

THE NEW CABINET.

COMMENTS OF SOME ENGLISH NEWSPAPERS.

GLADSTONE AS THE GOVERNMENT.

Men Selected Who Will Follow Their Leader Through Thick and Thin—John Morley Will Have the Practical Control of Irish Affairs—Lord Salisbury Will Not Accept a Dukedom.

LONDON, Aug. 18.—The Chronicle thinks Mr. Gladstone selected the members of his cabinet on the theatrical star plan. It says: "Forces of genius are with difficulty discoverable, but they are faithful men who will stick to business and to the leader in sunshine and rain, and perhaps will form as good a ministry as the premier, who is himself a ministry of all the talents could wish for, while he has to depend upon a vacillating electorate and a heterogeneous majority."

The news says: "We consider it immaterial who the viceroys of Ireland is just now as long as Mr. Morley has the practical conduct of the government of Ireland, but it is satisfactory to know that Baron Houghton is regarded as a man of great promise and as likely to go far in a career of statesmanship. The new government, and so far it has been arranged, has a good deal of youth about it."

The Times says: "Taken as a whole, the ministry can scarcely be expected to display, with one or two exceptions, that independence of thought which was formally supposed to be an honorable distinction of liberal dispositions. It approaches closely Mr. Gladstone's ideal of himself as the government and his colleagues as the chief clerks, which he was unable to realize when he had independent colleagues. Like Lord Harrington, John Bright, the duke of Argyll and Joseph Chamberlain. Putting Lord Rosebery aside the cabinet is not likely to have much influence on Mr. Gladstone's policy."

The Telegraph announces that Lord Salisbury, in an unselfish spirit, will accept no distinction from the crown except the privilege of wearing the Windsor uniform, which has only been granted during the present reign to Lord Melbourne, Lord Palmerston and Earl Grey.

IN THE INTEREST OF ROADS.

The Missouri Convention Organized—A Committee on New Laws Appointed.

CHILLICOTHE, Mo., Aug. 18.—Quite a large number of delegates, visitors and citizens met in the opera house last night to organize the state road improvement convention. J. A. Potts of Audrain, president of the state board of agriculture, being too sick to preside, H. C. Ireland of this city was made chairman, and Mayor Hoppe and Colonel W. F. Switzer delivered addresses of welcome. The secretary, Mr. Chubbuck, made appropriate response, after which J. L. Erwin of Callaway was called on for a discussion of surface and tile drainage for roads. Following this came a discussion by various members of the problem of needed legislation to assure the objects of the convention, and the convention adjourned during the pendency of a motion to appoint a committee to report the salient points of a law on the subject.

This morning a long discussion ensued which finally ended in authorizing the president to appoint a committee of six with authority to formulate and report such changes and additions to the road system as should best subserve the purposes of an aroused intelligent sentiment on country road improvement. Suggestions looking to amendments of the organic law by which county courts, municipalities and people may be unshackled in respect to tax levies and bonds for road improvement, seemed not to be regarded with favor, at least many stoutly opposed such amendments. Bonded debts were regarded with horror.

In his letter of regrets, Major Warner said: "There is no citizen who realizes more than I the necessity of improvement in our roads in this state and in whatever position I may be I shall cheerfully co-operate with the advocates of legislation looking to that end."

W. J. Stone expressed regrets that he could not be present and profit by the discussions and asked for reports of the proceedings. Leverett Leonard endorsed the road convention idea, but declared that before any expense should be incurred there should be a freely competitive market and until that time declared that he was not particularly anxious to promote large productions and devise means for easier access to the great markets until the markets should be reformed.

Consul McCreary Tired of Chili.

WASHINGTON, Aug. 18.—It is said that Consul McCreary will resign his post at Valparaiso as soon as the pending investigation is closed, for the reason that he is tired of life in Chili and is desirous of resuming business in the United States. He is said to be confident of a complete vindication of his official conduct.

Kolbe and the People's Party Unit.

BIRMINGHAM, Ala., Aug. 18.—The Kolbe executive committee and the People's party executive committee held a joint session here to-day, worked together in perfect harmony and went up by issuing a joint call for a joint convention to put out candidates for congress and presidential electors, to meet in Birmingham on September 15.

RICHMOND, Ind., Aug. 18.—Fifteen persons were poisoned in this city to-day from eating ice cream. The poisoning came from the deadly tyrotoxin, and all the cases were quite serious, though none will prove fatal.

LIVES LOST BY FLAMES.

Two Men Burned and Standard Oil Magnate Bostwick Killed by Excitement.

