A Plain Statement.

Indianola Courier There has been so much said by parties interested, that we deem it but fair to our readers to give them a plain statement of the facts in regard to the case tried before Judge Cochran, last week. To begin with, a petition for a saloon license was filed by E. Boyer and Peter Gillen with the city council; notice was given; a remonstrance was filed, showing, as was thought, an insufficiency in the petition in this, that 30 resident freeholders of the 2nd ward had not signed it, that a majority of the resident freeholders of said second ward had not signed the petition. A time for hearing said application and remonstrance was set and said application and remonstrance was set and the evidence taken. At a subsequent meeting of the city council, the saloon license was reof the city council, the saloon license was reduced from fifteen hundred to five hundred dollars at the solicitation of those interested in having a saloon. A vote to reject the application for a saloon license by Boyer & Gillen was taken and declared lost.
