

A HOPEFUL OUTLOOK.

THE MONETARY CONFERENCE MAY NOT BE A FAILURE.

SILVER'S PROSPECTS ARE BRIGHT.

A Favorable Committee Selected to Pass Upon de Rothschild's Proposition—The Plans of President Levi and Professor Sothbar Also to Be Considered—American Delegates Encouraged.

BRUSSELS, Nov. 30.—The committee appointed by the international monetary conference to consider the proposals of Alfred de Rothschild, which were presented to the conference yesterday, is made up as follows: Sir C. Freeman, Great Britain; Sir Guilford L. Molesworth, India; Henry W. Cannon, United States; M. de Folie, France; Signor Sianoli, Italy; C. F. Tietjen, Denmark; N. P. van der Berg, Netherlands; Hans L. Torsell, Sweden and Norway; Senor Osma, Spain; M. Cramer Necey, Switzerland; M. Sainetto, Belgium, and M. Raffalovitch, Russia. Alfred de Rothschild, Great Britain, and M. Montefiore Levi, president of the conference, are ex-officio members of the committee. The committee will also consider the plans suggested by M. Levi and Prof. Adolph Sothbar.

The plan of Mr. de Rothschild is, in brief, that a syndicate of the nations be formed to make yearly purchases of silver to the amount of 5,000,000 pounds sterling, and that America continue her purchases of silver as at present. In the event of the price of silver rising above 43d per ounce, the purchases are to be at once suspended.

Prof. Sothbar's plan is to establish a gramme of fine gold as the international unit of value and to stop the minting of coins containing less than 5.065 grammes of pure gold—worth about \$4. The circulation of coin of foreign countries of less than this standard will be prohibited by the countries signing the agreement and gold coin of inferior value will be withdrawn within five years. Private individuals will be allowed to coin gold on the payment of an agreed seigniorage. Gold certificates may be issued against gold held in reserve. The coinage of silver in the proportion of twenty units value of that metal to one of gold is included but private individuals will not be allowed free coinage of silver.

Of the committee that will consider the proposals five members are avowed bimetalists, six monometalists and one doubtful. The committee will sit twice each day.

The American delegates have strong reasons to be satisfied with the recognition by the advocates of monometallism of the seriousness of the dangers arising from a further fall in silver. They are disposed to support M. de Rothschild's proposals on the principle that half a loaf is better than no bread.

The American delegates believe that the continuous absorption of 30,000,000 ounces of silver by Europe would bring about artificially a condition of the silver market which international bimetalism could establish permanently and scientifically.

The delegates are combining some pleasure with their work, the interchange of dinners proceeding almost nightly. At the conclusion of the conference the burghomaster contemplates giving a grand municipal ball in honor of the delegates.

ROCK ISLAND OPERATORS.

They Decide to Have Increased Pay or Go on a Strike.

ST. JOSEPH, Mo., Nov. 30.—The committee of the Order of Railway Telegraphers which had been for two weeks working on a schedule of wages for Chicago, Rock Island and Pacific employes, completed its work yesterday and left last night for Chicago to present the schedule to the heads of the road. It calls for a minimum of \$45 per month on both main line and branches and for an increase of from \$5 to \$15 per month for all men now receiving \$45 or over. In all offices where but one operator is employed and when he is compelled to do extra work, pay is asked for at the rate per hour as is paid for regular work. For extra work done at night they ask one and one-third the scale paid for day work.

In case the request of the committee of telegraphers is not granted arrangements have been completed to order a strike over the entire Rock Island system.

DR. SCOTT DYING.

The White House Again the Scene of Deep Mourning.

WASHINGTON, Nov. 30.—The shadow of death was over the Executive mansion again to-day and the president and his family spent nearly the entire day at the bedside of Dr. Scott, the president's venerable father-in-law, awaiting the close of life, which, owing to the unexpected vitality displayed by the invalid, did not occur as soon as was anticipated.

Populists Will Dance.

TOPEKA, Kan., Nov. 30.—The state house gossips have decided that the People's party will give a "house warming" in the north wing of the capitol building, which has just been completed, and the corridor of which is just the place for an inaugural ball. Governor-elect Lewelling is contemplating moving his family to Topeka during his term and an inaugural ball will be the very thing to introduce them to the 400, provided the committee on invitations is properly chosen. It is hinted that all Republican state officials are to be boycotted when the invitations for the ball are given out.

