

FOR PRESIDENT OF THE UNITED STATES.

Unanimous Choice For President. The second day of the democratic national convention was called to order by Chairman White, after which Rev. J. R. Greene, of Missouri, addressed the

throne of grace as follows: Oh Lord, thou hast been our dwelling place in all generations. Thou hast been the God, and art the God, of all nations. Thou hast appointed the bounds of their habitations. Thou has been the God of this nation, the God of our fathers, and we their children. This morning we enter into the inheritance of the blessing that thou didst bestow upon them. We come this morning to ask thy blessing upon this assembly; upon these men who have come up from the sister states from all over this great republic; who have come on this important occasion, sent by their people. Oh, God, do thou bless them in this assembly this morning, and as thou hast ruled over this nation in all the years past, and thou hast brought good out of all our evil, do thou this day rule over this convention for the good of this nation and for the glory of thy great name. We pray that thy blessing may be upon the president of the United States and upon the governors of all the states of this country, and upon the humblest officer of the people, and upon the humblest citizen of this republic. We pray thee, O Lord, that thou wilt guide us in our destiny, help us as a people to fear God and to keep his commandmen's, and direct us in all our ways that we may be the Lord's people, not simply in professions of our hos, but in a godly and holy and just life. Now we commend ourselves to thee for the guidance of thy spirit, and as thou must overrule mistakes of men for the good of thy name, and as thou must guide us in all things that are great and good, do thou this day bless these men and lead them in thy way, according to thy purpose, and let them remember this day as they sit in this convention that they are not only making history for this country, but they are also to determine that which will be good for it or bad for it.
