Attempted Suicide.

Last Friday, a young daughter of Abram Hammond, who resides about 12 miles southeast of the city, took blue vitriol with suicidal intent, but was discovered from thus foolishly shuffling off this mortal coil by the prompt administration of an effective emetic. It is stated that the girl, whose age is about fifteen years, has not been entirely herself since having had a fever, some two years since. She had received a scolding at the hands of her father, that morning before he departed for the city. No other cause for the strange act is known.

Advertise by the year," said an old experienced business man. It is cheaper and yields a better return in proportion to the money invested. An advertisement should always be before the public in some shape. If it disappears, it is soon forgotten, and those that remain have the superiority and advantage of the competitor. There is only one excuse for the discontinuance of an advertisement—that of retiring from business.

Prohibition County Convention.

The Prohibition county convention for Red Willow county is called to meet at the Court House in Indianaola, Friday, July 27, at 2 o'clock, P. M., instead of Aug. 3. This change is made to meet the demands of the second congressional convention called to meet at Hastings, Aug. 2nd. The members of the central committee are earnestly requested to be present and bring as many lovers of the cause with them as possible.

The Tuesday evening, on the occasion of the "elevation" of Messrs. Fowler and Ellis, Probst was the caterer and an elegant spread was prepared and enjoyed.

The Scientific American says that copal varnish applied to soles of shoes and repeated while drying until the pores shall have been filled up and the surface shall shine like polished mahogany will make the soles water proof and last as long as the uppers.

Says Sam Jones: "Thank God it is no crime to be ugly. When God wants a good woman, He makes her as symmetrical as an angel, but when He wants a good man He makes him as ugly as a mud fence. I never saw a pretty man yet who was worth killing."

The Woman's Relief Corps of the city was organized last Saturday, by Mrs. Mauchener. A number of new members were taken into the corps, which starts out on its good work stronger than ever and with renewed courage and enthusiasm. Speed the cause.

Wednesday was the anniversary of Miss Norval's ninth birthday, and the occasion was commemorated in an enjoyable manner by the young Miss who made a party for her young friends, which the children will long remember with sensations of pleasure.

The running of the pay car to all stations on the Chicago, Burlington & Quincy has been discontinued. The paymaster makes the divisions and sends checks from there both ways by express.

The place that knew Fireman Jeffers knows him now no more. Or in other words Jeffers, a girl of about 12 months of age, by cholera infantum. The funeral occurred this afternoon at Longview cemetery. The TRIBUNE extends the heartfelt sympathy of this community to the bereaved and sorrowing parents.

Our genial passenger conductor, Harry Ryan, has been promoted to a through train, St. Joseph to McCook. Mr. Bronson takes his place and will give satisfaction as he is roughed for as a gentleman in every respect.—O'Brien Eye.

The Burlington system is working hard to inaugurate a series of harvest excursions to the west. To these harvest excursions, in a great measure, is due the settlement of the western part of the state, and every action tending to continue such good work is certainly to be commended.

HAMILTON-MOORE—At the residence of Keyes, this city, July 17, 1888. Mr. Wm. P. Hamilton and Miss Mattie Moore, both of McCook.

The groom is a fireman on the B. & M., and the bride one of the successful teachers of Frontier county. The happy couple will reside in McCook.—Courier.

The Chicago, Burlington & Quincy road is building some newly patented stock cars which will be called the Burlington Palace Stock car. The company had some of these cars in Omaha a few days ago. The company has challenged the Street patent stock car for a trial trip, to test the advantages of their car over the Burlington's, which they claimed exceeded. The challenge was accepted and four cars, two of each kind, were shipped. The tests showed, when the cars arrived at the union stock yards in Chicago, that the cattle in the Burlington cars gained forty pounds more per head than the cattle hauled in the Street car.

It was the especial pleasure of the writer to meet while on the road Mr. Phelan, Superintendent of the B. & M. division between Holdrege and Cheyenne. This gentleman is a railroad man from the ground up. He began the business in his youth, and has learned the trade or profession of railroading thoroughly. He is perfectly familiar with all details from laying a road bed to the operation of a line. He took his first lessons in Wisconsin and by the force of real merit and ability has passed successfully through all the grades by promotion to be superintendent of this division. He has given railroading his entire time and attention for twenty years, and has never lost but thirty days in the line of duty, which occurred when making a transfer from the Chicago, Milwaukee and St. Paul to the B. & M. The scribe is greatly indebted to him for his true courtesy and much information and facts about the country.—Hastings Gazette-Journal.

Having been unsuccessful in sending up our balloons on the fourth of July, we have ordered a new supply from the manufacturers and on the first favorable evening after their arrival we will send them up as advertised. Watch for them and secure a prize.
