CLOSELY WATCHING THE CHOLERA.

The Danger of Importing the Scourge into the United States.

Washington special: Dr. Hamilton, surgeon-general of the Marine hospital service, is keeping a close watch on the ports infected by cholera, and the nature of the intercourse between these ports and the United States.

The consular adds that: "In the interior of the Argentine Republic, however, the disease has assumed the proportions of an epidemic. In Rosario, during the last month, the daily number of cases averaged 60 to 100, while about 70 per cent were fatal.

The inception of cholera in the Argentine Republic is clearly traced to the landing of the Italian minister at Buenos Ayres, and the unloading of the greater part of the cargo and the crew of the vessel which he sailed at Rosario, 200 miles farther up the river.

SKIPPED WITH BIG BOOZLE.

A Millionaire Lights Out With Hundreds of Thousands of Dollars of Other People's Money.

NEW YORK, March 17.—Sheriff Grant has seized the place of business of Walter E. Lawton, 31 Broadway, known under the firm name of Lawton Bros., fertilizer, on attachments on creditors' claims amounting to \$300,000.

Lawton was a director in the Delta Azotin company and was entrusted with \$100,000 in notes to discount for the company.

Joseph D. Jones placed in Lawton's care Tuesday on behalf of the company \$120,000 in notes to discount for the company.

A second attachment was issued this afternoon at the instance of the chemical armaments and oil company, which had delivered to Lawton promissory notes of the value of \$120,000, in trust, to discount and hold the proceeds for the company's benefit.

A number of banks were reported to be heavy losers through the negotiation of Lawton's paper, among them the First and Third national banks, the Bank of the Republic and Chemical bank, but the president of the First national denied that his bank had ever handled any of Lawton's paper.

Just before leaving the city Lawton drew from the Third national bank, on checks, \$15,000 or \$12,000. Some of the checks, to the amount of \$5,000 were returned unpaid through the clearing house.

Abraham Kling said this afternoon: "I have filed attachments in the office of the county clerk for the companies of which I am attorney. The amount of the claims will aggregate more than \$400,000. The property which I have attached amounts to about as much. I have no means of knowing just how much of Lawton's liabilities will be, but they will be over \$50,000. I don't know where Lawton has gone to, and I wish I did. He has taken away about \$200,000, which he raised on notes of the American Exchange bank. The president of the Third national bank says his institution holds but a very small amount, which is secured by good endosers.

HEROTAN HOTEL HORROR.

Several People Lose Their Lives in a Burning Building at Buffalo.

Buffalo (N. Y.) dispatch: Another terrible calamity has visited this city. The splendid new five story Richmond hotel, on the corner of Main and Eagle streets, was totally destroyed by fire early this morning, together with Bunnell's museum and an adjacent building.

The fire began at 3:30 and the guests were aroused by the night clerk, porter and bell boy, who were the only ones up.

The fire spread to Bunnell's museum, which was soon gutted. By 6 o'clock the hotel and museum and another structure were a mass of ruins.

The fire in the hotel began in the basement and followed the elevator shaft to the top floor. The register of the hotel was burned, together with all account books, and a list of the guests cannot be obtained.

It is believed there were eighty-four guests in the hotel, but the confusion that has ensued is impossible to tell just how many escaped.

The injured have been taken to the hospitals and every necessary attention is being paid to them. The loss on the hotel is about \$225,000. On Bunnell's museum about \$75,000. The other losses will aggregate \$50,000.

It is believed the loss of life will not exceed twenty persons, but as no list has been made, this is in a measure, guesswork. Two guests were seen to fall back from a window in the third story of the hotel into the flames. Three servants and a girl are thought to have perished.

Wilson Purcell, of R. G. Dun & Co., Norton Osborne, day clerk of the hotel, Kate Pierce and Kate Kent, servants. An unknown woman and an unknown man.
