GEORGE H. GRUBB.

IN the immigration question, the statesmen of America have a very serious matter to deal with. It should be met promptly and vigorously.

THE surviving widows of the ex-presidents are permitted to send their mail matter without paying postage, the franking privilege being granted to them by act of congress.

THE Stratton Herald is camping on Bill Brown's trail like a remorseless, insatiable Nemesis. Ashwill "roasted" Brown to a turn, last week, and we await with suppressed emotion the rejoinder. Hitchcock county politics always is a mite "riley," anyhow.

GEORGE HASTINGS, ESQ., of Crete, has gone into the lightning rod business, in the hope of political reformation. George, in other words, is a candidate for attorney general. He is an attorney of splendid ability and the people of Nebraska will not do ill to elect him to that office.

E. D. EISEL, of Holdrege, is being coached for the race for nomination to the remunerative office of State Treasurer. He is in hands of able grooms and is heavily backed by influential and wealthy parties. He will be heard at the state convention. Mr. Eisel is prominently connected with the First National bank of Holdrege.

PERHAPS our democratic brethren have not noticed that the administration is travelling about on revenue cutters. There is so much on their minds now, that they haven't time to notice anything. But time was when it was rumored that a president or a secretary had been putting the people to expense by riding for pleasure on a revenue cutter, the clamor that would arise from the democratic press would deafen a camp meeting. Times have changed.

WASHINGTON is again on the qui vive anticipating an early eruption of Logals on the fishery treaty. It is believed that the projected yachting trip of the administration has for its purpose the prudent withdrawal of Grover from the vicinity when the shell is about to burst. Otherwise it is believed he would stay at home and make a pretense of working on his letter of acceptance, which is being prepared for him by British members of the Cobden club, according to rumor. That letter will have to come out, sooner or later probably, but if it could be postponed until the latter part of November, the democratic public would breathe easier. The longer it is delayed the bigger the straddle will have to be, to prevent the party going to pieces.

The matter of still greater reduction in freight rates is agitating the Nebraska mind; and the existing uncertainty and the prospects of a still greater reduction of rates below what roads claim to be the profit mark, are perhaps more than all other influences responsible for the stoppage of railroad building in the state, this year. This fact has had a paralyzing effect on Western Nebraska beyond a peradventure. More roads are needed and wanted here and the people are opposed to any course that will prohibit or retard.

The great pipe line which is to carry petroleum from Ohio to Chicago is finished, and that city is to be supplied with 10,000 barrels per day after this week. The substitution of crude petroleum, for coal, will revolutionize the fuel problem, especially in the foundries and large manufacturing works of that vicinity.

THE republicans of the Sixth congressional district of Tennessee, the old home of Jackson, have nominated W. H. Young, a negro lawyer, of Nashville, for congress. This marks a new era in the politics of middle Tennessee, as it is the first time that a negro has been thus honored in that district by the republican party.

ENGLAND is sending over Cleveland's campaign buttons and campaign hats by hundreds thousands, wherefore, therefore, should he not send over Cleveland's campaign letter of acceptance? Nobody but a bloody protectionist will have any objection to this cheap labor.

HONEST newspapers in southern California are imploring the owners of paper towns to allow their land to go back to acreage, where it belongs. If advice in this line had been given to the tenderfoot a year or two ago many lives and fortunes would have been saved.

Inherited Diseases.

No fact of nature is more pregnant with awful meaning than the fact of the inheritance of disease.

Modern science, which has illuminated so many dark corners of nature, has shed a new light on the ominous words of the Scriptures, "The sin of the fathers shall be visited upon the children unto the third and fourth generation." Fifty per cent. of cases of consumption, cancer and scrofula, run in families through inheritance. Insanity is hereditary in a marked degree, but, fortunately, like many other hereditary diseases, tends to wear itself out, the stock becoming extinct. A distinguished scientist truly says: "No organ or texture of the body is exempt from the chance of being the subject of hereditary disease." Probably more chronic diseases, which permanently modify the structure and functions of the body, are more or less liable to be inherited. The important and far-reaching practical deductions from such facts are obvious to reflecting minds, and the best means for preventing or curing these diseases is a subject of intense interest to all. Fortunately nature has provided a remedy, which experience has attested as infallible, and the remedy is the world-famous Swift's Specific, a pure vegetable compound—nature's antidote for all blood poisons. To the afflicted it is a blessing of inestimable value. An interesting treatise on "Blood and Skin Diseases" will be mailed free by addressing:

THE SWIFT SPECIFIC CO.,

Chamberlain's Colic, Cholera and Diarrhoea Remedy is the most successful preparation ever produced for Summer Complaint, Cholera Morbus, Dysentery, Diarrhoea, Bloody Flux and Chronic Diarrhoea and thousands of persons will testify that they believe their lives have been saved by this great remedy. It is the one preparation that every family and every traveling man should be provided with, especially during the summer months. Many cases of Chronic Diarrhoea that had resisted all other treatment and baffled the skill of good physicians have been permanently cured by it. Sold by all druggists.

