

PASTOR Koenig's NERVE TONIC

WITH DANCE CURED! VILL. SAN ANDREAS, Cal., February, 1890.

My boy, 13 years old, was so affected by St. Vitus Dance that he could not go to school for two years. Two bottles of Pastor Koenig's Nerve Tonic restored his health, and he is now attending school again.

MICHAEL O'CONNELL.

Recommends it to Many.

SEYMOUR, Ind., Oct. 1, 1890.

My daughter became epileptic about five years ago through a fright. All physicians' treatment availed nothing, until I used Pastor Koenig's Nerve Tonic, which at once dispelled the attacks. It is the best remedy I ever used, and I have recommended it to many of such as are suffering from this dread disease.

MARIEA ZICKLER.

FREE—A Valuable Book on Nerve Tonic, and how to use it, sent to any address, and poor patients can also obtain this medicine free of charge.

This remedy has been prepared by the Reverend Pastor Koenig, of Fort Wayne, Ind., since 1876, and is now prepared under his direction by the

KOENIG MED. CO., Chicago, Ill.

Sold by Druggists at \$1 per Bottle, 6 for \$5. Large Size, \$1.75. 6 Bottles for \$5.

NO MORE BACKACHE

OREGON KIDNEY TEA

CURES ALL KIDNEY TROUBLES

Recently the following notice appeared in the San Francisco Chronicle:

"Judge S. had been sick only about two weeks, and it was not until the last three or four days that the malady took a serious turn. At the beginning of his illness he suffered from diabetes and stomach disorder. Later the kidneys refused to perform their functions and he passed quietly away. This ended the life of one of the most prominent men in California." Like thousands of others his untimely death was the result of neglecting early symptoms of kidney disease.

IF YOU are troubled with diabetes, gravel, or any derangement of the kidneys or urinary organs, don't delay proper treatment until you are forced to give up your daily duties; don't waste your money on worthless liniments and worse plasters, but strike at the seat of the disease at once by using the greatest of all known remedies, the celebrated Oregon Kidney Tea. It has saved the lives of thousands. Why should it not cure you? Try it. Purely vegetable and pleasant to take. \$1.00 a package, 6 for \$5.00.

"ANAKESIS" gives instant relief and is a reliable cure for Piles, Hemorrhoids, etc. Sold by Druggists or mailed free. Address: "ANAKESIS," Box 2416, New York City.

ORGANIC WEAKNESS AND PREMATURE DECAY IN THE MIDDLE AGE

Health restored by a course of Dr. Starkey's Compound Oxygen. Call or write enclosing a recent photograph of a regular specialist of many years' experience.

Address: THE DISINFECTANT, 235 W. 11th St., New York.

THE MILD POWER CURES.

HUMPHREYS' SPECIFICS.

Dr. Humphrey's Specifics are scientifically and carefully prepared Remedies, used for years in private practice and in the hospitals, and are the people with entire success. Every single Specific is a special cure for the disease named, and they cure without dragging, purging or reducing the system, and are in fact and deed the Sovereign Remedies of the World.

LIFE OF HUMPHREYS' SPECIFICS.

1—Fever, Congestion, Inflammation, etc.	.25
2—Worms, Worm Fever, Worm Colic, etc.	.25
3—Teething, Colic, Crying, Wakefulness, etc.	.25

KIKI'S DUSKY DIAMOND TAR SOAP

HEALTHFUL, AGREEABLE, CLEANSING.

For Farmers, Miners and Mechanics.

A PERFECT SOAP FOR ALKALI WATERS.

Cures Chafing, Chapped Hands, Wounds, Burns, Etc. A Delightful Shampoo.

WHITE RUSSIAN SOAP.

Specially Adapted for Use in Hard Water.

More than 500 delegates, representing 260 Baptist churches in Nebraska, are in attendance at the twenty-fourth annual convention of that church now in session at Omaha. It is a large and important body and stands for what is true and noble in the citizenship of the state. As in the case of Congregationalists, who met here last week, the people of Omaha will extend a hearty welcome to its guests without regard to denominational lines. The Baptist church is strong in Nebraska and its Young People's Union is an organization of great influence. It was in this state that this powerful society originated, and it is now spread all over the United States.—Bee.

