The Omaha Bee's efforts to show that prohibition and bankruptcy are synonymous is a dreary and hopelessly idiotic spectacle indeed. Prohibition cause financial disaster forsooth!

Croup is a terror to young mothers especially during the winter months as it is the most prevalent. It can always be prevented if properly treated as soon as the first symptoms appear. Whooping is the first symptom. This is soon followed by a peculiar, rough cough. If Chamberlain's Cough Remedy is freely given as soon as these symptoms appear, it will invariably prevent the attack. There is no danger in giving the remedy, as it contains no injurious substance. For sale by all druggists.

COLONEL F. D. GRANT is suggested for the Chinese mission by Editor Childs of the Philadelphia Ledger, an old and well attested friend of the great general of the armies. The suggestion is well received in the east and heartily endorsed by several Western journals, who remember General Grant's popularity at the Chinese capital.

Several years ago Chamberlain & Co., of Des Moines, Iowa, commenced the manufacture of a cough remedy, believing it to be the most prompt and reliable preparation yet produced for coughs, colds, and croup, that the public appreciate true merit, and in time it was certain to become popular. Their most sanguine hopes have been more than realized. Over three hundred thousand bottles of Chamberlain's Cough Remedy are now sold each year, and it is recognized as "the best made," wherever it is known. It will cure a severe cold in less time than any other treatment. For sale by all druggists.

W. D. WASHBURN, the new Minn. estate senator, is estimated to be worth \$1,000,000, and owns the second largest flouring mill in the world, with a capacity of 100,000 barrels a day. A few years ago he went through bankruptcy and there was some hot talk about the man in which he got through, with a surplus of \$100,000.

TATE SPRINGS, TENN., July 4, 1888. The Swift Specific Co., Atlanta, Ga.: Gentlemen—Seven years ago I contracted an exceedingly bad case of blood poison. I tried a physician, the best at command, but secured no benefit. My throat began to get sore, and my body covered with sores and ulcers. Going from bad to worse, I felt that my grave must be reached in the near future. I gave up the doctor's treatment, and in a despondent hope I commenced taking your medicine. I began to improve from the first bottle, and in a short time the ulcers healed, and my skin cleared off and was entirely well. One year ago a case of catarrh developed in my system. The physician did his best, but could not cure me; but two bottles of Swift's Specific gave me permanent relief. J. H. ROBINSON.

KAUFMAN, TEX., June 23, 1883. The Swift Specific Co., Atlanta, Ga.: Gentlemen—I have been afflicted with a skin disease for about twelve years, and the best medical treatment failed to give me relief. I am now using Swift's Specific, and have received the greatest benefit from its use. Yours truly, Wm. JONES.

If two great nations like the United States and England could settle by arbitration so serious an international disagreement as that which grew out of the Alabama claims, certainly they should be to talk of war between the two great nations of the United States and Germany over a ending station in the South Pacific ocean. Germany needs a lesson in arbitration much more than a lesson in war.
