SUCCESSORS TO J. C. ALLEN.

THE CASH BARGAIN HOUSE.

Auditor W. P. Foreman was with us, Monday.

Conductor Coy was down from the high line, Monday.

Mrs. N. L. Cronkhite came up from Hastings, last night.

Mrs. Donaldson of West McCook is down with an attack of typhoid fever.

Charles Arnold rejoices the advent of a girl baby at his house, yesterday morning.

Assistant Supt. Harman was visible at western division headquarters on Monday.

The new turn table, an improvement over the broken one, has arrived and been placed in position this week.

Mr. John Archibald is building a neat and comfortable barn on his north Manchester street property, this week.

The reported loss of a hand by Frank Huddleston in an accident on the Elkhorn valley road proves a canard.

Mrs. Fred Bosworth of Cheyenne, Wyoming, was the guest of McCook relatives, close of last and first of this week.

Mrs. Straight arrived from Plattsmouth, Wednesday noon, and is the guest of her daughter Mrs. A. J. Jackson.

Conductor John Fay has rented the Dixon dwelling, lately vacated by Matt Lawler, corner of Dakota and Manchester.

Mrs. J. Hulaniski returned from her trip to Nevada, Iowa, on 5 Wednesday evening. Mr. H. went on 6 to meet her at Holdrege.

A boy baby put in an appearance at the home of William Bangers, Wednesday morning.

J. M. Callender has resigned his position as station agent at this place and a gentleman by the name of J. D. Robertson has taken his place.—Haigler Tribune.

Mrs. J. R. Roxby returned from McCook last week, having been called there to nurse Mr. Roxby, who met with an accident by which his eye-lid was badly cut.—Arapahoe Mirror.

The B. & M. have put in a platform south of town at the stock yards, and all passengers and baggage of the Imperial line are now transferred onto No. 4 there.—Culbertson Republican.

Frank Clary, yard master of the B. & M. yards at this place, is taking a vacation, and in company with his wife will spend several weeks visiting relatives and friends in Illinois.—Akron Republican.

Mrs. N. L. Cronkhite, who has just returned from an extended tour through Europe, was the guest of her daughter Mrs. J. H. Burns over Sunday, leaving for Hastings on 6, Sunday afternoon.

A recent dispatch from Trinidad, Colorado, announces the severe scalding of Engineer Howe in an accident. It is supposed that the Howe referred to is Luman N., formerly traveling engineer on the western division.

Master Mechanic Archibald arrived home, Saturday morning, from a trip up to the South Dakota Hot Springs. He brought with him a souvenir menu card of "The Evans" hotel of the date of October 13th, which is quite a patriotic curiosity both in mechanical construction and as to language.

Clyde Foster, one of the assistants at the depot, met with quite a painful accident Monday evening. While helping to load a barrel of dishes the barrel slipped and caught two fingers of the left hand between the barrel and the edge of the car. The nails were cracked, the skin torn loose from the nails and the fingers smashed up generally.—Franklin Republican.

Terry McAloon, who for several years past has been switch engineer in the B. & M. yards here, has been promoted by that company to the position of extra engineer on the western division. We congratulate Terry on the advancement but are sorry to lose him as a citizen of Akron, as the change will necessitate his moving to Denver. Dan Bohnstedt of Denver, takes his place.—Akron Republican.

The B. & M. railroad realizing the fact that Culbertson is destined to be the leading town in this part of the state, have just about completed here one of the finest depots on its line. The main building is 24x36 feet in size, the lower floor being conveniently divided into an office, waiting room and baggage room, and the second story is very well arranged into six nice rooms for the accommodation of the agent's family. The freight room at the east end is 24x36 feet in size. In all, it is an elegant building and a credit to the town of Culbertson.—Culbertson Republican.

The Evans house, Hot Springs, S. D., is now open for the reception of guests. This magnificent hotel erected at a cost of \$150,000 is built of pink sand stone, is five stories high, has steam heat, electric lights and all modern conveniences and is so arranged that there are no inside rooms. Its completion places Hot Springs on a par with any similar resort in the country. The Burlington route places at the disposal of the public a sanitarium and health resort second to no other. Low round trip rates to Hot Springs and Deadwood.
