We regret to state that the dance held in the McNeely building, Friday evening of last week, for the benefit and under the auspices of the band, was not a success as was desired. The lovers of the fascinating art terpsichorean did not turn out with their usual numerousness, somehow.

We learn that Rev. W. S. Wheeler of the M. E. church, has been assigned to the Bartley charge, and that a Rev. Rodebaugh will fill the vacancy at this place. We are sorry to see Rev. Wheeler leave this immediate field, but welcome the new minister and family, who are expected to arrive next week, to our midst. Rev. Wheeler, who is also county superintendent, still retains his residence in our city.

FOUNDED—A large party of folks called on Rev. and Mrs. W. S. Wheeler, last Friday evening, and administered a pouncing that the reverend gentleman and his estimable helpmeet will have occasion to remember with pleasurable emotions long hereafter. A pleasant evening hour was passed in social chat, the company retired, leaving their pastor and bride richer in purse and spirit.

A prominent feature of this holiday week was the speech by Congressman Laird of this district, at the Opera Hall, yesterday afternoon. "Our Jeems" has the reputation of being one of the most eloquent speakers in the state. A reputation he well sustained. He also addressed the multitude at the fair grounds at a later hour, in response to repeated calls from the people, when in a few well chosen, happy remarks, he further gained the esteem of the citizens there assembled.

THE COUNTY FAIR.

A Grand Success—Magnificent Display and Large Crows—Superb Races.

The fair which closed Friday at this place may be catalogued among the most successful undertakings in which our people have ever engaged. Every department is well represented, the display of stock and farm products, and in plain and fancy needle work and fine arts are simply magnificent, and a pleasant surprise to all. Time forbids our entering into a special mention of the numerous meritorious exhibits to be seen; at this time we cannot attempt to write but in general terms of a really magnificent fair, deferring until a future time a more lengthy and specific report thereof. In fact the fair is a credit and an honor to Red Willow county, and marks an epoch in her history of progress and prosperity.

FAIR FANCIES.

Pool selling is the curse of the race track.

The crowds have been large, though exceptionally sober and civil.

Next week we hope to give a complete list of the premiums awarded.

Good people, the premiums will be paid at once commencing with Monday. Be patient.

*You may have observed the fact, but Billy Barstow is a "starter" from "away back." Straight goods and no discount is he.

Merced of Barr Oak, Kansas, may be a good horseman, but his ideas of geographical distances are too liberal to be orthodox.

The races up to the date of our going to press, this afternoon, have been "for blood," and exceedingly interesting and exciting.

We have had the grandest fair ever held in Southwestern Nebraska, the prophecies of the gambling fraternity, who have been entirely "shut out," to the contrary, notwithstanding.

In thorough bred and grade horses, cattle, sheep, pigs, etc., the showing was large and splendid. No one supposed that this section of the state could produce such specimens.

The grand display of premium stock, Friday afternoon, elicited many complimentary remarks. The fact is that Southwestern Nebraska is coming to the front rapidly and permanently.

A few toughs from Culbertson tried to run things at the gate, Thursday afternoon, but failed dismally. The boys at the gate knew their business, and promptly fired the offenders, after peeling a proboscis or two.

The atmosphere at the fair grounds has been rather chilly for active operations in the fair or tin-horn line, so they have confined their nefarious games to the city, a more congenial climate, where they have been un molested.

The agricultural exhibits in the prominent points of variety and excellence are pronounced superior to the showing made at the state fair in Iowa, by parties who attended both fairs. And this has been a dry season, you know!

The exhibits of horses, cattle, (thoroughbred and grade) farm products, plain and fancy needle-work, fine art, etc., now to be seen upon the fair grounds, is marvelous for a new country such as ours. They would do credit to any county in the state.

The school children attended the fair, this afternoon, in a body, while business generally was suspended, the people turning out en masse to attend the exhibition, which has never been equalled in extent or excellence in Western Nebraska.

