

The McCook Tribune.

By F. M. KIMMELL.

Official City and County Paper.

REPUBLICAN TICKET.

NATIONAL.

For President, BENJAMIN HARRISON, of Indiana.

For Vice President, LEVI F. MORTON, of New York.

CONGRESSIONAL.

For Member of Congress, JAMES LAIRD.

STATE.

For Governor, JOHN M. THAYER.

For Lieutenant Governor, GEORGE D. MEIKLEIN.

For Secretary of State, GILBERT L. LAWS.

For State Treasurer, J. E. HILL.

For Attorney General, WILLIAM LEISE.

For State Auditor, THOMAS H. BENTON.

For Superintendent of Public Instruction, GEORGE B. LANE.

Commissioner Public Lands and Buildings, JOHN STEEN.

COUNTY.

For Representative, JUSTIN A. WILCOX.

For County Attorney, H. M. SNAVELY.

For Commissioner, 2nd District, C. T. BLACKMAN.

Republican Senatorial Convention.

The Republican electors of the twenty-ninth senatorial district of Nebraska are requested to send delegates from their several counties to meet in convention at the city of McCook, Thursday, September 6th, 1888, at 7 o'clock, P. M.

It is recommended that no proxies be admitted to the convention except such as are held by persons residing in the counties from which the proxies are given.

The state republican ticket is a winner by enlarged majorities.

The bourgeois and union labor people have a love feast at Indianola, to-morrow.

At the head of our editorial column will be found the names of the next state officers. All good men.

The Nebraska federal court bill, last Friday, became a law. Omaha, Lincoln, Hastings and Norfolk are the favored points.

The Chase County Reporter has been purchased from W. T. Lindsay & Son by Chas. W. Meeker and P. W. Scott, and the Reporter may be expected to improve materially.

"AMERICAN women have the reputation of wearing the prettiest bathing suits in the world." This is not difficult to believe, considering that American women have the reputation of being the prettiest in the world.

A FEW solicitous and panicky papers are descending on the dangerous tendencies of lynching, apropos of the recent occurrence in this state. What sort of tendency is the failure to hang more than one murderer in ten?

THE failure to iron the Frenchman line is being sadly felt by the little burgs that sprang up along the road in view of the prospect. Wauwata Falls has recently lost a number of her merchants who found existence there a financial impossibility.

DEATH is playing havoc in the ranks of the Grand Army of the Republic. Since the 1st of January over four thousand members have joined the silent corps. The old soldiers of the rebellion will soon be as few and far between as the veterans of the Mexican war.

It is a stroke of good fortune when a man knows enough to cry "hold." A Georgia editor makes the following plaintive, but decided announcement: "We do not want any more watermelons at this office. We are not a railroad company, and enough is enough."

THE brotherhood of locomotive engineers celebrated the quarter-centennial of its organization, last Friday, at Detroit. Upwards of 2,000 delegates were present, including delegates from nearly all the states in the union. Chief Arthur and many other high officers were in attendance.

It is estimated that the total area of agricultural land in this country devoted to wheat, corn, oats and other cereals is about 220,000 square miles. As this is not much more than the area of Texas, the probabilities are that America will not be exhausted for some time by the heavy drains made by Europe for our breadstuffs.

THE congressional committee investigating the importation of foreign contract labor closed its session at New York, Wednesday, and will open next in Boston. Some startling statements have been brought out which show the need of more strict legislation or the better enforcement of the laws now on the statute books.

A DEMOCRATIC contemporary sneeringly remarks: "Benny Harrison goes a fishing—ha-ha." Well, one Grover Cleveland left Congress in session, boarded a special car and a millionaire's yacht, and went a fishing for a whole week, while his \$50,000 salary went on, and the same organ called it "taking a much-needed rest," and did not "ha-ha" once.

The barefaced effrontery and false hood of the Cleveland Plain Dealer are apparent to intelligent readers. It asserts that "Mr. Harrison's aristocratic birth and life associations have warped his mind in favor of the trusts and railroad syndicates and blinded him to the real wants and needs of the people." General Harrison's grandparents lived in a cabin in the woods, and the General began life a poor boy with scarcely the comforts of life about him, and since that time to the present, he has been in direct contact with the masses of people. The thousands flocking to his doors to congratulate him is answer sufficient for all such slanders. The P. D. proceeds to say that "General Harrison has been driven to seek counsel of Gould and Carnegie. It is this class of men, the chief promoters of trusts, who surround and give aid and comfort to Harrison, and would, in case he should be elected, be his chief advisers." Mr. Carnegie has for months been in Europe, and it is a matter of doubt, whether General Harrison ever met him, or had any communication with him. Gould is an avowed advocate of Cleveland's election, and at no time and no place have "the promoters of trusts," been called "to aid and comfort Harrison." Possibly such methods of falsehoods and slanders are invoked, to blind people to the notorious character of those in charge of the Democratic campaign.

