Mrs. J. E. Northrup, recently of Wisconsin, has rented the south room in the Masonic block and will open up a millinery and dress making establishment.

Rev. J. M. Mann of Alliance precinct was in the city, Thursday, and reports that his mother-in-law, who fell and broke her leg badly on Decoration day, is getting well. Which is remarkable as she is nearly 94 years old.

County Superintendent corrects the statement in regard to the number of children of school age in the county to be sent to State Superintendent as follows: Girls, 1463; boys, 1463. There are 41 others in districts where no school was held that cannot be counted in the report to State Superintendent.

The county agricultural society are making arrangements to make an exhibit at state fair. The secretary has secured a favorable position in the hall, and as it will be impossible to canvass the whole county for the exhibit, will every one who has any thing choice that they can furnish notify the secretary, C. W. Beck, at Indianola, at once. All kinds of grain, grasses, vegetables, etc., wanted. Let us make a good showing for our county.

BANKSVILLE BUDGET.

The weather is exceedingly warm and we are needing rain.

Wm. Relp started on a visit to his brother in Kansas, a few days ago.

The harvesting is about done and threshing has commenced, but no news yet to tell the yield from threshing.

We are listening with all our listening faculties to hear something drop to assure us that the county seat goes to McCook.

W. A. Gold finished stacking, last week, and H. H. and A. M. Benjamin finished rye stacking, Monday. Grain stacking is a large part of the business now.

The House Mace.

The mace of the house of representatives consists of a bundle of thirteen ebony rods entwined and bound together with silver bands. The thirteen ebony sticks represent the thirteen original states of the Union. They are surmounted upon a globe of silver upon which the hemispheres are traced, while a silver eagle with outstretched wings is perched upon the summit of the globe. It was made in 1884, and weighs twenty pounds.—From the Chicago Times.

Bear in mind that spring has opened up and house cleaning has commenced. Also remember that I am in the market as usual for the purchase of second hand goods. Drop me a card and I will call. J. H. LUDWICK.

THE American flag has been insulted again in Toronto, but the effort to tear it from the head of a procession was quickly balked. Little by little the Canadians are becoming accustomed to the Stars and Stripes and are reaching the stage when they must vent their spleen in curses alone. It is hands and not mouths that the United States first endeavors to regulate.

SIXTEEN wild steers turned loose in the lower part of New York city caused great excitement for several hours Tuesday. The futile attempts of the staid old stronghold of the Knickerbockers to simulate the breezy abandon of its Western rival of the great unsalted seas would be pathetic if they were less amusing.

THE most toothsome trust of them all has been found in New York in preserves and jellies. A combine on the air supply may be looked for nearly any day, every thing else being now pooled.

THE total value of all diamonds in Illinois, Chicago included, according to the assessors returns, is only \$58,762. What a lot of paste must be used in swell society events in Chicago, if the returns be reliable!

In all of his travels up and down the country St. John has heard but one man hurrah for a presidential candidate, and it goes without saying, of course, that the nominee thus honored was Mr. Harrison.

If Mr. Cleveland follows up the practice of writing letters to all of his namesakes, another private secretary will become an early necessity at Grays Gable.

C. E. Eldred returned from Phillipsburg, Kansas, last evening, accompanied by a better half secured in the Sunflower State during his brief absence. The boys think of excusing him, this time. But he must not do it again.

The railroad has been completed to Imperial and they will have a grand "blow-out" August 24th.

Shiloh's Consumption Cure.

This is beyond question the most successful cough medicine we have ever sold, a few doses invariably cure the worst cases of cough, croup and bronchitis, while its wonderful success in the cure of consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10c., 50c. and \$1. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. Sold by A. McMillen.

A New Kind of Diamond.

Jas. S. Kirk & Co., of Chicago, have put upon the market lately, as a result of their half century's experience, their Dusky Diamond Soap, a soap adapted to all household uses. By a happy but peculiar combination they are enabled to use tar in this soap, and there is no one that needs to be told that tar is recognized as the greatest of the healing agents. It also is recognized for its softening qualities, and any one troubled with hard, sore hands, will become enthusiastic over the "Dusky Diamond" Soap after once using it. Your grocer keeps it.

GENUINE BARGAINS!

Has the actual difference in the way CLOTHING is put up ever occurred to you? If it has not, a visit to the various places where clothing is sold will convince you that there is a vast difference between "slop-shop hand-me-downs" and clothing (not things) made of good material and nicely put together. Here is where we have always made a strong point and the fact that we are selling Men's and Boys' Suits and Pants, trimmed, lined and sewed equal to any tailor made suits, at prices as low, and often lower, than the "slop shop" stuff explains in itself why we are doing so large a clothing business. We have put forth an extra effort this spring, and you will find our tables loaded down with the prettiest line of MEN'S, BOYS' AND CHILDREN'S SUITS to be found on this market, and if you are looking for good, honest goods at the lowest prices, we ask you to carefully inspect this department. And in Hats, Shirts, Suspenders, Overalls, Jeans, Pants, Socks, Ties, Night Shirts, etc., we have just what you want and at a price that will meet your views.