LETTERS are pouring into the republican central committee of New York from the manufacturers of the state in answer to a circular completely verifying the truth of Commissioner Peck's celebrated report. The wages of labor and the products of the factories have greatly increased according to this signed testimony in 1891 and 1892, just as Mr. Peck was compelled to say from the statistics gathered by him from over six thousand great industrial establishments. Now they can put Peck in the penitentiary if they feel like it.—Journal.

WONDERFUL!

The cures which are being effected by Drs. Starkey & Palen, 1529 Arch St., Philadelphia, Pa., in Consumption, Catarrh, Neuralgia, Bronchitis, Rheumatism, and all chronic diseases, by their compound Oxygen Treatment, are indeed marvelous.

If you are a sufferer from any disease which your physician has failed to cure, write for information about this treatment, and their book of two hundred pages, giving a history of Compound Oxygen, its nature and effects with numerous testimonials from patients, to whom you may refer for still further information, will be promptly sent, without charge.

This book aside from its great merit as a medical work, giving, as it does, the result of years of study and experience, you will find a very interesting one.

Drs. STARKEY & PALEN, 1529 Arch Street, Philadelphia, Pa. Please mention this paper.

The car famine is probably not as serious as the reports would indicate. About every year reports are sent out but in a brief time the trouble passes away. It is only natural that the railroads should have means at hand to move all their freight in a short time.

Bucklen's Arnica Salve.

The best salve in the world for cuts, sores, bruises, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25c. a box. For sale by A. McMillen. May 23-19.

Dyspepsia and Liver Complaint.

It is not worth the small price of 75 cents to free yourself of every symptom of these distressing complaints, if you think so call at our store and get a bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for such a small amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by G. M. Cheney, druggist.

Children Cry for Pitcher's Castoria.

When Baby was sick, we gave her Castoria.

When she became a Child, she cried for Castoria.

When she became a Woman, she clung to Castoria.

When she had Children, she gave them Castoria.

Children Cry for Pitcher's Castoria.

THE railroad men are still struggling over the question of world's fair excursion rates, and the solution of the problem seems as far away as ever. The latest suggestion is that one way tickets only be sold, and that the rate be based upon one and a third fare for the round trip. The round trip tickets cause so much demoralization to business, through the operation of scalpers, that it is felt that some heroic measures are required to prevent a general collapse of rates not only to Chicago but to all principal cities of the country during the six months of the fair. The one way ticket virtually effects a general reduction in passenger fares during the exposition, but it is felt that travel will be stimulated to such an extent that the roads will find it a profitable way of dealing with the great problem.—Journal.

Energy Always Wins.

ATLANTA, Ill., March 6, 1892.

Queen City Silver and Nickel Plating Co., East St. Louis, Mo.

GENT: The Queen Plater beats anything I ever saw to make money. When I received it, I put in a brass ring to test it, and to my surprise it was nicely silver plated in five minutes. I made \$29.50 the first week, and \$47.85 the second week, and \$50.00 the third week. At the end of the first month I had \$197.45 clear profit. I now get all the knives, forks, spoons and jewelry one person can make, without going from home. I will let my son have the Plater I now have at home, and I am going out to sell Platers. I sold three today, at \$10.00 each, and did some plating besides. I sent \$20.00 today for four more Platers. I believe any enterprising person can make a grand success of this business.

Very respectfully,
J. C. BALDWIN.

If you want to make more clear money than you ever made in your life, send for circulars and price of the Queen Plater; for gold, silver, nickel, copper and brass plating; can be used by anyone. Plates beautiful and equal to the finest new work. Every class of goods or metals. Twenty dollars a day can easily be made. Address, QUEEN CITY SILVER AND NICKEL PLATING CO., 13 N. Main St., East St. Louis, Ill. Sept. 23-9mos.

A custard should never reach the boiling point or it will curdle.

Oh, What a Cough.

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourselves if you can afford for the sake of fifty cents, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million bottles were sold the past year. It relieves croup and whooping cough at once. Mothers do not be without it. For lame back, side or chest use Shiloh's Porous Plaster. Sold by A. McMillen.

