The acreage of wheat sown, this spring, in Western Nebraska, is the largest since the settlement of the country. The interplanted rains, too, make the prospects for a large crop most encouraging and flattering.

And this is the season of the year when the young married man begins to be troubled by premonitory remarks about Easter bonnets. As the Easter bonnet must be spoken about sooner or later, we just take time by the forelock.

On Monday evening, Masters Burton Pierce and Willie Sharp, two young school boys, engaged in a "scrap" in which Master Burton was cut in the leg with a knife by Master Willie, with painful though not serious results.

We have for sale in our Stationery Department one hundred pounds of fine paper cut into various sizes for figuring pads. Every business man should lay in a supply, only 15 cents a pound. Don't forget us if you want any figuring pads.

The city council held a short special session, Saturday evening, and authorized Mr. Trowbridge, who is taking the school census, to take a city census at the same time. Mr. Trowbridge is, this week, engaged in making a careful canvass of the city.

Notice of application for a license to sell liquor in the McCook building, opposite First National bank building, is given by Mr. C. E. Boyd, the West Des Moines street liquor dealer. The space between drinks will thus be abridged, materially.

In this issue will be found the record of the assessors' meeting held in Indiana, March 19th. It should have appeared, last week, but the delay is chargeable to the secretary of the meeting, who failed to provide the county papers, save one, with a copy of the proceedings, as instructed.

McCook is peculiarly and pre-eminently the commercial center of western Nebraska. Her supremacy established and acknowledged, she is at once the pride of her citizens and the joy of every S. W. Nebraska, who pays willing tribute to her present prosperity and believes implicitly in her future glory.

McCook shall have made a stride forward indeed when her sidewalks are placed on established grade and are of uniform width; when the unsightly wooden awning shall have given place to canopies; when the street sign shall be a thing of the past and the gutter bulletin board a reminiscence.

Mallahan College in Bartley closed a pleasant session on Thursday. The exercises given a public entertainment on Wednesday evening, and there was a social on Thursday evening. The next session will begin April 9th. The expense will be low, and the faculty will make it profitable for all who can attend.

In a few days all the postoffices will be supplied with the new postal cards. They are different from the old ones in that they are double instead of single and split across the back so that they open out. After the writing is done they are folded and sealed with a piece of gummed paper. It will be a great convenience and benefit to the user.

The latest fad is a church social and supper where the girls have to pay the admission for their gentlemen escorts, and the boys have to take them to supper, paying so much a foot for the height of his girl and one cent an inch for each fraction over a foot. It is a great treat. Which one of our churches will try it first.

It is not so important just now who hit Billie Patterson, as it is who stole Bro. Norval's base drum. The children of the west ward school building, as well as the neighboring citizens, are disconsolate; while Bro. Norval positively refuses to be comforted. It is darkly hinted that John Majors is perhaps the best posted man in that part of the city concerning the mysterious disappearance. But John's air of injured innocence, when approached on the topic, would hardly warrant the insinuation.

We understand that the city council are preparing to enforce the sidewalk ordinance, and that all sidewalks on Main Avenue will shortly be placed on grade and made to conform with the city ordinance as to width. This, and the removal of sign poles, wooden awnings, and other advertising obstructions on the street, will make an immense improvement in the appearance of our principal business thoroughfare. Every citizen who takes pride in the street will willingly conform to the conditions of beauty and convenience.

We have been shown a design for an upholstered front gate, which seems destined to become very popular. The foot-board is cushioned and there is a warm soapstone on either side; the inside step being adjustable so that a short girl can bring herself to any height. If the gate is occupied at 10:30, P. M., an iron hand extends from one gate post takes the young man by the left ear and turns him around, and he is at once started homeward by a steel foot. The girl can, if she likes, set this part at a later hour than 10:30.

On the morning of April 30, 1882, at nine o'clock, it had been arranged that the church bells all over the country shall ring to celebrate the event of one hundred years ago, when the church bells throughout the thirteen states rang out to call the people together to pray for the success and prosperity of our country under General Washington, that day inaugurated President of the United States. A call is made from the committee having charge of these arrangements that in every church in the land, services be held to implore a continuance of the favor which has been shown this nation since its birth.

THE CITY TICKET.

Elsewhere we give the proceedings of the citizens' caucus and the ticket of their harmonious and unanimous selection. The nominees have been noticed in issues of THE TRIBUNE during the past few weeks, and as all the gentlemen named are well and favorably known to our people, perhaps more extended remarks as to fitness and qualifications of the gentlemen composing the ticket are superfluous and unnecessary. However, Dr. S. L. Green, as mayor, will do us credit and effective service. Mr. J. E. Kelley's clerical ability is scarcely equaled in this section. As an expert careful accountant Mr. J. W. Dolan of Indianola was visible on the streets of metropolis, Tuesday.

Nebraska Appointments. (From the Omaha Bee.) The Nebraska delegation held a second meeting, Wednesday afternoon, Senator Anderson presiding, to discuss appointments. It is said that no recommendations were made for land offices, but that the various candidates were thoroughly discussed. It is understood that the district attorneyship will go to the Second district; that the bank examiners will also be largely of Congressional Land's naming and that the land office appointments will be made from the districts in which the offices are situated. The delegation declined to give out any intimation of their consultations. The outside guessers make a possible state as follows: For the Sixth Prairie land office, either John F. Nesbitt, C. J. Hains or A. S. Baldwin; district attorney, B. S. Baker; McCook land office, J. P. Lindsay; Bloomington land office, J. E. Kelley; bank examiner, Geo. Post or J. L. Carson; O'Neill; B. S. Gillespie and A. L. Towle; Salt Lake land office, A. B. Ball.