MAMARONECK, N. Y., Aug. 18.—Fire broke out early this morning in the handsome stable of John A. Bostwick of the Standard Oil company at his summer residence on Oriental Point, overlooking Long Island sound, and when the fire departments of the surrounding villages arrived the Bostwick stables were in ruins and the stables of Mr. Constable of Arnold, Constable & Co. of New York were blazing. After the fire had burned out it was learned that Mr. Bostwick's coachman and footman were missing. They were known to have been sleeping in their apartments on the second floor. Their charred bodies were found among the debris.

Soon after the fire broke out Mr. Bostwick hurried out on the piazza laboring under great excitement. He had been in ill health for some time and when he saw his stables on fire he suddenly fell backward unconscious and before medical aid could reach him he died. He is supposed to have died from heart failure, produced by undue exertion.

The dead man's coachman and footman went on a boating trip yesterday on the sound and it is said that when they returned last night they were both under the influence of liquor. It is supposed that the fire was started by one of the men carelessly smoking or handling matches in the stable.

Eight valuable carriage horses and a number of carriages and carts were destroyed. The loss is estimated at \$50,000. The Constable stables were also destroyed, together with the contents, including several horses and handsome turnouts and harness. The loss was great.

Starvation Instead of Revolution.

SAN ANTONIO, Tex., Aug. 18.—United States Marshal Paul Fricke has arrived here from an extended scouting expedition through the lower Rio Grande border counties in search of Garza, the revolutionist. He traveled several hundred miles on horseback and reports that he found no evidence whatever of any movement against Mexico. There is great destitution among the lower class of Mexicans on the frontier, several deaths from starvation among children having occurred.

Governor Winans Not a Candidate.

GRAND RAPIDS, Mich., Aug. 18.—Chairman D. J. Campau of the state central committee called to order the great Democratic state convention at noon to-day. I. M. Weston of Grand Rapids was chosen chairman and made a short speech outlining the work of the convention and predicting a sweeping victory for the Democratic party next November. Governor Winan's letter declining to run again for his present office was read and the convention took a recess.

Ask for Carroll's Withdrawal.

ATCHISON, Kan., Aug. 18.—A. B. Bonnell, People's party lecturer for the First congressional district, said to-day that strenuous efforts were being made to get Edward Carroll out of the race for congress in favor of Fred Close. Unless Carroll should withdraw Case Broderick would be elected.

Lincoln's Grand Feature.

LINCOLN, Neb., Aug. 18.—There is no longer any doubt of the coming of "The Last Days of Pompeii" to Lincoln during the state fair. Superintendent H. M. Hanaford arrived last evening from Denver to prepare the M street ball park for the magnificent spectacle. He is accompanied by eight men. They are the carpenters and the men who make the fireworks, or nearly all of the fireworks used in the spectacle. A train load of scenery and effects is now on the way from Denver to this city. The work of building the stage, the lake and the necessary buildings will be begun to-day. And it is no small enterprise. Over 10,000 square yards of scenery is used in the spectacle, all of it painted from sketches made from the ruins at Pompeii. In addition to the scenery many actual buildings are used. They are built in miniature of wood and iron in the style of architecture prevalent in the days to be commemorated. There will also be accurate reproductions of the great stone arches, among them the historical triumphal arch. To the observer these will all bear the stamp of massive reality. Almost 300 people will take part in the drama enacted on the stage, including the celebration of the Roman games and fete day.

The Prohibitionists.

HASTINGS, Neb., Aug. 18.—The annual convention of the Nebraska prohibitionists began a two days' session in this city yesterday afternoon. Of the 503 delegates contemplated in the call only a couple of hundred or so were present, although they kept straggling in throughout the day. The convention did not begin in any great degree the rush and tumble of the usual state convention. The badges of the Lancaster delegation being the only feature which reminded one of a convention held by a large party. R. W. Richardson was nominated for congressman from the Second district by acclamation; in the Fourth district J. P. Kettlewood was selected; for congressman from the fifth district Prof. Hubbell was chosen by acclamation; O. R. Beebe received the congressional nomination from the Sixth.

A Day Off.

LINCOLN, Aug. 18.—Yesterday was an exceedingly quiet day along the business streets of Lincoln, and the street railway people were the only busy people in town. The grocery and dry goods stores and a few in other lines were closed to permit the proprietors and employes to join with their families and friends in the annual outing at Lincoln park. During the forenoon there was a merchants' street parade which was a creditable beginning of a most successful day of pleasure. All of the merchants, wholesale and retail, entered into the movement with a zest that was in happy contrast with the general tendency in former years. The result of all this bustling activity was that the merchants' outing proved to be the biggest, best and gayest picnic ever held in Lincoln park.