Restricted Immigration Proposed.

NEW YORK, Nov. 30.—An evening paper says that the senate immigration committee has passed a resolution that congress be asked to restrict immigration to this country from March 1, 1903.

FRANCE IN A GRAVE CRISIS

The Fall of the Ministry Causes the Deepest Misgivings in Paris.

PARIS, Nov. 30.—Newspapers and statesmen alike agree that the crisis which was precipitated yesterday by the resignation of the ministry as a result of the Panama canal scandals is the worst for years and the Republic Française declares that it will best serve the interests of the enemies of the republic. It is feared by the friends of the present regime that no man is strong enough to face the rising tide and pilot Republican France amid the dangerous rocks of socialism, anarchy, monarchism and clerical reaction.

President Carnot held a conference with M. Loubet this morning and summoned M. Floquet, president of the chamber of deputies, and Senator Le Royer to consult with them on the situation. It is reported that if M. Brisson declines to form a ministry, President Carnot will ask M. Tirard or M. Bourgeois, former ministers, to undertake the task. It is certain that M. de Freycinet, M. Ribot and some other members of the Loubet ministry will be in the new cabinet.

The resignation of the ministry will have the effect of making a post mortem examination on the body of the Republic possible while it is in a recognizable state, and it is rumored that a party of men have gone to Nivernais with a do, to intending to forcibly exhume Reichsach's body and have an autopsy made.

TO OFFSET THE GRAND ARMY.

A New National Order of Veterans Formed in Kansas by Populists.

TOPEKA, Kan., Nov. 30.—"The Boys in Blue" is the name by which an ex-Union soldiers' organization will be known, which will be a rival of the Grand Army of the Republic. For months past the old soldiers in the People's party have been quietly at work perfecting the plan for their organization and the charter was filed today. It will be a national order and A. J. R. Smith, of this city, who seems to be the prime mover in the scheme, said that organizations would be effected at once in ten states and that more than fifty companies had already been formed in Kansas. The plan of the organization will be similar to that of the army.

The board of trustees consists of the following ex-union soldiers of this city: E. D. Moore, a printer; W. C. Ely, a schoolmaster; A. J. R. Smith, editor, and H. W. Parker, farmer. All are members of the People's party. It is claimed that of the 80,000 Union soldiers in Kansas only 20,000 belong to the Grand Army of the Republic and, irrespective of politics, the 60,000 will be invited to join "The Boys in Blue."

NO RISE IN ANTHRACITE.

Eastern Producers Decide Not to Change Prices—Railroad Presidents Testify.

NEW YORK, Nov. 30.—The Western and Eastern anthracite coal sales agents at their meeting in this city today decided not to change December prices. The trade at the West was said to be in fair condition.

PHILADELPHIA, Nov. 29.—To the congressional committee investigating the coal railroad combine President McLeod of the Reading declared that if there was no concert of action among coal producers the market would quickly become overloaded, many individual mine owners would be ruined and miners' wages would be lowered. He declared that his road had never before secured a reasonable profit in the market for its coal. Efforts to ascertain the rate of traffic for anthracite failed.

President Wilbur of the Lehigh Valley railroad declared that anthracite rates were higher than those for miscellaneous traffic and that there was more profit in moving the coal. He agreed with Mr. McLeod that the result of lack of concert of action would be disastrous to small producers.

LUMPY JAW CURABLE.

Experiments With Infected Cattle in Chicago Prove Perfectly Satisfactory.

CHICAGO, Nov. 30.—Eighty head of cattle from the Riverdale distillery, several of which were hopelessly diseased from lumpy jaw, while the rest are perfectly healthy or slightly affected with lumpy jaw, had been kept with the others to test the theory of contagion and had been treated for from two to three months, were slaughtered today. Of the first thirty not one showed the slightest sign of disease. All were passed upon by the government experts as absolutely satisfactory. The cattle mildly affected had been cured, while the healthy ones had not suffered in the least from the exposure with the hopeless cases.

Diphtheria in Southwest Missouri.

NEVADA, Mo., Nov. 30.—Several new cases of diphtheria are reported in Center township, two new cases at Arthur, and one death at Balltown and one death in Nevada yesterday. Every precaution is being used to prevent the disease from spreading. There is no need yet for alarm, as the sanitary condition of this city is good.

St. Joe Society in a Flutter.

