

# SOVEREIGN JEWEL! The World's Wonder!

This cut illustrates the interior construction of the **"SOVEREIGN JEWEL"** Base Burner:

The spiral "ventilating hot air flue" is over eleven feet in length, and adds over 2,000 square inches to the heating surface of stove without detracting from outside radiation. Air in flue becoming heated, rises and draws in cold air from floor, which operation is continuous as long as there is fire in stove. Thus entire air of the room is in constant circulation through hot air flue. It heats air at floor and in distant parts of room as thoroughly as near the stove.

Air entering hot air flue at a temperature of 80 deg. is discharged at top at a temperature of 550 deg. This has been demonstrated by actual tests. Sovereign Jewel will heat  $\frac{1}{3}$  more space, with same amount of fuel, THAN ANY OTHER STOVE OF SAME SIZE. It is elegantly mounted and costs no more than any other **First Class BASE BURNER** in the market.

If you are thinking of buying a base burner, you will make a mistake if you do so before investigating merits of **THE SOVEREIGN JEWEL**. Our stock is full. Your careful **INSPECTION** is asked.

## "THE PIONEER HARDWARE,"

LaTOURETTE & CO., : : : : Brick Store Next Door to J. C. Allen & Co.

## THE \* FAMOUS \* CLOTHING \* COMPANY!

### OVERCOATS!
