabbath schools near propose to join and have a picnic at Cedar Bluffs on August 19th, when and where it is proposed to have a good time generally. Committees from the several schools met on last Sunday and drafted a program and perfected other arrangements for the same. Everybody is invited to come and bring all the good things they have to eat.

A number of our people were disappointed on Saturday afternoon last who came to see a game of base ball between Vailton and the home club. For some reason the Vailton club did not appear. But the spectators were treated (?) to the exhibition of a man (?) trying to do the riot act, but who failed for want of "sand," but who nevertheless succeeded in insulting the ladies who came to witness the game. The ladies have resolved that such proceedings shall not occur again. So that spectators need not stay away anticipating a repetition of the occurrence. We are glad to say that the most of our boys are gentlemen. But we must expect to find the opposite in all miscellaneous crowds, we suppose, although we have no use for them.

SOUTH-SIDE DOINGS.

Oh, fire off the cannons, and ring the bells for joy, for I'm the happy father of a bouncing baby—girl, is the way Will Long sings it. And then he snole a smile, we mean he would,—if it had been a boy.

Mrs. J. E. Carney and family, whose husband and father was struck and instantly killed by lightning, last Tuesday evening, the 27th, has the heartfelt sympathy of the entire community in their affliction.

Stricken down, we bow, With hearts filled with sorrow, Oh, would it were a dream, To be broken on the morrow.