ST. JOSEPH, Mo., Nov. 30.—The grand jury indicted some of the leading men and women of the city on the charge of renting houses to disreputables. Among those indicted were Stephen Woodson of the Saxton national bank, brother of ex-Governor Silas Woodson, and Mrs. Rachel Fleming, a well known society leader.

Ex-Senator Fitch at Rest.

LOGANSPORT, Ind., Nov. 30.—Ex-United States Senator G. L. Fitch died in his home in this city at 6 a. m. today, aged 62. Two daughters, Mrs. Denby, wife of Colonel Denby, United States minister to China, and Mrs. Dr. Asa Coleman of this city survive him.

Not a Younger Outlaw at All.

STILLWATER, Minn., Nov. 30.—Cole Younger to-day denies the truth of the Rev. William Wilson's statement made in the Texas penitentiary relative to his being a member of the Younger gang. He never knew him and claims he is an impostor seeking notoriety.

A KANSAS LYNCHING

A NEGRO HANGED BY COLORED MEN AT HIAWATHA.

COMMODORE TRUE THE VICTIM.

He Faultily Stabbed W. Waltham to Death at a Colored Thanksgiving Festival—Fifteen Men Attacking the Jail and Overawe the Officers—The Corpse Huddled With a Bullet—The Deed Upheld.

HIAWATHA, Kan., Nov. 30.—Commodore True, the negro who stabbed W. Waltham to death at a colored festival Thanksgiving night, was lynched this morning by colored men after the sheriff and his deputy had fired several ineffectual shots at them.

At 2 o'clock this morning fifteen colored men appeared from the shadows of the lumber piles, coal sheds and freight cars where they had spent the greater part of the night waiting until the town awoke, and held a brief consultation on the Union depot platform. A bottle of liquor was passed around, the last of several gallons, to nerve up the men who were armed with guns and revolvers. They then proceeded to the jail, where they were joined by a number of white men. Amid yells the door was almost battered to pieces.

THE SHERIFF PLEADS IN VAIN.

The sheriff heard the first yell, and opening a window faced what had become a mob. "Men," the officer said, "what do you want?"

"We want the colored gentleman," said the leader.

The sheriff begged the mob to go away and allow the law to take its course. Finally the mob's patience wore out and some one in the crowd put a stop to argument by crashing a plank through the door.

Instantly the sheriff and his deputy opened fire, but no one was hit, and all the negroes rushed into the house. The officers rushed down the stairs to meet them, but were covered by a dozen guns.

"Put 'em down!" cried the sheriff, but the words were lost in a roar, and to save his life he huddled over the keys and was forced to get a light and lead the way to the cell of True.

True had heard the noise and was up and dress with the exception of lacing his shoes. A rope was placed about his neck and, with terrible yells from his executioners, he was led into the court yard. On he slipped and fell. Three or more negroes pounced upon him and beat him until the leader stood over him with his revolver. The yard was full of trees, but he was taken to several before a suitable one was found. The temporary gallows was finally selected near the center of the park, within a dozen steps of the court house.

NO MERCY SHOWN.

The wretch, if he whimpered at all, was not heard in the tumult. The fire bell had rung and a crowd had collected.

Standing in the moonlight, staring certain death in the face, True mumbled: "Well, boys, I hope you will all live long and happy and I'll meet you in heaven."

"Or hell, you mean," was the correction offered by a dozen or more. The victim shuddered and mewed, and one of his captors warned him not to stir or he would shoot him. "I didn't budge," the wretch replied. Some one pulled on the rope which had been passed over a limb. There was a great silence and then another gave a pull that jerked the murderer off his feet.

"Let me pray," the doomed man cried as he choked, but his words seemed to enrage his lynchers who grasped the rope and pulled until his body dangled in the air.

Then some one fired a bullet into the body and all the others did the same. Fully fifty bullets were buried in the corpse. The fusillade of bullets was so wild that windows in the shops across the street were broken or more.

The work done, the crowd dispersed. The body hung to the tree until 7:30 o'clock, when it was cut down by order of Judge Herbert.

THE LYNCHING UPHELD.

Thanksgiving night True misbehaved at a colored festival and was put out of the hall by W. Waltham. He managed to get back into the place, and seeing Waltham stabbed him to the heart with his pocket knife.

