The McCook Tribune.

By F. M. KIMMELL.

HAYES county people seem to be interested in developing the existence of artesian water in this section of Nebraska.

THE TRIBUNE herewith tenders its sympathy to Representative Modie. Truly "the path of glory leads to the (political) grave."

THE Lincoln Herald cautiously observes that "the county-seat case from Red Willow county, between Indianola and McCook, seems to be taking a turn favorable to the latter."

PERHAPS the cheapest piece of political buncombe chargeable to Mr. Howe is the destruction of his last year's pass before the house upon its recommending the passage of the anti-pass bill.

THE irrigation bill passed by the Kansas legislature is described as being undoubtedly the most important measure enacted by that body during the present session. How will it be in Nebraska?

ARTICLES of incorporation of The Bush and Hagerman Canal Company have been published. The principal place of businss is Hudson P. O. in Hayes county. The capital stock is placed at $20,000.

THE Breckenridge firm of shyster lawyers, of Omaha, who will especially be remembered in Western Nebraska for their facility in swearing foreclosure cases into the federal courts, were on the carpet, last Wednesday, and advised by the state supreme court to do so no more.

THAT eminent patriot, Mr. Rosewater of the Omaha Bee, who performed such conspicuous service, last fall, in knifing Mr. Richards, ruthlessly gives the whole scheme away and thus exhibits the mainspring of his political activity: "I am aware," he writes, "that the principal issue between the parties is that of spoils." It is the issue evidently between the office holders and party bosses.

THREE week's hence, on the first Tuesday of April, the spring elections will be held. They are very important to the people, of more importance perhaps than the November elections. The people suffer more or less because they do not take the interest in these spring elections which their importance demands. It is your duty as a citizen to help to select officers at this election who will discharge their official duties faithfully.

THE house has passed the Faxon bill, which requires the signanatures of a majority of the legal voters in a precinct outside of an incorporated village or town, to authorize the issue of liquor licenses. This is merely a new method of applying the local option feature of the Slocumb law. Under the present system the people regulate the matter in the choice of their county and precinct officers. The new method is more cumbersome, but is otherwise unobjectionable.

A BILL prohibiting the use of tights or any other arrangement of clothing that will expose the nether limbs on the stage has been passed in committee of the whole in the Minnesota legislature. If it becomes a law it will cause consternation in St. Paul and Minneapolis, but the remainder of the state will not be seriously inconvenienced. It is probable that Ignatius Donnelly and his alliance friends are pushing the bill. They are after the city folks, and are striking in a way that will bring a great many of them to their knees.—Journal.

The Worst Weather.

Foster, the weather prophet, makes the following prediction: "We are now nearing the most destructive storm period of recent years, a period that has not been equaled for atmospheric and earth disturbances within the memory of any person now living and I would advise all to prepare for it. There will be more of the most destructive tornadoes, the most severe blizzards and cold waves, the deepest snows, the greatest rainfalls and other extremes of weather from May 1, this year, to May 1, 1892, that have ever been witnessed by the people now living. As my readers well know, I am not given to sensational predictions and will probably be censured for these forecasts, but the occasion demands all that I say about it and time will vindicate my action in the matter."
