Kennedy's Medical Discovery cures Horrid Old Sores, Deep Seated Ulcers of 40 years standing, Inward Tumors, and looked. You think this is never done? every disease of the skin, except Thunder Humor, and Cancer that has taken root. Price \$1.50. Sold by every Druggist in the U.S. and Canada.

One of the most important organs of the human body is the LIVER. When it fails to properly perform its functions the entire system becomes deranged. The BRAIN, KIDNEYS, STOMACH, BOWELS, all refuse to perform their work. DYSPEPSIA, CON-STIPATION, RHEUMATISM, KIDNEY DIS-EASE, etc., are the results, unless something is done to assist Nature in throwing off the impurities caused by the inaction of a TORPID LIVER. This assistance so necessary will be found in

Prickly Ash Bitters! It acts directly on the LIVER, STCMACH

and KIDNEYS, and by its mild and cathartic effect and general tonic qualities restores these organs to a sound, healthy condition, and cures all diseases arising from these causes. It PURIFIES THE BLOOD, tones up the system, and restores perfect health. If your druggist does not keep it ask him to order it for you. May Talk 5,000 Miles.

A distinguished authority on the telephone says that it is not improbable that telephonic communication may be established between Philadelphia and Liverpool in a few years. It is admitted that some obstacles are in the way, but the success of the telephone line between Paris and London has given the promoters of the inter-oceanic scheme new confidence.

The successful experiments which have been tried on the cable across the British channel are regarded as an almost certain presage of what may soon be accomplished between this city and an English port. Experiments have already been tried on the Mackey-Bennett cable with telephonic connections, and although something of a failure, has not discouraged new ven-

tures which are soon to be made. The experiments will be very expensive, and may require some time in developing, but there is no doubt that both the capital and the brains to push beauty of the medicine is, that you | them through will be found. A movecan stop the use of it without any bad | ment in this direction is already afoot, and the future of the promoter's plans will be watched with intense interest by the scientific world. New . York capital and management will no doubt be united, and the first experiments will be attempted from the Newfoundland end of the transatiantic cable. Philadelphia can already talk half-way across the continent, and if this city should be the first to inaugurate a transoceanic telephone her triumph would exceed anything in recent discoveries.—Railway Register.

A Bride's First Lesson.

A bride's first lesson, says the Ladies' Home Journal, is to respect the extreme sensitiveness of her husband, who doesn't want people to know he has just been married; consequently she will be wise if, after her first journey, she assumes a gown that has seen wear; if she will forget to look around in a startled manner whenever her husband is gone from her side, as it is not likely that he is going to be either lost or stolen. The next thing is not to kiss him or hold his hand in public, or call him "Darling." Any woman can make a man feel her love without making him ridiculous.

Another thing for her to learn is, when she is at a hotel, not to grow not to give her a piece of her wedding-cake and tell her all about the marriage ceremony, and tell her how she confidential with the chambermaid, riage ceremony, and tell her how she looked. You think this is never done? Ask at some large hotel. And she shouldn't giggle or look surprised when she gets a letter from her mothwhen she gets a letter from her mother addressed to her in her married name. Men are particularly sensitive creatures about some things, and they are rather given to think a woman don't want a name when she acts in

Deafness Can't be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result and unless the inflammation can be taken out and this tute restored to its normal condi-tion, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the

mucous surfaces. We will give One Hundred Dollars for any case of Deadness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Frogs., Toledo. O. Fold by druggists, 75 cents.

He Was Death on Fits. A paralyzed boy at Goa has recovered the use of his limbs by being frightened into fits by the spectacle of the sainted remains of Francis Xavier. The circumstances reminds one of the young American doctor who honestly confessed that he didn't know what was the matter with a sick child, but recommended certain pills: "Give him those, and he will have fits; then send for me. I'm death on fits."-Argo-

Proper Bridal Etiquette.

There are many little things about weddings that people inquire about, says the Ladies' Home Journal. The bride writes a personal note of thanks for every gift received, whether it be a great one or a little one, and if she cannot do this before the ceremony, she does it after the bridal trip. In the church the bridegroom's family and friends sit at the right of the altar being on the bridegroom's right hand, while those of the bride are placed on the left at the bride's left. The bridegroom does not pay for anything connected with the wedding unless he should choose to send boquets to the bridemaids, and of course to the bride, and presents and boutonnieres to his best man and the ushers. A widow removes her first wedding ring at her second marriage, and does not assume it again. The engagement ring is taken from the third finger of the left hand and worn as a guard to the wedding ring. It is not considered good taste to cut the finger out of the glove for assuming the ring.

Escape of Prisoners

The report that prisoners have been and are constantly escaping from that malignant gaoler, liver complaint, is fully corroborated by the self-liberated captives. Hostetter's Stomach Bitters are, they say, the means by which they get rid of their fetters. Few altogether avoid the bondage of this aliment, and few are unacquainted with its signs, viz: pain through the right side and shoulder blade, furred tongue, yellowness of the eyeballs and skin, sour breath, sick headache, dyspepsia and constipation. Hostetter's Stomach Bitters puts a prompt period to these, brings them to a full stop in short order. Whether the trouble is chronic or temporary, this medicine is equalchronic or temporary, this medicine is equal-ly effective, regulating the liver and bowels thoroughly. It is likewise a sovereign remedy for rheumatism, kidney complaint, malaria, heartburn and nervousness.

Many so-called "Bitters" are not medicines, but simply liquors so disguised as to evade the law in prohibition sections. This is not the case with the celebrated Prickly Ash Bitters. It is purely a medicine, acting on the liver and blood, and by reason of its cathartic effects cannot be used as a bever age. It should be in every household. Faith fears nothing.