The frequent use of a fine comb is fatal to the growth of hair.

A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse on Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with measles, followed with a dreadful cough and turning into a fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly until she was a mere "handful of bones." Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at A. McMillen's drug store.

The suit against Labor Commissioner Peck of New York has been dismissed for want of prosecution. The democrats made a great bluff in this case, but discovered that the buzz saw was in full motion.

Wisdom's Violet Cream

Is the most exquisite preparation in the world for softening and whitening the hands and face. Nothing enters the composition of this delightful toilet article which could prove injurious to the most delicate skin. It is not only a substitute for, but in every respect superior to glycerine, cold cream, vaseline and like other preparations. Being neither sticky or greasy, kid gloves may be worn immediately after applying it. For gentlemen's use after shaving it stands without an equal.

It acts by improving the softness, clearness and healthy tone of the skin, and its daily application tends to preserve it from the action of drying winds, sun, and extreme temperature. Try it.

During the past two years thirteen national banks in Nebraska and Kansas have failed. In the majority of these cases the failure was caused by crop failures. Short crops injure bankers as well as every other class of business men.

Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If "LaGrippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c. at A. McMillen's drug store.

John Swinton, the historian and editor, is dead and died in the harness. He has been employed on the New York Sun for years and was a man of ability and power as a student and writer.

There is no use of any one suffering with the cholera when Chamberlain's Colic, Cholera and Diarrhoea Remedy can be procured. It will give relief in a few minutes and cure in a short time. I have tried it and know—W. H. Clinton, Helmetta, N. J. The epidemic at Helmetta was at first believed to be cholera, but subsequent investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. This remedy was used with great success. For sale by G. M. Cheney, druggist.

A STATESMAN'S VIEW

OF WHAT THE MCKINLEY LAW HAS DONE FOR US.

New Markets Opened, Prices Advanced, Business Quickened—The Farmer, Manufacturer and the Workman Benefited.

(Special Correspondence.)

WASHINGTON, Sept. 5.—Secretary Foster of the treasury department, found a pleasant surprise awaiting him when he returned from Ohio. The chief of the bureau of statistics, although the weather has been very hot, had been rattling around among his figures while Secretary Foster was away, and was able to give him some interesting information about the effects of the McKinley tariff which even surpassed the expectations which Secretary Foster had formed as to the wonderful success of that measure and the remarkable prosperity of the country under it.

"It is a wonderful showing," said Mr. Foster reflectively, as he leaned back in his office chair and looked again at the totals and comparisons which Mr. Brock had laid before him. "I wonder what the tariff reformers can say to this. It is worth more than volumes of assertions based on theories. It shows that the last congress, when it revised the tariff, did its work intelligently."

"What years are taken for purposes of comparison?" asked the correspondent.

"The fiscal years ended June 30, 1890, and June 30, 1892. During the entire year ended June 30, 1890, the tariff of 1893 was in operation, and during the entire year ended June 30, 1892, the tariff of 1890 was operative."

"Can you give me a summary of the results of the comparison?"

"Yes, here it is:

REVENUE INCREASED.

"First—The revenue has been increased \$51,367,650.

"Second—There has been an increase in the total value of our foreign commerce of \$310,540,510, as compared with 1890, and an increase of \$400,357,384 over the annual average of the ten years prior to 1891.

INCREASED EXPORTS.

"Third—In 1892 the exports for the first time in our history exceeded a billion dollars, being \$1,050,278,030, which was \$172,449,346 more than in 1890, and \$265,142,533 in excess of the average annual value of exports for ten years prior to 1891.

"Fourth—The increase in exports of cotton over 1890 was \$7,492,449, and \$36,772,912 over the annual average for ten years.

"Fifth—The exports of breadstuffs of 1892 exceeded the value of the same exports in 1890 by the sum of \$144,437,190, and exceeded the average annual value for the ten years prior to 1891 by the sum of \$131,206,324.

"Sixth—The value of the exports of provisions in 1892 exceeded the value of like exports in 1890 \$4,097,653, and the average annual value for the ten years prior to 1891 by the sum of \$27,703,482.

