MAIN STREET,

THE senate of the United States goes on record as against female suffrage by a vote of 16 to 34.

Now that the deed is performed there are about 40,000 Nebraskans claiming the honor of having slain Cook Robin (Van Wyck.)

THE absorption of the B. & M. into the "Q" system, under one set of officers is again contemplated, so our grape-vine line brings it.

THE good old days of the wonderful "bob sled" are of the past. All such mysteries of construction are now only recognizable under the euphonic name of "toboggan."

IT is an off day of frigid temperature when some of the back counties' representatives fail to materialize with a bill to establish a state normal school at some cross-roads remote.

THE Curtis Record gives it out cold that Judge Amasa Cobb succeeds the doughty Van Wyck in the United States Senate. The Record's grape vine telegraph is presumably a little out of kilter, so to speak.

VAN WYCK is credited as having said to a friend, who was rather cast down over the senator's defeat, "brace up, old boy, the music has just commenced. You have heard the overture, but mark the finale!" List!

THE senate has been polled on the question of prohibition. Those favoring the submission of a prohibition amendment, are Brown, Calkins, Casper, Heartwell, Holmes, Keckley, Majors, Kent, Lindsay, Linn, McNamar, Meiklejohn, Robbins, Snell, Sprick, Sterling. Those opposed are Conger, Bonesteel, Burnham, Duras, Higgins of Cass, Higgins of Colfax, Luning, Moore, Schminke, Shervin, Tzschuck, Vandemark, Wolbach, Wright. Absent, Campbell. Declining to commit, Colby and Fuller.

SUSAN B. ANTHONY has at last found an occupation worthy of her abilities and ambitions. She says she will devote the remainder of her days to making it hot for those senators who voted against her suffrage amendment that was putatively fathered by Blair. Ingalls, for some reason or other, is to be the first victim of her scalping knife, and she has put out her proclamation that Ingalls must go. Seriously, Susan has said that the fellows that voted against that amendment cannot be returned to the United States senate. This includes all the democrats and quite a sprinkling of republicans. The democrats will not be missed, as for the republicans, they had better try and make their peace with Susan if they can. We fear, however, that they cannot. Susan is not a forgiving spirit.—Lincoln Journal.

IT is estimated by the clerks who handle the bills introduced in the house of representatives that more than two thousand measures have been presented since it became evident to any wide-awake member that there was not the least hope of action by both houses, and that the measures would die, and that one-half of these, the authors well knew, would never be acted upon by either house. Even at this late day a call of the house will result in the introduction of from one to three hundred bills when committee meetings, with a very few exceptions, have been suspended, and it is improbable, not to say impossible, that any of them will receive attention. Asked why this was so, an old member said: "It is to satisfy the constituency. Why, I have often received requests from constituents during the last month in congress to introduce a bill, and when I told them that there was not the least possible chance of consideration they urged that I introduce it any way. I have had constituents insist that I introduce a bill on the very last day of a session, and if I did not do it they would work against me."—Bee.

### Beggs' Cherry Cough Syrup

Will relieve that cough almost instantly and make expectation easy. Acts simultaneously on the bowels, kidneys and liver, thereby relieving the lungs of that soreness and pain and also stopping that tickling sensation in the throat by removing the cause. One trial of it will convince any one that it has no equal on earth for coughs and colds. McMillen & Weeks have secured the sale of it and will guarantee every bottle to give satisfaction.
