All medical authorities agree that catarrh is no more or less than an inflammation of the lining membrane of the nasal air passages. Nasal catarrh and all catarrhal affections of the head are not diseases of the blood, and it is a serious mistake to treat them as such. No conscientious physician ever attempts to do so. It is held by eminent medical men that sooner or later a specific will be found for every disease from which humanity suffers. The facts justify us in assuming that for catarrh at least a positive cure already exists in Ely's Cream Balm.

Consumption Cured.
 An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. Noyes, 820 Powers' Block, Rochester, N. Y. 38-Jy.

What it Costs to Murder in Tibet?
 I had arrived at Kanze in an evil hour, in the midst of the festivities of the 15th of the fourth moon, when the people from far and near congregated there and the chiefs review their men, and when drinking and fighting are the order of the day. In Tibet nearly every crime is punished by the imposition of a fine, and murder is by no means an expensive luxury. The fine varies according to the social standing of the victim—120 bricks of tea (worth a rupee a brick) for one of the "upper ten," 80 bricks for a person of the middle classes, 40 bricks for a woman, and so on down to two or three for a pauper or a wandering foreigner, as Lieutenant Lu Ming-yang informed me. He said that there was hardly a grown-up man in the country who had not a murder or two to his credit; and later on Mr. Blet, the Bishop of Tibet, corroborated this statement.—Lieut. Rockhill, in March Century.

Is Consumption Incurable?
 Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."
 Jesse Middlewart, Decatur, O., says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Trouble. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at A. McMillen's drug store.

BANKSVILLE BUDGET.
 Let us all rustle and get in as much acre of crops as possible and take good care of them, for if we don't sow and plant we can't expect to harvest a crop.
 The weather is fine, and the snow is turning to water that moistens the ground, making it in fine condition to start the grass and such crops as are put in early.
 The announcement that it was an Alliance meeting that elected W. H. Benjamin and S. R. Seamans to solicit aid is not correct. The meeting was of the whole people of Grant precinct, regardless of party.
 The Grant precinct scheme has the bottom knocked out of it, as they can't get passes to the Egypt where they wanted to put in their plea for aid in the way of seed and feed. If we don't raise any crops the railroads will not get tired shipping for us. OSERVER.

Pain Unnecessary in Childbirth.
 Pain is no longer necessary in childbirth. Its causes, being understood, are easily overcome. Any woman may now become a mother without suffering any pain whatever, the labor being made short, easy, and free from danger. Morning sickness, swelled limbs, and all other like evils can be readily controlled, and all female diseases speedily cured. Physicians pronounce it a wonderful discovery. Never known to fail. 20,000 ladies attest its merits. Cut this out; it may save your life. Suffer not a day longer, but send us two-cent stamps, and receive in sealed envelope full particulars, testimonials, confidential letter, etc. Address, FRANK THOMAS & CO., Baltimore, Maryland.

NORTH DIVIDE ITEMS.

The snow is nearly all gone, and although the ground is still frozen the roads are improving.

John B. Johnson, who has been spending the winter with his father, started on the 17th inst. for his claim in Cheyenne county.

Since the pleasant weather began the attendance at school has greatly increased, coming nearly up to the old standard.

A short time ago some bold (?) man shot a horse for Wm. Y. Johnson. It seems too bad that a man should loose one of his best horses in this way.

The Literary Society had a very pleasant meeting, last Friday evening. The question for the next meeting is, Resolved, that there is more pleasure in anticipation than in participation.

On last Saturday evening the young people went to the residence of A. F. Reeves and gave the whole family a surprise. Everyone had a good time and the surprise could not have been more complete.
