### The Hot Springs of Dakota.

These springs are rapidly becoming famous on account of the wonderful curative properties of the waters, and the many marvelous cures which have been effected by the thermal baths.

The town and springs are delightfully situated in a picturesque valley in the Black Hills country, abounding in beautiful scenic effects and at an altitude of 3,400 feet above the sea level; thus insuring a pure atmosphere and exhilarating climate, absolutely free from malaria.

Under the enterprising and progressive management of the Hot Springs company many desirable improvements have been made; among the number the erection of a commodious bath house fitted up with all modern conveniences for the comfort of guests. New hotels have been built and comfortably furnished throughout, conducted in first class style and at reasonable rates. Those who prefer stopping at a private house, will find many desirable boarding places where good accommodations are furnished, and at moderate prices.

The superior daily service now afforded by the Burlington Route to Hot Springs, with thorough sleeping car accommodations from Omaha, Lincoln, Aurora and Grand Island, makes the trip an easy and enjoyable one; and for the benefit of all who desire to test the efficacy of the water, round trip tickets at reduced rates, good for ninety days, are now on sale at all offices of the Burlington Route.

For pamphlet, descriptive of the springs, and full information as to rates, time, etc., apply to any agent of the company, or to J. FRANCIS, Gen'l Pass. & Tkt. Agt., Omaha, Neb.

### Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. Noyes, 820 Powers' Block, Rochester, N. Y. 38-17.

### A Great Cyclopaedia.

The twenty-second volume of the Columbian Cyclopaedia is announced as just ready; the entire set is to be completed the present year. In 32 volumes, aggregating about 26,000 pages its price is remarkably cheap, only \$25 for the entire set, with easy installment terms to those who want them. The high character of the work is vouched for by innumerable witnesses, among others by Prof. James Strong, S. T. D., editor of McClintock & Strong's Cyclopaedia of Biblical, Ecclesiastical, and Theological Literature, who speaks of it as follows: "The Columbian Cyclopaedia seems to me to strike a happy medium between the loose, superficial works, and the too elaborate and profound ones, which few are competent or desirous of using. Most of the larger general cyclopedias are overloaded with a mass of technical science and official detail that is embarrassing and useless to ordinary readers. The Columbian is eminently practical, sufficiently full, and carefully compiled, well got up, convenient in form and extent, remarkably cheap, and, as I should judge, admirably adapted to families and general consultation. I think that if properly presented to the public it will have a very wide sale, and be an exceedingly useful work. There is ample room in the market for a Cyclopaedia like this, which combines, likewise, the advantage of being an excellent Dictionary of the English Language." For free specimen pages, address the publishers, The Columbian Publishing Co., 383 Pearl St., New York.

Hurray for irrigation by rain from the clouds! That is the cheapest method and we are getting it now in good shape.

The last of the snow went from sight, Sunday, the 12th inst. The farmers are putting in the balance of wheat not put in before the snow storm. The ground is thoroughly soaked and the grain put in will make a quick start. There would be more wheat put in if the farmers had the seed. OBSERVER.

### The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time or money refunded. Trial bottles free at A. McMillen's drug store. 44-ts.
