

## THE SIR KNIGHTS.

### THE DENVER CONCLAVE GETS DOWN TO BUSINESS.

### THE NEW RITUAL AND SECRET WORK

Judge Hugh McCurdy of Michigan, Will Probably Be the New Grand Master—Exhibition Drills and Social Pleasures a Feature of the Second Day of the Great Masonic Gathering at Denver.

DENVER, Col., Aug. 11.—The real business of the Knights Templar convocation began this morning when the grand convocation went into session and at once took up the consideration of the new ritual on the report of the committee which, for the past year has been preparing something that will conduce to the harmony in ritual work throughout the United States.

At the election of officers of the grand convocation to-morrow it is almost certain that Judge Hugh McCurdy of Corunna, Mich., will be chosen grand master. W. Larue Thomas of Danville, Ky., the present grand master, is spoken of as the deputy grand master and Reuben H Lloyd of San Francisco as grand generalissimo.

The second day of the convocation opened sunshiny and bright. The streets were thronged with people and the headquarters of the various clubs presented animated appearances. California entertained Wisconsin, and while there was not much formal entertaining there was visiting. A few of the commanderies did some marching in fatigue uniforms. A majority, however, were glad to rest after the fatigues of yesterday and remained about their hotels or took rides in the suburbs. A few commanderies left the city for a tour around the state before returning home.

There was no competitive drill, because Grand Master Gobin thought it would not be the proper thing. An exhibition drill was held, however, at River Front park and 10,000 people witnessed it. There was some disappointment because only two commanderies appeared to take part—California, mounted and St. Bernard No. 1, of Chicago.

One of the drill companies of America, both looked well and were greeted with tremendous applause. The absence of Detroit's drill corps and other crack organizations detracted from the exhibition. The Californians were dressed in black velvet costumes and soft hats and they presented an unique appearance. After they had concluded, St. Bernard's commandery of Chicago went through the most difficult evolutions with apparent ease and with greatest precision.

The secretaries guild, which is composed of grand secretaries of North America, held a meeting and appointed Meyer of Pennsylvania, Miller of Maryland, Brown of Kansas and Bowen of Nebraska a committee on rules to report this morning. This association was organized at Minneapolis a year ago for the purpose of improving the secretarial work of the fraternity and is being perfected at Denver this week.

### A BOLD RAID.

Three Guards of a Treasure Train Killed and Rich Booty Secured.

DURANGO, Mex., Aug. 11.—The mail courier from Mazatlan reports that near Culiacan, state of Sinaloa, Mexico, a train of burros, on the way from the Vedras mines, loaded with \$50,000 worth of silver sulphides in boxes for export and guarded by twenty men, was attacked in camp four nights ago by fifteen bandits. Three of the guards were killed and others were overpowered and bound hand and foot. They were left in that condition by the brigands, who drove the mules with their precious loads into the deep recesses of the Sierra Madre mountains. A company of government troops has gone in pursuit of the robbers.

### Schweinfurth Going to Missouri.

ROCKFORD, Ill., Aug. 11.—Schweinfurth, the "Messiah," is about to leave Rockford. It is understood that he has entered into negotiations with some property owners a few miles south of Keokuk for the purchase of a large tract of land along the Missouri boundary. He also proposes to buy a like tract of land on the other side of the line. If he succeeds in the purchase there a temple will be erected on the Iowa-Missouri line. If the people of Iowa object to the manner in which he gains a following and offer a legal resistance, he will move over the line into Missouri. Should the people of Missouri resist his methods he will move back into Iowa.

### Georgia Democrats.

ATLANTA, Ga., Aug. 11.—The Georgia state Democratic convention assembled here to-day at noon. After temporary organization was completed W. Y. Atkinson was re-elected chairman of the state executive committee for the next two years. There was no opposition to W. J. Northern for governor and he was renominated. He was also W. A. Wright as comptroller general, General Philip Cook as secretary of state, R. U. Hardeman as treasurer, R. J. Nesbitt as commissioner of agriculture.

### Earthquake in Germany.

BERLIN, Aug. 11.—At 8:30 o'clock this morning an earthquake was felt at Ems, Coblenz, Viander, Nassau and Neider Lahnstein. The movement lasted for ten seconds. At Neider Lahnstein the shock was so severe that a number of chimneys were thrown down and the school house damaged and the scholars panic stricken and some hurt in the wild rushes for the doors and windows.

## BEATEN AT ALL POINTS.

Various Carnegie Mills Well Supplied With Men—Anonymous Threats.

PITTSBURGH, Pa., Aug. 10.—The flag raised at the upper Union mills of the Carnegie company yesterday, Superintendent Dillon says, was hoisted as an emblem of victory. Every train of rolls in that plant is now in operation on single turn and before the end of the week will probably be on double turn.