STRIVE to be correct and truthful in everything you say, remembering that a little lie or a little uncharitableness is no better than a little theft. Never use by-words, they will add nothing to the truth, and will taint well-bred people.

He knows what he is writing about. Mr. R. McLeod, druggist, Hemingford, Neb., says: "I keep in stock a great variety of so called cures for diarrhoea and cholera morbus, but from a personal trial of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I regard it as the best of any medicine in the market, for diarrhoea and all bowel complaints. It saved the life of our banker here." Sold by all druggists.

ONE of the greatest frauds and nuisances in modern journalism is the alleged "special" telegram, it appears in the average daily. Western Nebraska seems to be unduly afflicted in this regard. Sensational, unreliable and chimerical, they do more harm than good.

A merchant, after selling and using an article for years, knows something of its merits. Mr. W. D. Haller, druggist, Blair, Neb., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy, and do not hesitate to say, that I think it the best of all medicines for diarrhoea and bowel complaints generally." Sold by all druggists.

EMMONS, the Pawnee City murderer, was lynched by the people of that city, on Tuesday of this week. The murder was a brutal affair.

Lincoln Sanitarium

DR. J. RICHARDS, PROP.,
238 SOUTH 11th ST., - - LINCOLN, NEB.

In submitting the following considerations to the afflicted, our aim is to place before them information that may save them time and money by informing them of the different health and mineral spring resorts of our country:

Sanitariums and Water Cures may be found at Colorado Springs, Colo., Los Vegas, New Mexico; Hot Springs, Arkansas; Waukesha, Wisconsin; Colfax, Iowa; Battle Creek, Michigan; Cincinnati, Ohio; Southwestern Dakota; a number in New Hampshire, and a few in New York and Pennsylvania—each possessing advantages peculiar to themselves, and worthy of patronage. But these resorts are remote from your homes, requiring time and outlay of means to reach them, while the expense at each is necessarily large.

Our own establishment possesses advantages equal to any of the above, and in some respects superior; while in the matter of expense we can offer inducements surpassing all. The Mineral Water from the Artesian Well of this city, which analysis shows to be equal to the finest mineral water anywhere for bathing and medical purposes, is utilized here for diseases of the kidney and bowels, as well as in diseases of the skin and blood, and chronic irritations and ulcerations of the mucous membranes—for which it cannot be excelled. Every variety of Bath is given, including the TURKISH, RUSSIAN, STEAM, ELECTRIC (Hot Air, Steam and Water.) SHOWER and SWIMMING BATH. We use all forms of Electricity, generated from the finest batteries and electric machines manufactured. We use the Massage treatment, and will use all the Hygienic appliances and apparatus of the larger institutions. Our Bathing Parlors are 25x100 feet on the first floor; 43 rooms on the second and third floors—all heated with steam. Water in all the rooms, with closets on each floor. We have some very fine rooms, and some cheap ones. We will use every effort to make it home-like for our patrons. For lady patients we have lady attendants and nurses. Our facilities are and will be all that can be desired for the treatment and cure of the sick and afflicted. Those diseases which we can greatly relieve or cure, are Rheumatism, Neuralgia, Paralysis, Liver Troubles, Diseases of the Uterus and Kidneys, Chronic Cystitis, Anemia, Chlorosis, Nervous Prostration, Epilepsia, Syphilis, Dropsy, Scrofulous Diseases, etc. Our terms are reasonable. We only charge for baths and services rendered, from one week to one month in advance. In serious cases we have counsel from experienced physicians. Incurable and offensive patients are not received. Room and board, \$5.50 to \$9.00 per week. Baths and treatment included, \$9.00 to \$18.00 per week. Send or call for pamphlet on diseases cured by Electricity and Electro-Thermal Baths.
