### PLEASANT RIDGE DOINGS.

As the hand of time unveils to us the realities of the future with the unbroken lines of events of joy and sorrow swiftly gliding into the past, we note down the following items:

Rumors are afloat that the Rock Island R. R. will throw dirt up the Beaver, this summer. Let them come. Every man will have a railroad at his house by the next holidays.

E. G. Dunham is rustling around getting ready to move on his pre-emption in range 20. He will make things ache this summer, with that new team bought from Brewer & Russell.

Our noted farmer, John Calkins, has commenced on his 80 acre field of wheat. He has a broadcast seed-sower that will sow 50 to 60 acres of wheat a day. Farmers fetch along your wheat ground, and get the seed scattered over it in short time.

Our school will close on the 24th inst., and upon invitation of the Young People's Mission Band of the Lutheran church of McCook, we will hold our final exercises at the regular meeting of the band, on March 26th, in the high school room at McCook at 2 P. M.

W. W. Dunham has finished one of the finest stables in Red Willow county. If some of our eastern old fogies were to come west and see what a western pioneer man can do with a few boards and Nebraska's native brick, they would be perfectly surprised.

W. H. Allen has a friend just from Polk county, Iowa. He rode from McCook to the Beaver with your correspondent. His remarks were, "what splendid roads and what a splendid country this is compared to the mud holes he had left in Iowa. Red Willow county can beat the world for good roads."

Rev. E. J. Hall contemplates opening a night school in McCook, the week after Easter. Further particulars as to exact day and place will be given in due time. Terms, One Dollar per scholar per month. Any one desiring to come to the said school please leave their name at the residence of the Rev. J. W. Kimmel, pastor of the Lutheran church.

Clouds of mourning overshadow this neighborhood, while diphtheria and her companion, death, are with stealthy steps seeking for prey. They stopped at the residence of Mr. Allington, laid their icy hands upon their two children, one an infant babe of five weeks old, and the other a sweet little girl of three years old, and having broken precious family ties, left the broken-hearted parents in inconsolable grief. They were interred in the Danbury cemetery.

Hurrah for the coming spring weather and seed time. The farmers are taking advantage of the delightful spell of weather. Nearly on every hill may be seen plows and breakers, stirring the soil, and the husbandman committing the seed to Old Mother Earth. The sowing of wheat is the great business of the day. Courage boys, in your work and may the Great Master of the Universe bless your labors with an abundant harvest. There will be a larger number of acres of wheat this Spring than ever before in Red Willow county.

Hark, methinks I hear the long roll beat, the bugle sound, the command comes, boys in blue fall in, strap on your knapsacks, get in line, double quick march. A skirmish line is thrown out, a flash, a boom, the main army comes to the front in a solid mass with a slow tread, the engagement is fairly begun, the question comes like a flash: Are there any of the boys in blue left? The answer flashes back, yes, a few crippled and broken down frames—frames not able to do any manual labor and support their families. Our noble president says: Put that class in the alms house, and bind their children to serve some apprenticeship, they have layed down their lives and broken down their health to protect the country, but they should have been dressed in gray instead of blue.

YOUR CORRESPONDENT.

### GLENWOOD WONDERS.

Spring is coming! Spring is coming!  
Is the echo everywhere;  
We can see it in the landscape,  
We can hear it in the air.

Dr. DeMay called at Dr. Critter's, Sunday.

Mr. and Mrs. John Relph visited in Glenwood, Sunday.

Mr. and Mrs. McCaslin Sundayed with Mr. and Mrs. A. Fredericks.

Mr. and Mrs. Butters went to Indianola, Wednesday, returning the same day.

We understand school is to commence, Monday next, with Miss Fannie Richardson as teacher.

Mr. Frampton and E. J. Henderson spent the evening with Mr. Fred. Benjamin, Thursday evening.

Mr. Ed. and Fred. Benjamin and E. J. Henderson have purchased a pulverizer, which is the very thing for this Nebraska soil.

A few invited guests met at Fred. Benjamin's, Friday evening, to honor Mr. James Parker's 60th birthday. Mr. Parker is Mrs. B's father; he arrived here about three weeks ago. Supper was announced at 8 o'clock—of course it is useless to comment on the repast for it is understood that Mrs. Benjamin's skill cannot be excelled in getting up a good supper. Though Mr. Parker was 80 miles from home he was made to realize that he was remembered by his daughter and friends, and we sincerely hope he may have many returns of that day and that we may be able to help him partake of the good things.

COUNTRY COUSIN.