"Seventh—The exports of cattle, sheep and hogs in 1892 exceeded the value of like exports during 1890 by the sum of \$3,211,031, and exceeded the average annual value of the same exports for the ten years prior to 1891 by the sum of \$20,288,071.

GOOD FOR THE FARMERS.

"Eighth—The combined value of exports of cotton, breadstuffs, provisions, cattle, sheep and hogs, all classed as agricultural products, of 1892 exceeded these exports of 1890 by the sum of \$159,238,323, and exceeded the average annual value of the ten years mentioned by the sum of \$215,965,639.

"Ninth—The exports of all other products in 1892 exceeded those of 1890 by the sum of \$11,199,860, and exceeded the average annual value of such exports for the ten years prior to 1891 by the sum of \$49,420,063.

"Tenth—The exports of manufactures in 1892 were \$3,384,337 in excess of light exports in 1890 and \$39,906,294 in excess of the annual average value of the ten years prior to 1891.

BALANCE OF TRADE FAVORABLE.

"Eleventh—The value of our imports in 1892 exceeded the value of the same in 1890 by the sum of \$38,091,164 and the average annual value of the ten years prior to 1891 by the sum of \$135,215,052.

"Twelfth—The value of free imports in 1892 exceeded the value of like imports in 1890 by the sum of \$192,332,143, and there was a decrease of dutiable imports amounting to \$154,240,979.

INCREASED FREE LIST.

"Thirteenth—The value of the free imports and also the percentage of the same in 1892 were the largest in the history of our commerce, so that trade is freer than ever before, and largely of such articles as are not produced in this country and which enter into the daily consumption of the people.

REDUCED TAXES.

"Fourteenth—The duty collected per capita of the population in 1892 was \$2.67, which was less than for any year since 1863 and 95 1/2 cents less than the annual average for the ten years mentioned.

"Fifteenth—There was a decrease in the imports of the manufactures of wool of \$21,016,553, of \$13,355,613 in imports of manufactures of iron and steel; in manufactures of silk of \$7,513,430; in manufactures of flax and hemp, etc., \$2,136,062; in manufactures of cotton, \$1,594,330; in tobacco, \$1,176,411—a total decrease of \$46,692,454, thus giving increased employment to persons engaged in these manufactures in this country and retaining many millions of dollars at home.

THE FARMERS' INCREASED HOME MARKETS.

"Sixteenth—By virtue of the new tariff the importations of horses, sheep, cattle, barley, oats, oatmeal, rye, eggs, vegetables, hops, flaxseed and tobacco during the year 1892 were \$20,041,495 less than in 1890, and that much more home market was given to our farmers.

"Seventeenth—The value of our ex-

ports of domestic and foreign merchandise exceeded the value of the imports in 1892 by the large sum of \$202,876,457.

"Eighteenth—The reciprocity of the new tariff act has opened new foreign markets, and our exports to the countries with which reciprocity relations have been established have increased by the sum of \$10,286,881.

"Nineteenth—Established industries have been stimulated and new industries started, which are giving employment to hundreds of thousands of men, so that great prosperity exists in all lines of trade, while in nearly every other country there is more or less depression.

"Twentieth—There has been a steady decline in prices of the necessities of life, as compared with prices prior to the adoption of the tariff act of 1890.

"Twenty-first—There has been an advance in wages.

"Twenty-second—The prices of farm products have increased since the passage of the tariff act of 1890 by 18.67 per cent."

A BUSINESS VIEW.

The Tariff Seen Through Business Spectacles.

(Special Correspondence.)

NEW YORK, Sept. 5.—As was predicted by its author, the McKinley tariff law is vindicating itself. Evidence to that effect is accumulating all the time. Thousands of people who condemned the "McKinley bill" when it was passed as being "a step too far" now frankly admit that they were mistaken, as many New Yorkers are also doing.

George W. Betts, of the firm of F. W. Devoe & Co., corner of Fulton and William streets, makes a most interesting statement as to the effect of the McKinley bill on his business. Messrs. Devoe & Co. are wholesale dealers in paints, oils and artist materials. They have been established since 1852, and have a very extensive trade, both domestic and foreign.

