To the employes of the B. & M. round

the gift itself, munificent as it is, the man-

A Note of Warning to the Public.

As a matter of justice to themselves
and to the reputation of Dr. Leslie E.
Keeley's Double Chloride of Gold reme-
dies for the cure of the liquor, opium,
morphine and tobacco diseases, and
neurasthenia, we warn the public that
these remedies are used by no institu-
tion or sanitarium in the United States,
except those established by our com-
pany under the uniform name of "The
Keeley Institute."

All others claiming to use our reme-
dies are frauds and imposters.

We have now sixty Keeley Institutes
established in various parts of the
United States, the only one in Nebraska,
south of the Platte river, is located at
Beatrice, where the Keeley treatment
is administered and the Keeley reme-
dies sold. We, however, caution all to
examine well and know that they are
dealing with GENUINE REPRESENT-
ATIVES, authorized by us, before
taking treatment or purchasing reme-
dies.

The fraudulent establishments use
the name of "Bi-Chloride of Gold" or
similar titles. The newspapers do not
discriminate sufficiently to know that
they are imitators, and so put down all
accidents occurring at such establish-
ments as being brought about by the
Keeley treatment. This is a matter of
much concern to us, hence this warning.

Respectfully Yours,
THE LESLIE E. KEELEY CO.,
Curtis J. Judd, Sec'y and Treas.

The competition in advertising is go-
ing a little too far. McCook secured the
services of a young cyclone, last
Saturday, to secure recognition in the
press dispatches, and not to be outdone,
Indianola, in a spirit of rivalry, in-
dulged in a genuine wreck the follow-
ing day. Stockville will keep in sight
of the procession with a sure-enough
prize fight next week.—Sentinel.