Mr. Wm. Westlake, stock raiser and breeder of thoroughbred horses, living near Avoca, Nebraska, was badly injured by being thrown from a sulky. After using numerous liniments and consulting physicians, without being afforded any relief, he obtained a bottle of Chamberlain's Pain Balm from the druggist at Avoca, which he began using and noticed a change for the better, after a few applications; in two weeks he entirely recovered the use of his arm. It is unequalled for severe bruises and sprains, rheumatism and lame back. Sold by Willey & Walker and McMillen & Weeks.

H. L. Dodd arrived, yesterday, from Davonport, Iowa, and has gone to work for Peter Penner, the Dennison street harness man.

Itch, Mange, and Scratches of every kind cured in 30 Minutes by Woolford's Sanitary Lotion. A sure cure and perfectly harmless. Warranted by S. L. Green, Druggist, McCook.

### TOWN 4, RANGE 30.

L. Congar of Polk county, Iowa, moved into this town, Tuesday.

Wm. Coleman went down to Indianola, Tuesday, on a business trip in the interests of this town.

This part is settling up rapidly, and parties who want to locate in a fine country, and get land cheap, had better come running.

Weather fine, frost about out, roads dry, smooth and solid. Some done sowing wheat and plowing for corn, and all contented and happy.

F. Amend took dinner at the school house on the last day of school, and he was so well pleased that he would like to have school close about every other Friday.

An old neighbor of Wm. Grant arrived from Minburn, Iowa, on Saturday, with a car of stock, farm implements and household goods, and have come to stay. When asked, "What do you think of our country," his reply was, "I have seen more fine country in the past twenty-four hours than I ever saw before in all my life."

H. Francis of Dallas county, Iowa, was in this town, this week. He said he had a fine country, and a good one, too, and if he could sell his farm in Iowa, he would locate here. He was here in October, 1885, and he was astonished at the rapid advancement made since then. He said "one-half of Dallas county would come out here if they could get away."

A three months' term of school in our district closed, Thursday, March 10th. The regular school exercises occupied the forenoon. At 12 o'clock a table was set, laden with an abundance of collies, tempting to the appetite, was greatly relished, judging by the rapidity with which it disappeared. The afternoon exercises consisted of declamations, select readings, and songs, which were rendered in a highly satisfactory manner and greatly appreciated by all. The unanimous expression of the scholars was that the present teacher, Miss Hettie Moore, would take charge of the summer term, which she has consented to do. Visitors present: Wm. Coleman, Thos. Murphy and wife, J. N. Smith and wife, Mrs. Osborne, M. J. Pierson, Misses M. Stroud and C. Moore. A declamation by M. J. Pierson and a little talk to the scholars by Wm. Coleman, closed the exercises for the day, and thus closed the second term of school in our district.

We have vivid recollections of the time when there was no use for school houses here, as we were here alone, and had completed our education something over thirty years before, and graduated in a little log school house without honors. At the time we speak of our residence was the only one visible to the naked eye, and it was constructed by planting the end of our wagon bows in the ground and making the wagon seat serve as siding and shingles. We would hardly have known what use to make of the school house, but we would have appreciated the labors of the school marm as applied to lighten our burden, when we came to baking, washing, ironing, scrubbing, with many other household duties that devolved upon us constantly. Our neighbors were not at all troublesome, as we only saw five men in this town, that summer.

GRANGER.

### PLEASANT PRAIRIE DOINGS.

Fine weather, this week.

Prairie fires are very numerous.

The school is not so large by one-half as it was the first three months.

Mr. and Mrs. French entertained four of our young people, a week ago last Sunday.

Rev. Morris will preach at the school house in the afternoon of the 27th of March.

Dr. DeMay has a number of patients that are down with the diphtheria, near Danbury.

### SOUTH SIDE LOCALS.

Joe Schmidt is busy with his new house, these days.

Will Long went down to Indianola, last Tuesday, on business.

Tim Hanan expects his father, mother and brother from Princeton, Ill., this week.

Lloyd Hileman returned, last Tuesday, from a trip to the eastern part of the state.

We have just received the sad news that Mrs. Harmon Eaton died, to-day, Tuesday, the 15th, about noon. She has been a sufferer from that dreaded disease, consumption, for a year or more. Her many friends in the valley will hear the sad news with bowed heads and sad hearts.

We are glad to note that there is one business man in McCook who believes in the rule of, "cash up and no grumbling." Those who know the South Side dairy boys, can congratulate that b. m. that he refused them even three hours credit. Boys, we are sorry for you, but "business is business," ye know. UNO.