Mr. Betts is a typical independent. As such he has held more or less pronounced views on the subject of tariff reform.

"I confess that I was opposed to the McKinley bill when it was under consideration in congress," said Mr. Betts. "I thought it went too far and believed that the Republican party was making a serious mistake in passing it. I did not think that I should ever vote the Republican ticket again. Many of my friends who had Republican antecedents felt the same way. But since I have observed the actual operations of the McKinley law and its effect on the business interests of the country my views have changed.

"There are still many things in the McKinley bill that I believe could be improved; but take it as a whole, judging from results coming under my personal observation, I have no hesitation in saying that the law is a positive benefit to the country, and is a vast improvement over the legislation the Democrats have suggested to take its place. Take, for instance, the reciprocity and drawback clauses. Reciprocity is opening up the markets of Cuba, Jamaica, Porto Rico, Brazil, Mexico and other countries to the south of us. We are shipping more goods to these countries than ever before, and it is all on account of reciprocity.

"Under the reciprocity agreement our goods are admitted to these countries under a tariff 25 per cent. less than the commodities of England or any other country. That gives us a great advantage, and we are beginning to reap the benefit of it.

"Business is business the world over and merchants are going to buy their goods where they can get them the cheapest. If we can undersell our English and European rivals we will certainly gain the bulk of the trade of the countries to the south of us.

"I believe," added Mr. Betts, "many independent voters will vote the Republican ticket on account of reciprocity. There is very little politics in business. A business man will not support either party if he believes it is against his interests to do so. I would not myself.

"The drawback clause is another matter. Reciprocity gives us new markets in certain countries. The drawback clause in the McKinley tariff law is of almost equal importance, although it is less understood and appreciated. The drawback law enables our people to compete with the world. Under it we can import raw materials or manufactured articles from abroad and get all the duty back except 1 per cent. when we export them.

"This applies to every line of goods. There are many things we can make cheaper here than in England, and yet we can buy the raw material that enters into their composition for less money abroad. Thus by importing the material and making the articles here we can undersell England or any other country. The tariff is a business question. I am not a politician and have never been a partisan. In theory free trade is all right, but my observation has been that the theorist makes a very poor business man."

Every pension measure exception which has ever passed this house has been passed by Republican votes, and would not have passed if there had been none but Democrats in congress.—Hon. W. D. Owen in House of Representatives Aug. 8, 1890.

Sickles and Cockeran on the Soldier Vote.

It is well occasionally to recall that dramatic scene in the Chicago convention when Bourke Cockeran, in the midst of his fervid speech, declared that at least 25,000 Union veterans in New York state would not support Cleveland, and gray haired General Sickles rose in his seat and waving his crutch shouted, "Never! Never!"—Meriden Republican.

The people of the United States have sold to their foreign neighbors in the first year under the McKinley law over \$200,000,000 more in value than they have bought abroad. There is no other nation with such a record. Until adequate protection came this country never made such a record.

BURNED WHILE ASLEEP.

A Cleveland Man and His Wife and Two Sons Perish by Fire.

CLEVELAND, O., Oct. 27.—Fire early this morning destroyed the two story frame building at the corner of Central avenue and Harriet street owned by J. F. Vacha as a residence and store combined. James A. Shannon, a saloon keeper, and his family of three lived in the upper rooms, using the large front room as a sleeping apartment. They were asleep at the time and were all probably overcome by the smoke and perished and the four bodies were buried in the burned timbers. The older son, James, was 6 years old and John the younger, 4. Shannon's sister-in-law, Miss Sarah McGinty, lived with them, but attended a dance last night and had not returned when the fire occurred.

Flames in a Missouri Town.

St. JOSEPH, Mo., Oct. 27.—At 2 o'clock this morning fire did \$3,000 damage at Kingston. The burned buildings are Roloff's hardware store, the Masonic hall, Murray's millinery store, the Caldwell county bank and one dwelling.

Two Printers Asphyxiated.

CHICAGO, Oct. 27.—Two printers, Boris Goddard of Terre Haute, Ind., and John Glanser of St. Louis, Mo., were found dead in their room this morning. They were asphyxiated by escaping fuel gas.

