A Sioux City telegram of May 27 says: "J. E. Devoes has just returned from a conference in New York with the prime movers in the Duluth, Sioux City and Pueblo, and says he received from them positive assurance that the road will be built this season west through Nebraska." And this is the road that some citizens of Kearney insist is "all wind," and will make no effort to secure it. The U. P. will be crossed at Lexington or Gothenburg according to present indications. An effort on the part of Kearney would have secured the junction here. Is it to late?—Hub.

Paducah, Tennessee & Alabama Railroad Company, office of president. Paducah, Ky., May 23, 1892. Mr. W. J. Hills is hereby appointed superintendent of this company, vice Mr. W. E. Dauchy resigned. Effective May 25th, 1892.

T. H. PURYEAR, President.  
W. J. Hills, portrait and personal sketch of a rising young railroad man. Mr. W. J. Hills entered the railroad service as night operator at Lansing, Mich., for the Michigan Central railroad at the age of 15 years, he was successively appointed to day operator, extra agent, and agent at Columbiaville, Mich., an important station on that road, which position he held until 1882, when he resigned to seek his fortune in the west. He was appointed agent of the Burlington and Missouri River railroad company in the then new state of Nebraska in the spring of 1883. His sterling business qualities were soon recognized by that company, and he was soon promoted to the position of train dispatcher, which he held until the Paducah, Tennessee and Alabama secured his services upon the opening of their road. Mr. Hills has held the position of chief train dispatcher and assistant superintendent of the company, and to his efforts is largely due the success and popularity of the road. His promotion to superintendent is a deserving one. He is now but thirty-one years of age, and is probably the youngest superintendent of a railroad in this country. He has made many friends since he has been in Paducah, both personally and for his road. No young man has a more promising future before him.—Paducah Standard.

Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength good appetite and felt just like he had a new lease on life.
