

But it looks as if it would be in it soon, and the sooner your foot is in one of our \$3.50 or \$4.00 Shoes the more fortunate it will be. Because we know this shoe, we want you to know it; because it wears as no other shoe will wear, we want you to wear it. It is absolutely the cheapest thing in shoe-leather and there isn't any limit to the satisfaction that it gives. No matter what you pay, you get no better when you get the best—it is a luxury in footwear and not a high-priced luxury at that. It isn't trying to those who try it. Try it.

As the mind of man is so limited in its ability to receive and retain, there must be a continual selection going on between what to know and what to refrain from knowing. The wise man has discovered that of the vast amount of truths and facts and wonders and ideas with which the universe is teeming, only a small fraction can by any possibility be his, and his intelligence has no more important task to perform, than that of deciding not only what to choose, but what to refuse. Thus, wherever there is a wise knowledge, there is also a wise and necessary ignorance.

**After a Long Time!**

Of patient waiting our machinery has at last arrived. We beg to say that we are now in position to do the BEST work on short notice.

Absolutely rust proof tinware is sold by S. M. Cochran & Co., the west Dennison street hardwaremen.  
Noble, the leading grocer, makes a specialty of fresh, clean family groceries. He will treat you right.

THE TRIBUNE predicts a larger wheat harvest than last year. The average per acre will be smaller, though.  
Noble is the only exclusive grocer in the city. His stock is the largest and his prices correspond with the times.

If you want a really choice article of meat of any kind, remember that Stone & Devitt can fill just such a want satisfactorily.  
The cash meat market, next door to the post office, keeps the best of everything belonging to a first class meat market.

The Mite society of the Methodist church will serve ice cream and cake in the Babcock building on Saturday afternoon and evening.  
C. G. Potter has traded his residence in west McCook to Mrs. Julia Fox for her quarter section about four miles northeast of the city.

Ice cream and cake will be served in the Babcock store room on the afternoon and evening of Saturday, by the ladies of the mite society.

If you have work of any kind to do call on Messrs. Battershall and West who will respond promptly and do you a good job reasonably.

Messrs. Curtis & Bate's tonsorial parlor is undergoing marked improvement, this week. The boys now have one of the most convenient and cosy shops in the valley.

Harvest is approaching and farmers should get in their orders for Deering repairs at once in order to insure prompt attention and no delay. Predmore Bros. are sole agents for these repairs.

The front windows of the McCook book and stationery store are somewhat the worse for the bombardment, early Monday morning, by the boys who were out on a 4th of July lark.

The first half of leap year has gone, and still some of the dear old girls are not happy.  
The assessors' returns show the increased acreage in this county to be between one third and one half over that of last year.

The ladies of the Dorcas society and invited guests participated in the delights of a picnic in Fitch's grove, Monday afternoon.

This week C. G. Potter disposed of his interest in the elevator to J. M. Sewell, of Hastings, possession to be given August 1st.

Western Nebraska is still at her old stand ready to show to an admiring world what kind of crops the natives raise in the wild and woolly west.

"Since 1849," remarked a leading dry goods man to THE TRIBUNE a few days since, "dry goods have not been so uniformly low as they are this season."

"Corn," observed Farmer Hatfield, sr., to THE TRIBUNE slave, a few days ago, "is looking better now than it did at this time last season." Doubtless southwestern Nebraska is "strictly in it" this year of grace, 1892.

Preaching services in the Methodist church, next Sunday morning, at eleven o'clock by the pastor. At eight o'clock in the evening Rev. C. A. Mastin will preach; after the sermon communion. All are invited to be present.

If you want to see the C. H. Meeker ditch in operation, just take a drive out to Mr. Meeker's farm on the Oberlin road about two miles south of the city, where the water is now being applied by a scientific irrigation man.

The friends of J. B. McCabe will learn of his serious illness with profound regret. He was brought home Monday evening from Omaha, where an operation was performed, and is now resting quite comfortably, though in a precarious condition.

The Barnett Lumber Co., of McCook, has bought the lumber yard of J. M. Wray, and will open up business as soon as the railroad is completed. A. M. Britnell will manage their business here. Mr. Barnett was here, last Wednesday night, and closed the deal for the yard.—Peoples Voice, Imperial.

The soda water season is with us and as usual The City Drug Store is promptly on hand with the very latest and best the market offers in that line. Their fountain is now in operation and if you want a drink of soda water, with the purest of syrups, turn your footsteps toward The City Drug Store. You are certain of securing it there.

Mr. Spearman desires to correct the misapprehension concerning Governor Boyd. The Governor was not a candidate for national committee man, on the contrary he declined the honor at the meeting of the Nebraska delegation. Owing to dissension existing among Douglas county democrats it was deemed wise by the delegation, after the Governor had declined, to choose an outsider for the position.

Referring to cheap lands and good crops in Nebraska, the Chicago Times says: "There is more profit in raising wheat on land that costs only ten dollars than on that for which the farmer must pay three times that sum." This statement is a perfectly safe one. It affords no more ground for controversy than the famous utterance of Grover Cleveland—"The soil remains in its place."