Cass County Jurists Paroled.

KANSAS CITY, Mo., Oct. 27.—Judge Phillips has given a special parole to the three Cass county judges who have been in jail here for several months for contempt of court for refusing to make levy for the payment of the old Tebo and Neosho bonds. The judges will start for Cass county Saturday and will be permitted to remain there until the following Wednesday. They must hold a session of the court and submit a proposition to the voters of the county for a compromise, and must agree to make the levy if the compromise is approved by the voters. They are to do no other business of the county. These terms were accepted, and the judges will go home and try to bring the old matter to an end.

Duelist Milbank Dead.

LONDON, Oct. 27.—It is announced that Harry Vane Milbank, the duelist, who gained such notoriety through his connection with the Coleman Drayton-Borrowe scandal, died on Monday at Davosplatz, the capital of the district of that name in the canton of Grisons, Switzerland, a favorite summer and winter resort. He had been sick for some time and had gone to Davosplatz to seek to recover his health.

Will They Be Pardoned?

LONDON, Oct. 27.—At the cabinet council to-morrow, John Morley, chief secretary for Ireland, will present proposals for the release of all political prisoners in Ireland, and the ministerial decision will involve the question of granting amnesty to all the men who committed dynamite outrages of a few years ago, and who are now serving sentences in English prisons.

Stevenson Calls Upon Cleveland.

NEW YORK, Oct. 27.—General A. E. Stevenson, who arrived last night in company with General Ewing, of Illinois, drove this morning to the residence of Mr. Cleveland, and spent nearly two hours in consultation with him. Among the subjects under discussion is said to have been General Stevenson's forthcoming letter of acceptance.

Y. M. C. A. Delegates Meet.

LAWRENCE, Kan., Oct. 27.—The annual convention of the Y. M. C. A. of Kansas, Oklahoma and the Indian territory, began a five days' session here this afternoon. Fully 500 delegates are expected to be here during the week.

NEWS IN A NUTSHELL.

A New York undertaker is under arrest charged with stealing the clothes of a corpse.

J. A. Gustin, editor of the Moberly Democrat, is dangerously ill at his home in Egerton, Mo.

Prof. William Swinton, the well known author of school books that bear his name, is dead.

Rev. Benjamin Bivens, a colored minister of Georgia, has been sentenced to life imprisonment for murder.

Near Temple, Tex., a negro who attempted to assault a lady in her room, was pursued and shot to death by the lady's friends.

Ten Colorado coal mines not controlled by the Colorado fuel company, have combined under the name of the United coal company.

It is stated on good authority that the Prince of Wales and his son, the duke of York, will visit the Chicago Columbian exhibition.

The general merchandise store of C. J. Grant & Co. at Paul's Valley, L. P., was destroyed by fire. The loss will reach nearly \$50,000; insurance about \$26,000.

Manager John Havlin, the theatrical man, uses several labor organizations at Cincinnati for \$100,000 damage for strikes threatened boycotts against his business.

Twelve Apache warriors and one woman led by the notorious "Kid," are reported to have crossed the Arizona line into Mexico with fifty cavalrymen led by Lieutenant Bean in close pursuit.

Captain W. G. Veal was shot dead at Dallas, Tex., by Dr. R. H. Jones in the headquarters of the Confederate reunion, it is said for a wrong done Mrs. Jones 23 years ago and which she had never disclosed until recently.

The work shop and store house of the Indiana bicycling company, at Indianapolis, was burned after midnight with a large quantity of mineral, machinery and finished products. Loss about \$85,000; insurance, \$60,000.

The Santa Fe railway and several Boston capitalists have bought the Fort Worth, Tex., packing company's property. It is said that the new owners have control of 7,000 acres of land around the packery on which they will build a town.

THE railroad men are still struggling over the question of world's fair excursion rates, and the solution of the problem seems as far away as ever. The latest suggestion is that one way tickets only be sold, and that the rate be based upon one and a third fare for the round trip. The round trip tickets cause so much demoralization to business, through the operation of scalpers, that it is felt that some heroic measures are required to prevent a general collapse of rates not only to Chicago but to all principal cities of the country during the six months of the fair. The one way ticket virtually effects a general reduction in passenger fares during the exposition, but it is felt that travel will be stimulated to such an extent that the roads will find it a profitable way of dealing with the great problem.—Journal.