That the free-for-all trot race, Friday afternoon, was "fixed" is to be regretted and the parties connected therewith severely censured. However, the judges did the best possible thing under the circumstances, changing drivers on None Such and Maclod, and declaring all pools off.

During the 2:30 trot, Wednesday afternoon, Cling and None Such fouled, resulting in a smash-up for Cling's driver, Scott McCoy, who fortunately narrowly escaped serious injury. The affair was unfortunate, but we think unintentional. Mr. McCoy has been doing his regular driving since, although considerably bruised.

Among the prominent drivers on the grounds are: W. S. Edwards, Charlie E.; Charles Drakely, None Such; W. W. Corroll, Etta B. and Pilot; Brock Smith, Maclod Cook; J. H. Penman, Kate Ewing and Tramp S.; L. M. Smith, Billie Button; Ed. Davis, Maud B.; J. W. Mercer, Friend Boy; Scott McCoy, I. Jay S. and others.

Excepting Omaha, the exhibitions made in the speed ring were superior in every consideration to any that have occurred in Nebraska, this season. Experienced horsemen so declare. The races for the most part were most hotly contested, and by reference to the report above, it will be seen that the time in all the classes was not slow by any means. The probabilities are that the track at this place will be among the National Association speed courses by next year, the reputation made during the present meeting and at last year's, having catalogued it among the FIRST in the west. May its luster never be dimmed.

CITY SCHOOL REPORT.

The following is the report of our school for the month of September.

No. boys enrolled, 108 No. girls, 142 Whole number pupils enrolled, 250 Number belonging, 280 Average attendance, 230 Cases of tardiness, 17 Time lost by tardiness, 2 hours. Number of new pupils, 43 Visits of parents and patrons, 43

The school savings banks went into operation on Monday last. We herewith present the regulations concerning its management.

Deposits will be received every Monday only, before the morning session by the teachers of the different departments. The amount will be delivered to the principal, who will deposit it the same day in the First National Bank in the name of each depositor.

One to fifty cents will be received by the teacher. When a pupil has a deposit of twenty-five cents or more, a bank book will be given free of charge by the bank.

Deposits of three dollars and over will bear interest quarterly at six per cent. The bank books of the pupils are kept by the principal as long as they attend school. If they leave school, the book will be given to them, and they can withdraw their money, but they will require the presence of their father or mother or guardian. During the summer vacation of the school, deposits may be made or money withdrawn from the bank direct, the cashier acting during that time for the teachers.

The following pupils made deposits Monday morning, Oct. 4th:

- Ida Hurd, Eva Hurd, Mary Saunders, Louisa Suess, Helen Davis, Eva Dimmitt, Grace Martin, Sylvia Williams, Ella Williams, Edith Phelan, Clara Phelan, Jesse Jarvis, Elizabeth Kelsey, Mabel Rawlings, Willie Snyder, Chester Walker, Frankie Nickelson, Walter Scott, Harry Kimmel, Bertie Irwin, Ida Hurd, Eva Hurd, Mary Saunders, Louisa Suess, Helen Davis, Eva Dimmitt, Grace Martin, Sylvia Williams, Ella Williams, Edith Phelan, Clara Phelan, Jesse Jarvis, Elizabeth Kelsey, Mabel Rawlings, Willie Snyder, Chester Walker, Frankie Nickelson, Walter Scott, Harry Kimmel, Bertie Irwin.

The sum of four dollars and thirty-eight cents was received from the entire school, and the amount placed in the First National Bank. Doubtless the number of depositors will be increased every week.

W. S. WEBSTER, Principal.

*In a gentle reference to S. L. Green, in last week's Courier, its pugilistic editor reiterates its charges of 1883, but intimates in extenuation of its present course, that the Ethiopian can change his skin, the leopard his spots. Whether the people of Red Willow county can be convinced of the truthfulness of this violent assertion, November will more clearly indicate.