A flag was raised at Duquesne to-day, and Superintendent Potter says he will also float one over the Homestead mills. About 700 men are at work at the Union mills and nearly 1,400 at Homestead. Duquesne is in need of only a few more men to put the mill on double turn.

Permanent houses for the Homestead men are being rapidly constructed. It is expected at least fifty houses will be built before cold weather. This new town will be built on the upper part of the company property. It has already been laid out into lots and will be a model town with gas, sewerage and electric lights.

In Alderman McMillan's mail yesterday was an anonymous letter, posted in New York city at noon on Monday, written in a cramped and pushed hand, probably disguised, and reading:

Alderman McMillan, Pittsburgh, Pa.: Dear Sir—Some time this week a party of men will leave here and will try to kill you and Superintendent Erickson.

Alderman McMillan has been in Michigan for two weeks. His mail is opened by his constable, Joseph Weber. The anonymous letter was turned over to the alderman's attorney, who, after reading it said: "I suspect that letter was written here and was sent to New York to be mailed. All the attorneys engaged in prosecuting the Homestead riot cases have within a week received several letters of a threatening nature, but they have little, if any, fear of a threat coming from a man who is afraid to sign his name."

Other officials of the Carnegie company are still receiving letters threatening their lives.

John Keams, a non-union workman employed at the upper Union mill, was assaulted by two men while on his way to work this morning and badly beaten. His assailants were arrested and taken to the station house where they were recognized as Edward Zimmer, a striker, and Thomas Conners, a former employee. This is the first trouble since the beginning of the strike at the Union mills.

This morning at Homestead the firm secured thirty-five new men to take the places of those who deserted yesterday and two or three additional left. The mill seems to be operating smoothly in a number of departments, although the locked out men claim that they have indisputable evidence that the product is very cheap and poor in quality.

### Pressing Moorish Troops.

TANGHER, Aug. 11.—At 8:30 o'clock this morning the Moorish troops made another advance in the direction of the territory occupied by the rebellious tribesmen, ascended the hills and set fire to a number of villages. The inhabitants fled. They also set fire to the bushes to prevent the tribesmen from finding shelter among them. A portion of the troops, assisted by a force of Kabyles, have made an attack upon the rebellious Anghears.

### The Duke of Fife a Reformer.

LONDON, Aug. 11.—The Duke of Fife, speaking at the Keith cattle show, said that he was convinced that properties of various sizes were more desirable than the solid overgrown estates which were the pride of a former generation, and that he had carried out this idea as soon as he came into possession of his own property.

## GLADSTONE CALLED FOR.

The Queen Prepares to Entrust the "Grand Old Man" With Control.

LONDON, Aug. 11.—Mr. Gladstone to-day received a communication from General the Right Hon. Henry Ponsonby, private secretary to the queen, announcing that arrangements were being made for his reception on Friday at Osborne house, the queen's residence on the Isle of Wight, whither he will proceed in response to a summons from her majesty. The object of the queen in summoning Mr. Gladstone to Osborne house is to entrust to him the formation of a new government.

Lord Salisbury is expected at Osborne house to-morrow to tender the resignation of the present government upon the adoption by the house of commons of the "non-confidence" amendment, in reply to the queen's speech.

The Liberal whips expect a majority of 30 or 35 on the division. The standard says the Redmondites, who were much dissatisfied with Mr. Gladstone's declarations, met after the speech and declared that, although the assurances were vague and unsatisfactory, they would vote with the Gladstonians, reserving entire freedom of action for the future.

### CITY OFFICIALS BLAMED.

The St. Paul Flood Held to Have Been Due to Negligence.

ST. PAUL, Minn., Aug. 11.—The coroner's jury investigating the death of Frederick Kreiger, one of the flood victims, has brought in the following verdict:

We, the jury, find that the said Frederick Kreiger came to his death on the third day of August, 1892, through the negligence of the city engineer and assistants in not properly attending to the drainage of the accumulation of water south of Page street, between Brown avenue and Woodbury street, and the force of said water, when breaking its bounds, destroying the residence of Frederick Kreiger and causing his death in the wreck that followed.

There were three deaths and half a dozen injured and damage suits against the city for large amounts will probably be at once instituted.

White of Mississippi was made temporary chairman. D. G. Saunders, president of the Kansas City wholesale lumber dealers' association, introduced Mayor Cowherd, who made a short address of welcome.

After the business meeting an informal reception was given and to-night a secret society composed of lumbermen initiated new members. To-morrow night there will be a banquet at the Coates. The most important business to come before the meeting is the fixing of a new price list.
