The principle of reciprocity is worthy the brain of the greatest American citizen—Hon. James G. Blaine. There is another great idea, however, of no small importance to McCook, it is the encouragement of manufacturing establishments to locate in our midst and the proper support of the same when they have cast their fortunes with us. It is highly business like and when carried into effect results in the wonderful up-building of a city. THE TRIBUNE wants to suggest in passing that it is about the proper caper for the smoking public to remember that Reizenstein manufactures some of the best brands of cigars to be bought in McCook. Go and reciprocate. Joe will meet you half way.

Rev. W. C. Stevenson has been secured by the Congregational Home Mission Society to undertake their work at McCook. Rev. Mr. Stevenson is a man of some note, having been converted under D. L. Moody in Dublin, Ireland, some years ago. Mr. Moody was so much pleased with him that he took him for an assistant on the trip through England and Scotland. After the great evangelist returned to this country he sent back for Mr. Stevenson and had him come to this country to assist again in revival work. After this Mr. S. went into the Moody training school at Northfield, Mass. and took a complete course of study. Since then he has been in revival work in the east. McCook is fortunate to get such a man, and must surely advance under his leadership, despite the great damage done religious work by the Rev. Joel Kelsey, late of that place.—Cambridge Kaleidoscope.

Sixteen proofs in one day is the record of Tuesday's work in the local land office. It is not often exceeded these quiet times.

A daughter was born to Mrs. C. N. Batchelor, Sunday morning. Bert has discarded his knee breeches and all are getting along nicely.

The Indianola District Camp Meeting, this year, will be held in Cambridge, commencing on 5th of August and closing August 17th.

A very impressive scene indeed was the baptism of Mrs. Lucetta Raines in the M. E. church, last Sunday morning, by Rev. Mather. The candidate is a consumptive.

The veterinary outfit and supplies of Dr. Beck were levied upon, Monday, by J. H. O'Neil. The matter was settled, however, without resorting to sale of the property.

The readjustment of salaries for post-masters of the third class reduces Indianola from \$1,100 to \$1,000, to take effect July 1st. Culbertson is made a fourth class office.

They do say: That Indianola's silver-tongued mayor, Pop Gun Smith, is determined to be in the swim; so much so that upon his own solicitation he was "invited" to orate at the great celebration to be held at Stockville, July 4th.

The band, fire department, and scores of citizens will attend the Red Cloud celebration, tomorrow. There will be numerous visitors to other celebrations about us, and the city no doubt will resemble a deserted village, on our natal day.

A plan is suggested to purchase the Oliver place on South Side and convert it into a resort and fair grounds. It is under the irrigation ditch. Has a beautiful grove of large trees, and would make a most entrancing place for the purposes named.

Although the campaign has not developed beyond the still hunt stage, yet the picket lines are being thrown out to guard against surprises and capture. And yet surprises will be an important part of the fall campaign, if the wise-acre are to be credited.

The writer indulged in a strolche through the McCook Roller Mill, one day this week, finding everything moving briskly and merrily. And right here we want to add for the information of the farmers that Mr. Doan will pay the highest market price for wheat, rye, etc., at the mill.

Yesterday morning, W. M. Anderson had the misfortune to upset a heavy dray load of flour in front of Potter & Easterday's, damaging the dray somewhat, and causing Will to make observations which will temporarily render him ineligible to membership in the Ike Walton club.

METHODIST CHURCH—Next Sunday, July 5th, Rev. P. S. Mather will preach in the morning on THE CHURCH AND ITS VICTORIES. In the evening on GOD'S SIDE OF THE FOURTH OF JULY. These are two subjects full of interest and instruction and should be heard by all lovers of the church and the nation.

At a meeting of the members of the Congregational church, Monday evening, it was unanimously agreed to invite Rev. W. C. Stevenson to this pastorate for the ensuing year. Rev. Stevenson comes highly recommended, and will no doubt do valiant service for the Master, and the church here. The harvest truly is great.

Perhaps the people miss nothing more keenly than the absence of the open air concerts which so delighted the public ear every Saturday evening, last summer. Can't we pull ourselves together sufficiently to pay the band for their services, and reinstate the pleasant order of last season? It is worth the effort.

An attachment of \$200 was levied on the right of way of the Jones' irrigation ditch, Thursday, by Deputy Sheriff Buffington in favor of W. D. Wildman. The people along this proposed route would like to see the ditch put through at once but litigation will put a stop to it for some time to come.—Cambridge Kaleidoscope.

The orator of the day at the 4th of July celebration at Champion, Chase county, will be our fellow-townsmen, Judge Cochran, who left for there, yesterday on the flyer via Benkelmen. The Judge had five other invitations to address Alliance celebrations, but the Champion people were first to extend an invitation and the same was accepted. Judge Cochran has a high and honorable standing among the farmers of the 14th district, who would rather hear his plain, manly words than those of professional orators of greater girth of mouth.

