The only thing that will wet a man who wears a "Fish Brand Slicker" is a flood; but even then it must be under water. This statement may seem wrong, but a coat that will stand a few days' rain without getting wet is a great convenience. It is a great mistake to wait until it rains to buy a waterproof coat. The time to buy is when the coat is stamped with the "FISH BRAND SLICKER". It is the best and the best waterproof coat ever made. Don't accept any inferior coat when without extra cost. Particulars and illustrated catalogue free.