NOW is the season of the year when any of us are liable to be taken with cramps, colic, diarrhoea or dysentery; how essential it is that all families should keep a good colic and diarrhoea remedy at hand. We guarantee Beggs' Diarrhoea Balsam to give perfect satisfaction or money refunded. Out of 1,000,000 bottles sold last summer not one was returned. For sale by M. A. Spalding, druggist.

Mallalieu University.

The first term of Mallalieu University opened on schedule time, September 20th, in Bartley. This town has grown into existence since June 9th, and already contains not less than fifty good substantial buildings and more in progress of erection. It is to be the "Athens of the West" if it continues its present rate of progress, and there is no earthly reason why it should not. Several families are ready to take students at low rates as boarders, the Dormitory, a commodious building, is in running order and rooms partly occupied, a large brick block is used as school building, with two or three accessories nearly ready, should the brick become too full; and now we are ready to say to the youth of the Republican Valley—come to Mallalieu University and educate yourselves.

Chapel Hall in the brick block, was informally dedicated, last Sunday. An audience of nearly two hundred people was present. Elder P. C. Johnson preached a very appropriate sermon from the text, "Ye are the Light of the World."

A word or two about our teachers may be in order.

Prof. Wm. Peck, acting Chancellor and Professor of modern languages, is a man of scholarly attainments. His education is exceedingly broad, and he is a deep and profound thinker. He will make it very interesting for those desiring the best instruction in German and French, or in higher mathematics.

Prof. Wm. Smith has charge of the Normal department and Natural Science. The Normal course is a most excellent one, requiring two years of study for a first-grade certificate and also an advanced course of two years more.

Miss Blackburn, an excellent scholar, will have charge of Ancient Languages.

Prof. Andrus, in charge of the Business department, has had marked success in his line. The Business course, designed to meet the wants of the young men and women of the west, embraces book-keeping, penmanship, a rapid practical business hand being the thing desired and taught, business arithmetic and rapid calculations taught by sharp drills, commercial law, and forms for letter writing and business correspondence. The Business and Normal course will be the most popular in the institution for supplying present needs.

Prof. Worley was on hand, last Sunday, with an impromptu choir which did him credit at the dedication services of the Chapel. His assistant, Prof. Watt, is also hard at work with the students taking instrumental music. The Professor has been engaged with classes in various towns along the road and is probably well known to the citizens of the Valley.

Miss Minnie Blackburn, the artist, has opened up a fine display of her work, in oil, crayon and pastel, and is ready to instruct others to do likewise. At present she will be found at the Dormitory.

DIED.

COX—Thursday, September 23d, 1886, in East Valley precinct, this county, Eber L. Cox, aged 33 years and 5 months, of dropsy.

The deceased was highly respected by a large circle of friends and neighbors and his death is greatly deplored. The esteemed family, wife and four children, have the deepest sympathy of all. The funeral was attended at the Congregational church in Cambridge, sermon by Rev. Amos N. Dean.—Kaleidoscope.

*The intelligent voters of Red Willow county desire a representative in the halls of legislation who has nobler, manlier qualities than "smoothness" and "slyness," and so on ad nauseum. The representative of a constituency like this must have character worth, to recommend him for their suffrages. Republicans will have no other.

GOVERNOR PATTON'S attack upon the Pennsylvania coal pool is attracting wide attention and comment. The prevailing impression among the legal fraternity seems to be that he will succeed in worsting the pool. It is admitted that the plucky governor will have a hard tussle, but that he has the advantage of having the law on his side, which will make the resistance of the pool an uphill business.

ANDREW LUCAS, the latest body servant of Andrew Jackson, has just departed this life at the patriarchal age of one hundred and twenty-five, in Bradford, Ontario. He was born a slave in Tennessee, knew everybody in public life who ever amounted to anything at all, and has gone the way of all the other body servants of General Jackson, in order to keep the procession unbroken. In a month or so he will be followed by another, and so the merry march will go on.