Few people know that there is a good and a bad way of drinking milk. The bad way is that which they usually follow, viz., to swallow a large quantity at once. When milk goes into the stomach it is instantly curdled, and if it is curdled into one big mass the juices of the stomach can work on only the outside of it. This is the reason that many people who like milk, and to whom it should be of the utmost benefit, cannot drink it. They say it gives them indigestion, and they are right. Let them give it another chance. But this time they must sip it slowly, not taking more than a good teaspoonful at one sip, and taking at least four minutes to finish the glassful. Each little sip thus becomes curled up by itself when it passed into the stomach, and the digestive juices percolate freely around it and it speedily becomes assimilated. One of the best restoratives known after excessive fatigue, and one infinitely preferable to any form of alcohol, is a glass of hot milk. The heat seems to lighten it and to deprive it of much of the sweetness which is so cloying to some tastes.

Walt Mason gallantly champions the gentler sex by the following statement of creditable facts: There are several reasons why a woman deserves all the admiration she receives. When political nominations are being made she doesn't sit on sidewalk railings and go wild over the bulletins, she doesn't yell with hoarse enthusiasm for people she has never seen and never expects to see; she doesn't wear an idiotic campaign hat or stand on the corner at night and sing maudlin campaign songs; she doesn't stuff her pockets with vile cigars for her friends and thus encourage them to commit arson by lighting them; she just attends to her knitting like the sensible individual she is, for she knows the government at Washington will still live whether she yells or not.

The assessors' returns show that in 1891 there were 114,214 acres in cultivation in Red Willow county, valued at \$172,782. Number of acres not in cultivation 261,765 valued at \$334,136. The city realty is listed at \$217,150. The crop acreage for 1891 was: Wheat—18,710, corn—28,691, oats—1,399. Number of trees and grapes reported: Fruit—15,052, forest—581,424, grapes—4,739. School population 1891, 3,041. So far the reports for 1892 indicate that the crop totals this year will be almost one half larger than has ever been put in here during any one previous year. The personal valuation for this year is \$491,740.79.

The disastrous conflict of Wednesday between workmen and a Pinkerton armed force at Homestead, Pa., will emphasize the popular detestation of that agency in the adjustment of difficulties between capital and labor. There is not a word to be said in defense of violent or unlawful measures in the enforcement of the claims of labor, but it is the duty of the properly constituted civil power to deal with such issues and not abandon its function to irresponsible mercenaries under private control who are in the market for the use of any who are interested in the intimidation of wage-earners.

If you will take pains to remember the date, on the night of August 5 you will get such a view of the planet Mars as you will not have again in fifteen years. On that night Mars will venture up within 35 million miles of the earth, instead of preserving the usual respectful distance of 140 million miles. It is believed that this disposition on the part of Mars to be neighborly will be appreciated by at least 1,000 telescopes in this country.

Last night Charley Hine's son Ed met with a most distressing accident, which will cost him the loss of his left eye. He was engaged in loading a revolver. One of the cartridges required some force to place it in the chamber. The boy thoughtlessly struck the cartridge with his pocket knife, an explosion followed, the ball entering the left eye, destroying his eyeball and sight forever.

The sanguinary outbreak between capital and labor in Pennsylvania will have a tendency to increase popular satisfaction in those sections which depend upon agricultural as a means of fostering labor and sustaining commerce.

The excursion train up the Frenchman valley, Sunday, promises to attract quite a large crowd. The falls are now arrayed in their handsomest garb.

**World's Fair Meeting at Indianola.**  
There will be a general meeting held in Indianola, Nebraska, Tuesday, July 12th, 1892, at one o'clock, P. M., for the purpose of organizing an auxiliary of Red Willow county to the World's Fair. We earnestly request a farmer representative from each precinct in county to be present.

**Burlington Excursions.**  
Eastern cities and pleasure resorts are best reached by the BURLINGTON ROUTE. The improved train service in effect, brings Omaha within forty hours and Denver within fifty-three hours of New York, Boston or Philadelphia. The numerous conventions to be held in New York, Saratoga, Detroit and other eastern cities during the coming summer, to which reduced rates will apply, offer splendid opportunities of visiting the east at an almost nominal cost. The local agent of the B. & M. R. R. will be glad to give you further information.

**Colorado's Cool Retreats.**  
During the "tourists' season" from July until September, the Burlington Route has on sale round trip tickets at very reduced rates, to the principal resorts of Colorado.  
To Denver, Colorado Springs, Manitou, Pueblo and Estes Park, (the most attractive spot in the whole state), particularly low rates are in force.  
July and August are the best months in which to visit Colorado's unrivalled resorts, to all of which the Burlington, with its connections offers unequalled service.  
The local agent will be glad to give you any desired information.

Annual Conference Baptist Young People's Union, Detroit, Michigan, July 14th to 17th. One rate for the round trip has been made from the Missouri river to Detroit. Tickets on sale July 12th to 13th, limit for return July 19th. The rate from Omaha is \$20.50, from Council Bluffs, \$20.25 from St. Joe, Atchison or Kansas City \$17.75.

The Society of Christian Endeavor, which is in session in a national capacity in New York, is a comparatively new auxiliary of the Christian church. It is composed, in the main, of young people—a fact which accounts largely for its remarkable vitality and rapid growth. As helpful to the work of practical benevolence, and as favoring a religion which is attractive to the rising generation, it is accomplishing a valuable and noble mission.

The chances are good for the abandonment of work in the steel plant at Homestead, Pa., for some time to come. The officers of the company declare that the terrible event of Wednesday made it impossible for the union to control the labor of that plant in the future, and the failure of citizens to respond to calls to protect property indicates that it will be difficult to keep the iron men in check should another attempt be made to man the works. The situation is so grave that a long period of inaction seems to be the only possible result.—Journal.