The lynching was not unexpected, for it has been threatened ever since. Recent actions in the district court which resulted in the acquittal of Mrs. Bradley, charged with child murder, with the continuance several times of the case of another accused and the giving of six months in the county jail to another, while a man who stole a horse got six years in the penitentiary had aroused the people. The whites who witnessed the hanging in no way tried to prevent it, nor did they take any part. The general sentiment rather upholds the tragedy on the ground that it is no more shameful than the outcome of many cases in court.

Thumped His Truancer.

EL RENO, Ok., Nov. 30.—W. R. Kirkpatrick was considerably disfigured yesterday afternoon in an encounter with Captain Levey of the town site board, who had, it is alleged, been helping the cause of the Oklahoma Homestead and Town company of which ex-Governor Crittenden of Missouri is president and George W. Glick of Kansas, vice president. Levey accused Kirkpatrick of circulating stories against him. Kirkpatrick, who was seated, denied this and Levey struck him twice before he could be stopped. Levey was fined.

Mr. Harrison May Write a Book.

INDIANAPOLIS, Ind., Nov. 30.—It is reported that after March 4 next President Harrison will return here and renew his law partnership with Miller, Elam and Winters, but he will appear in court only on cases of great importance. He proposes to visit Europe to study economic conditions with a view to writing a book on the American tariff.

THE NORTH DAKOTA ELECTION

Its Result Rests on the Legality of the Indian Vote.

BISMARCK, N. D., Nov. 30.—Official returns have been received at the office of secretary of state from all counties in the state except six—Billings, Bottineau, Emmons, McIntosh, Pierce and Taylor. The figures on the counties heard from give the Weaver electors 250 majority. Private advices from the counties not yet officially reported show the Harrison electors to have a majority of fifteen. Emmons and Bottineau counties have both been held back on account of contests. In Bottineau county Michaels is contesting Haverford's seat to the legislature, claiming that the 120 Indians in that district had no right to vote. These two counties will figure materially in determining the complexion of the electoral vote of this state. If the Emmons county board is sustained, and it is decided that the Indians had a right to vote, the electoral vote of the state will go for Harrison. Otherwise it will be for Weaver.

More Missouri Returns.

JEFFERSON CITY, Mo., Nov. 30.—Secretary of State Lesueur has cast up the vote for judges of the St. Louis and Kansas City courts of appeals. In the St. Louis district the vote was as follows: W. H. Bond, D., 123,823; W. L. Walla-e, R., 109,452; E. E. Ritchey, P., 13,265. The totals for the Kansas City district were as follows: J. L. Smith, D., 169,411; John B. Haler, R., 118,646. Judge Smith's name was on both the Democratic and Populist tickets.

The constitutional amendment concerning the relief of disabled and crippled firemen was carried by the following vote: For 104,507; against, 84,039.

The Wyoming Legislature.

CHEYENNE, Wyo., Nov. 30.—The final count of the Carbon county vote makes the legislature Republican on joint ballot, which will insure the election of a Republican to the senate. It is said, however, that Democrats and Populists, who have control of the lower house, will unseat a number of the Republican elects before consenting to meet in joint session, so as to elect a Democratic or Populist senator.

Accidentally Killed His Brother.

LIBERTY, Mo., Nov. 30.—About 1 o'clock yesterday afternoon two sons of Strother McGinniss, living near Mosby, Clay county, were out in the woods hunting. The elder of the two, 16 years of age, was walking in front, carrying the gun on his shoulder. It suddenly went off and tore the top of the younger boy's head off, killing him instantly.

Eighty Rounds and a Draw.

NEW YORK, Nov. 30.—The fight at the Coney Island athletic club between Costello and Gregrains, lightweights, was decided a draw at the end of the eighth round. Neither man seemed to have any apparent advantage. The fight lasted five hours and twenty minutes, and was quite tame. The purse was divided.

Drowned Herself in the Well.

ST. JOSEPH, Mo., Nov. 30.—Early yesterday morning Miss Dorothea Ellis, the 16-year-old daughter of Daniel Ellis, a wealthy farmer residing near Gara, arose from her bed, went out of doors and jumped into a well where she drowned. She was convalescing from a fever and it is supposed her brain was affected.

Knocked Out the Anti-Trust Law.

TOPEKA, Kan., Nov. 30.—In the United States district court yesterday, Judge Riner handed down a decision completely knocking out the government in the suit against the Trans-Missouri traffic association, and practically annulling the anti-trust law.