MARRIED.

Mr. I. T. Birdsell of McCook, Neb., to Miss Marion E. Gale of our city. Mr. Birdsell is a thrifty farmer. Miss Gale is a niece of Mrs. Field and has been making her home with her aunt since last March. During her stay in our city she has made many warm friends. A nice company of friends and near neighbors were present, to witness the marriage. The ring ceremony was used which is a beautiful and impressive service. After which, hearty congratulations followed. Then came ice cream and cake, which was enjoyed by all. Some beautiful presents were presented. The happy couple started yesterday for their beautiful home near McCook, Nebraska, where we wish them much happiness and abundant success. —Anoka (Minn.) Union.

NEARLY 200,000 ACRES.

It is not generally known that there are nearly 200,000 acres of land in the McCook land district subject to entry under the government land laws. Below we give the figures by counties:

Frontier county,.....2,680 acres.
Red Willow county,.....none.
Hitchcock county,.....6,000 acres.
Hayes county,.....25,580 acres.
Chase county,.....53,530 acres.
Dundy county,.....110,960 acres.
TOTAL,.....198,750 acres.

There are no unsurveyed lands in this district. It will appear that Red Willow has no government lands subject to entry, while Dundy county has more than all the rest of the district, over 100,000 acres.

STAY IN NEBRASKA.

Not many months since Tom Ruggles felt an irresistible yearning for greener pastures over the divide, and hied himself away to Washington, King county. Well, like many others who have left as he is ready to return. He wrote a friend here recently stating that he has not found any state any better than Nebraska, and that he would not advise anyone to come to Washington. He has been holding his farm at \$1,500, but now writes that nothing short of \$2,000 will buy his Red Willow county homestead. In fact we shall not be surprised to see Tom struggling back to his old haunts almost any time now.

POTTER & EASTERDAY.

A PIONEER PALACE CAR.

(From a Personal Narrative of the Overland Trip in the Century for July.)

Our wagons, or the "Reed wagons," as they were called, were all made to order and I can say without fear of contradiction that nothing like our family wagon ever started across the plains. It was what might be called a two-story wagon or "Pioneer palace car" attached to a regular immigrant train.

The entrance was on the side, like that of an old-fashioned stage coach, and one stepped into a small room, as it were, in the center of the wagon. At the right and left were spring seats with comfortable high backs, where one could sit and ride with as much ease as on the seats of a Concord coach. In this little room was placed a tiny sheet-iron stove, whose pipe, running through the top of the wagon, was prevented by a circle of tin from setting fire to the canvass cover. A board about a foot wide extended over the wheels on either side the full length of the wagon, thus forming the foundation for a large and roomy second story in which we placed our beds. Under the spring seats were compartments in which were stored many articles useful for the journey, such as a well-filled work basket and full assortment of medicines, with lint and bandages for dressing wounds. Our clothing was packed—not in Saratoga trunks—but in strong canvas bags plainly marked. Some of mama's young friends added a looking glass, hung directly opposite the door, in order, as they said, that my mother might not forget to keep her good looks, and strange to say, when we had to leave this wagon, standing like a monument on the Salt Lake desert, the glass was still unbroken. I have often thought how pleased the Indians must have been when they found this mirror which gave them back the picture of their own dusky faces.

THE TRIBUNE sincerely regrets that the movement to secure a uniform closing of business houses at 8 o'clock, central time, has been abandoned. The petition circulated was signed by every business man in the city but two. We hope that these two gentlemen may yet be able to see the desirability of early closing these hot evenings, and that our business men may be able to enjoy the comforts of home and family in the evening, instead of loafing around their business houses. Why should business men and their clerks work sixteen hours, anyhow, in any kind of weather? The early closing movement ought to be successful. There is sufficient time to do all the business transacted in half the time now devoted to trading and shopping. Cultivate the acquaintance of your wife and children. Take them out driving. Your social nature will be improved and your business will not suffer.

NOTHING TOO RICH.

Gray & Maddux of The Circle Front Livery go on the splendid business principle that there is nothing too rich for their patrons; and they are constantly on the lookout for new attractions. Their latest purchase of Sheriff McCool's handsome and rangey team will doubtless be appreciated by all who take delight in drawing the ribbons over something in the horseflesh line which is stylish and spirited as well as safe and reliable. This recent acquisition fills all the requirements, and sustains the deserved popularity of The Circle Front.

He will be prepared to take care of the rush when it comes, too.

In the meantime they are ready to promptly dispose of all business which comes, and are keeping their popular brands before the public as usual.