Energy Always Wins.

ATLANTA, Ill., March 6, 1892.

Queen City Silver and Nickel Plating Co., East St. Louis, Mo.

GENT: The Queen Plater beats anything I ever saw to make money. When I received it, I put in a brass ring to test it, and to my surprise it was nicely silver plated in five minutes. I made \$29.50 the first week, and \$47.85 the second week, and \$50.00 the third week. At the end of the first month I had \$197.45 clear profit. I now get all the knives, forks, spoons and jewelry one person can make, without going from home. I will let my son have the Plater I now have at home, and I am going out to sell Platers. I sold three today, at \$10.00 each, and did some plating besides. I sent \$20.00 today for four more Platers. I believe any enterprising person can make a grand success of this business.

Very respectfully,
J. C. BALDWIN.

If you want to make more clear money than you ever made in your life, send for circulars and price of the Queen Plater; for gold, silver, nickel, copper and brass plating; can be used by anyone. Plates beautiful and equal to the finest new work. Every class of goods or metals. Twenty dollars a day can easily be made. Address, QUEEN CITY SILVER AND NICKEL PLATING CO., 13 N. Main St., East St. Louis, Ill. Sept. 23-9mos.

A custard should never reach the boiling point or it will curdle.

Oh, What a Cough.

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourselves if you can afford for the sake of fifty cents, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million bottles were sold the past year. It relieves croup and whooping cough at once. Mothers do not be without it. For lame back, side or chest use Shiloh's Porous Plaster. Sold by A. McMillen.

The frequent use of a fine comb is fatal to the growth of hair.

A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse on Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with measles, followed with a dreadful cough and turning into a fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly until she was a mere "handful of bones." Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at A. McMillen's drug store.

The suit against Labor Commissioner Peck of New York has been dismissed for want of prosecution. The democrats made a great bluff in this case, but discovered that the buzz saw was in full motion.

Wisdom's Violet Cream

Is the most exquisite preparation in the world for softening and whitening the hands and face. Nothing enters the composition of this delightful toilet article which could prove injurious to the most delicate skin. It is not only a substitute for, but in every respect superior to glycerine, cold cream, vaseline and like other preparations. Being neither sticky or greasy, kid gloves may be worn immediately after applying it. For gentlemen's use after shaving it stands without an equal.

It acts by improving the softness, clearness and healthy tone of the skin, and its daily application tends to preserve it from the action of drying winds, sun, and extreme temperature. Try it.

During the past two years thirteen national banks in Nebraska and Kansas have failed. In the majority of these cases the failure was caused by crop failures. Short crops injure bankers as well as every other class of business men.

Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If "LaGrippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c. at A. McMillen's drug store.

John Swinton, the historian and editor, is dead and died in the harness. He has been employed on the New York Sun for years and was a man of ability and power as a student and writer.

There is no use of any one suffering with the cholera when Chamberlain's Colic, Cholera and Diarrhoea Remedy can be procured. It will give relief in a few minutes and cure in a short time. I have tried it and know—W. H. Clinton, Helmetta, N. J. The epidemic at Helmetta was at first believed to be cholera, but subsequent investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. This remedy was used with great success. For sale by G. M. Cheney, druggist.

A STATESMAN'S VIEW

OF WHAT THE MCKINLEY LAW HAS DONE FOR US.

New Markets Opened, Prices Advanced, Business Quickened—The Farmer, Manufacturer and the Workman Benefited.

(Special Correspondence.)

WASHINGTON, Sept. 5.—Secretary Foster of the treasury department, found a pleasant surprise awaiting him when he returned from Ohio. The chief of the bureau of statistics, although the weather has been very hot, had been rattling around among his figures while Secretary Foster was away, and was able to give him some interesting information about the effects of the McKinley tariff which even surpassed the expectations which Secretary Foster had formed as to the wonderful success of that measure and the remarkable prosperity of the country under it.