FRANK HURD, who is now in the northwest doing missionary work for the Democratic ticket, is credited with the frank statement: "New York is gone to hell. We can't carry New York, New Jersey or Connecticut, and our only chance is to make a fight for the Northwestern States, where the free trade sentiment is strong among the people. If we can't do that we're licked. We're licked for sure in the East." In the main this statement does credit to Frank's judgment. But the hope of creating enough free trade sentiment in Republican strongholds to offset the loss of New York, New Jersey and Connecticut, is a forlorn hope, indeed. When the returns come in Mr. Hurd will know more about the sentiment of the Northwest than he does now.

The third party prohibitionists have placed the following ticket in the field: For Governor—George A. Biglow, of Lincoln. Secretary of State—John E. Hopper, of Clay. Auditor of Public Accounts—John P. Helin, of Omaha. State Treasurer—J. N. Stewart, of Washington. Superintendent of Public Instruction—Rev. Horatius Hilton, of Merriek. Attorney General—John J. Barnard. Commissioner of Public Lands and Buildings—A. Robert, of Lincoln. United States Senator—William G. Olinger, of Bart. Electors at Large—C. C. Crowl and R. A. Hawley. Electors—From First congressional district, S. D. Fitchie, of Weeping Water; second district, Judge E. S. Abbott.

JAMES LAIRD is expected home to take part in the campaign soon, says the Harvard Courier, and then "give a w-h-i-z" how the fur will fly. Able, apt and zealous, with confidence born of experience, he is indeed well qualified to hold aloft untarnished amid the impassioned criticisms of debate the glorious banner of republicanism, and when the verdict of the people shall be rendered on next November, the effect of his aggressive work will be again made manifest by an indorsement of the principles of which he is the leading exponent in these parts by a larger majority than ever.

THE raising of beet sugar undertaken by the government in order to introduce that industry into America has not been encouraging. The last report to the agricultural bureau comes from the experimental station in Kansas where a fair trial was given to the industry with indifferent success. The attempt to introduce the culture of beets for the making sugar will in all likelihood be abandoned by the bureau as one of the costly hobbies of that department.

ANOTHER paper will be launched in Lincoln, next Saturday. It will be a weekly paper called "Nebraska Labor" and will be backed by the executive committee of the Central Trades union and edited and managed by Mr. T. E. Reynolds. Mr. Reynolds is a bright young newspaper man with a thorough practical knowledge of the business and will be able to make a newsy and readable paper.

The London Times, referring to this country, uses the plural number. "The United States are." It cost many lives and billions of treasure, fighting against Confederate and Anglican foes, to establish and make perpetual the idea of National unity expressed in the singular form, and one of these days John Bull and the rest of mankind will recognize the fact that the United States is.

SENATOR REAGAN calls a trust "a combination of capital or skill by two or more persons to create restrictions of trade, to limit, reduce or increase production of prices of commodities, or to prevent competition in the manufacture or sale of anything." The senate will in all probability take up the discussion of this all-important question, if not during the present session, at an early date.

The national bureau of statistics reports that the exports of beef and hog products for the seven months ending July 31, 1888, from the United States aggregated nearly five hundred thousand dollars more than the exports for the corresponding period of 1887. The unusual European demand may have something to do with the high price of beef of which the east complains.

ROAD NOTICE TO LAND OWNERS. TO ALL WHOM IT MAY CONCERN: The Commissioner appointed to examine and locate a road commencing at South West corner Sec. 11, T. 2, R. 20, in Driftwood precinct, Red Willow county, Nebraska, running thence North to N. W. Cor. Sec. 11, thence East terminating at N. E. Cor. of N. W. 1/4, S. 11, T. 2, R. 20, has reported in favor of the establishment thereof, and all objections thereto or claims for damages must be filed in the County Clerk's office on or before noon of the 29th day of September, A. D. 1888, or said road will be established without reference thereto. GEORGE W. ROPER, County Clerk.

Inherited Diseases.

No fact of nature is more pregnant with awful meaning than the fact of the inheritance of disease. Modern science, which has illuminated so many dark corners of nature, has shed a new light on the ominous words of the Scriptures, "The sins of the fathers shall be visited upon the children unto the third and fourth generation." Fifty per cent. of cases of consumption, which is a hereditary disease, is inherited. The important and far-reaching practical questions from such facts—are obvious to reflecting minds, and the best means for preventing or curing these diseases is a subject of intense interest to all. Fortunately nature has provided a remedy, which experience has attested an infallible, and the remedy is the world-famous Swift's Specific, a pure vegetable compound—nature's antidote for all blood poisons. To the afflicted it is a blessing upon the human race. An interesting treatise on "Blood and Skin Diseases" will be mailed free by address to THE SWIFT SPECIFIC CO., Drawer 3, Atlanta, Ga.

About September 1st, Col. T. E. McCracken and Comptroller H. G. Dixon will pack into Illinois and Iowa, property provided with advertising matter setting forth the advantages of Red Willow county and McCook, for the purpose of inducing immigration to this section. Over a hundred dollars have been raised among our generous business men to defray their expenses. Both gentlemen will operate in fields with which they are familiar and remunerative results may be confidently expected from their efforts. The move is a good one and the work in excellent hands.

The McCook feed mill and elevator is being put in excellent shape by the new proprietor, A. J. Thompson, for effective work. He is and will continue to handle all grain that comes, at the best market price.

It is perhaps no more than justice to Wm. Coleman to state that an article that appears in a local city paper, this week, on Southwestern Nebraska, without credit, is from his pen.

Contractor Frank Hess is building a residence for Mr. Stock of the B. & M. meat market, in the northeastern part of the city.

This week, W. C. Bullard & Co. have placed a pair of improved scales of the Buffalo make in their yard at this place.

Miss Mary Leonard has sold her millinery store on West Dennison street to Mrs. E. Simpson, who is now in charge.

McCook suffered an invasion by a detachment of the salvation army, yesterday. McCook is enjoying a very substantial building boom, I think you.

\$100,000.00 To loan on deeded lands. Money advanced to make final proofs. Office opposite Arlington Hotel. C. J. RYAN.

Lincoln Sanitarium

DR. J. RICHARDS, PROP.,

238 SOUTH 11th ST., - - LINCOLN, NEB.

In submitting the following considerations to the afflicted, our aim is to place before them information that may save them time and money by informing them of the different health and mineral spring resorts of our country:

Sanitariums and Water Cures may be found at Colorado Springs, Colo., Los Vegas, New Mexico; Hot Springs, Arkansas; Waukesha, Wisconsin; Colfax, Iowa; Battle Creek, Michigan; Cincinnati, Ohio; Southwestern Dakota; a number in New Hampshire, and a few in New York and Pennsylvania—each possessing advantages peculiar to themselves, and worthy of patronage. But these resorts are remote from your homes, requiring time and outlay of means to reach them, while the expense at each is necessarily large.

Our own establishment possesses advantages equal to any of the above, and in some respects superior; while in the matter of expense we can offer inducements surpassing all. The Mineral Water from the Artesian Well of this city, which analysis shows to be equal to the finest mineral water anywhere for bathing and medical purposes, is utilized here for diseases of the kidney and bowels, as well as in diseases of the skin and blood, and chronic irritations and ulcerations of the mucous membranes—for which it cannot be excelled. Every variety of Bath is given, including the TURKISH, RUSSIAN, STEAM, ELECTRIC, (Hot Air, Steam and Water.) SNOWER and SWIMMING BATH. We use all forms of Electricity, generated from the finest batteries and electric machines manufactured. We use the Massage treatment, and will use all the Hygienic appliances and apparatus of the larger institutions. Our Bathing Parlors are 25x100 feet on the first floor; 43 rooms on the second and third floors—all heated with steam. Water in all the rooms, with closets on each floor. We have some very fine rooms, and some cheap ones. We will use every effort to make it home-like for our patrons. For lady patients we have lady attendants and nurses. Our facilities are and will be all that can be desired for the treatment and cure of the sick and afflicted. Those diseases which we can greatly relieve or cure, are Rheumatism, Neuralgia, Paralysis, Liver Troubles, Diseases of the Uterus and Kidneys, Chronic Cystitis, Anemia, Chlorosis, Nervous Prostration, Epilepsia, Syphilis, Dropsy, Scrofulous Diseases, etc. Our terms are reasonable. We only charge for baths and services rendered, from one week to one month in advance. In serious cases we have counsel from experienced physicians. Incurable and offensive patients are not received. Room and board, \$5.50 to \$9.00 per week. Baths and treatment included, \$9.00 to \$18.00 per week. Send or call for pamphlet on diseases cured by Electricity and Electro-Thermal Baths. Address,

DR. J. RICHARDS.

238 SOUTH 11th STREET.
